Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the possible addendums.

Terms and Conditions

All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include **manufacturer's minimum standard warranty** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately five (5) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base five-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that Award Notifications are anticipated as published in the Solicitation

Example: *If the anticipated award date published in the Solicitation is May 22, but extended negotiations delay award until June 27, The end date of the resulting initial “five-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2025.*

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation's Anticipated Award Date plus five years.

Example: *If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025.*

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: *If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026.*

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned

Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at tipspo@tips-usa.com.

Remember this is a MINIMUM discount percentage. So, be sure that the discount percentage inserted here can be applied to ANY OFFERING OF GOODS OR SERVICES THROUGHOUT THE LIFE OF THE CONTRACT

CAUTION: BE CERTAIN YOU CAN HONOR THIS MINIMUM DISCOUNT PERCENTAGE ON ANY OFFERED SERVICE OR GOOD NOW OR DURING THE LIFE OF THE CONTRACT.

38 Yes - No

Vendor agrees to remit to TIPS the required administration fee or, if resellers are named, Vendor agrees to guarantee the fee remittance by or for the reseller named by the vendor?

The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated damages, attorney's fees, waiver of vendor's liability, and waiver of statutes of limitations clauses should also be deleted or qualified with "to the extent permitted by the Constitution and laws of State of Texas."

Introduction: Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district.

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school:

(a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

NONE (Section A) of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

OR

SOME (Section B) or all of the employees of Contractor and any subcontractor are covered employees. If this box is checked, I further certify that:

(1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.

(2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify the District in writing within 3 business days.

(3) Upon request, Contractor will provide the District with the name and any other requested information of covered employees so that the District may obtain criminal history record information on the covered employees.

(4) If the District objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at the District.

Noncompliance or misrepresentation regarding this certification may be grounds for contract termination.

89 Choice of Law clauses with TIPS Members

If the vendor is awarded a contract with TIPS under this solicitation, the vendor agrees to make any Choice of Law clauses in any contract or agreement entered into between the awarded vendor and with a TIPS member entity to read as follows: "Choice of law shall be the laws of the state where the customer resides" or words to that effect.

90 Venue of dispute resolution with a TIPS Member

In the event of litigation or use of any dispute resolution model when resolving disputes with a TIPS member entity as a result of a transaction between the vendor and TIPS or the TIPS member entity, the Venue for any litigation or other agreed upon model shall be in the state and county where the customer resides unless otherwise agreed by the parties at the time the dispute resolution model is decided by the parties.

9 1 Automatic renewal of contracts or agreements with TIPS or a TIPS member entity
This clause **DOES NOT** prohibit multiyear contracts or agreements with TIPS member entities. Because TIPS and TIPS members are governmental entities subject to laws that control appropriations of funds during their fiscal years for contracts and agreements to provide goods and services, does the Vendor agree to limit any automatic renewal clauses of a contract or agreement executed as a result of this TIPS solicitation award to not longer than "month to month" and at the TIPS contracted rate.

9 2 Indemnity Limitation with TIPS Members
Texas and other states restrict by law or state Constitution the ability of a governmental entity to indemnify others. TIPS requires that any contract entered into between a vendor and TIPS or a TIPS Member as a result of an award under this Solicitation limit the requirement that the Customer indemnify the Vendor by either eliminating any such indemnity requirement clauses in any agreements, contracts or other binding documents **OR** by prefacing all indemnity clauses required of TIPS or the TIPS Member entity with the following: "To the extent permitted by the laws or the Constitution of the state where the customer resides, ".
Agreement is a required condition to award of a contract resulting from this Solicitation.

9 3 Arbitration Clauses
Except for certain circumstances, TIPS forbids a mandatory arbitration clause in any contract or agreement entered into between the awarded vendor with TIPS or a TIPS member entity. Does the vendor agree to exclude any arbitration requirement in any contracts or agreement entered into between TIPS or a TIPS member entity through an awarded contract with TIPS?

9 4 Required Vendor Sales Reporting
By responding to this Solicitation, you agree to report to TIPS all sales made under any awarded Agreement with TIPS. Vendor is required to report all sales under the TIPS contract to TIPS. If the TIPS Member entity requesting a price from the awarded Vendor requests the TIPS contract, Vendor must include the TIPS Contract number on any communications with the TIPS Member entity. If awarded, you will be provided access to the Vendor Portal. To report sales, login to the TIPS Vendor Portal and click on the PO's and Payments tab. Pages 3-7 of the **Vendor Portal User Guide** will walk you through the process of reporting sales to TIPS. Please refer to the TIPS **Accounting FAQ's** for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. As a one to one learning resource students in the same class can work at their own pace at a level that is appropriate for each student while providing teachers and administrators valuable real time information for progress monitoring, appropriately grouping students in blended classroom environments and providing a truly Individualized Learning model.

Ascend Math Study Plans are aligned to Texas Essential Knowledge and Skills. Students utilizing Ascend Math have a proven track record of increased performance in STAAR. For example in Kilgore Texas, students who did not pass STAAR in 2018 used Ascend Math for the 2018/19 school year. After using Ascend Math 64.5% of the students showed at least one year's growth in STAAR.

