Overview

TIG a Converge Company offers the best-in-class technology products with an emphasis on service and support that is unsurpassed in the industry. TIG has 38 years of experience and serves many public sector customers, both large and small, throughout the United States and Canada. TIG's Business Analytics and Big Data Practice has multi-threaded capabilities that leverage TIG's Integration roots along with Business Intelligence, Data Warehousing, and Big Data expertise and couples it with advanced statistical techniques. We do this through meaningful added value analytics. Areas of focus always include People, Process and Technology. TIG's background in cognitive science, statistics, economics, and geographic modeling has enabled our success in solving complex business problems for a variety in industries. TIG has been bringing new techniques and data types to market for over 20 years with unparalleled success.
