100,000
gallons
a year!

The EPA estimates that nationwide landscape irrigation accounts for almost one-third of all residential water use – more than **9 billion gallons** of water per day! It also estimates that **35.2 million tons** of yard trimmings were generated in 2017, the third largest component of municipal solid waste landfills.

A portion of your purchase is donated to address the **GLOBAL SAFE WATER CRISIS**