Active Rotation Model

A personalized learning model may be viewed as an active rotation model which supports a concept that assessments are utilized *for* directing learning not simply assessments *of* learning. The purple and yellow zones in the diagram below illustrates the interaction between teaching and activities while students are in control of their own pace and path of learning. In all cases there is data available to improve learning outcomes rather than simply prove these outcomes.

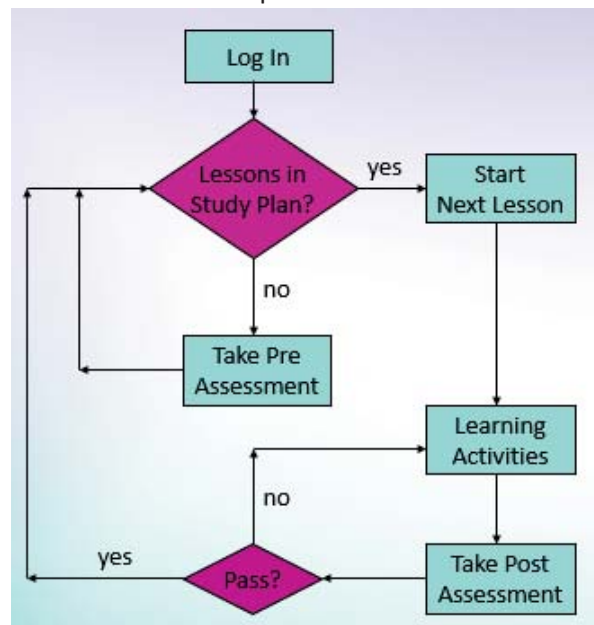

In a personalized learning environment, the learners themselves are responsible for determining one of the following: time, place, path and/or pace of learning.

Ascend Math Architecture

At the initial login, Ascend Math presents students with an adaptive Level Recommendation Assessment or Screener. Assessment items are dictated by grade level according to rigorous state standards. During the assessment, each question varies in difficulty based on student response. At the conclusion, students will begin in Ascend Math at the functional level recommended by Ascend Math as outlined by the state standards. By identifying the starting level of each student, students working on Ascend Math begin to see success immediately and are highly motivated to succeed. Students are directly responsible for determining their starting place in Ascend Math based on their performance of the Level Recommendation Assessment.

Once placed, students automatically build their own path of study based on ongoing and continual assessment results. Ascend Math automatically differentiates instruction and assigns each student an individual education path based on individual needs.

Ascend Math’s architecture is as follows:

Ascend Math’s study plans are divided into manageable units of study. For each unit, students receive a pre-assessment. Any learning objective in which a student shows proficiency is automatically removed from the study plan. A student is then directed to the first lesson in sequence in the study plan. The student must show mastery for a learning objective before moving on to the next lesson in sequence in the study plan. Once the student successfully completes all the learning activities in a unit, the student moves on to the pre-assessment in the next unit in the study plan. Since students must successfully complete learning objectives before they are automatically directed to the next activity in their path, students have direct responsibility over the pace and path of learning.

If a student shows mastery on a pre assessment, then the learning objective is automatically removed from the student’s study plan; therefore the student is only directed to areas in which he needs improvement. Assessments are presented continually throughout the learning path so teachers and administrators can be sure that students’ learning plans are personalized and they are always working on what they need next in a logical math sequence. Furthermore, successful completion of post assessments ensure that students have a full understanding of foundational material before they move on to the next learning objective.

Pre Assessments differentiate Each Student’s Plan

Below is a representative sample of pre-assessment results. Note the students all working on different skill gaps within each level. Ascend addresses competencies at the objective level.

Legend:

Student has not shown proficiency on pre assessment – becomes part of student’s individual, logically sequenced study plan	Student has shown proficiency on pre assessment – not part of student’s study plan

Learning Path

The learning path is clearly defined and connected. That is, there is an integrated learning experience that is not disjointed, obtuse, or non-sequential.

Ascend Math directs students to learning activities based on assessment results. Thus in Ascend Math each student’s study plan is defined automatically and continually. A sequential structure is present throughout math. Ascend Math utilizes this by teaching subjects in a logical sequence,

e.g. a student whose skill set does not include multiplication of fractions, must first master multiplication of whole numbers before he has the ability to successfully master fraction-multiplication. As students achieve mastery in math, they become better problem solvers on a broader scale. Math prepares students for critical thinking in the real world in preparation for the rest of their lives. Ascend offers critical thinking at all levels, allowing creation of meaningful connections within mathematics.

Progress – From the Students Point of View

Students track their own progress by viewing the student progress page, which is available on each student’s home screen by clicking the “reports” button. The student can see how much time he spent mastering each objective, as well as how much time he spent total working in Ascend. The student progress page helps them manage their time by providing time worked yesterday, this week and the previous week.

Students can review previously mastered objectives from their progress page.

Actively Supervised Learning

The learning is actively supervised: This means that learners are regularly assessed, engaged in the multi- media environment, and have opportunities for re-teaching and remediation by educators when skills are clearly not developing as projected.

The key to successful personalized learning lies in weaving together direct teacher instruction with the computer based instruction. Ascend empowers teachers to do so by offering at-a-glance reports allowing for active supervision.

Group Instructional Models

Ascend Math Provides tools for teachers to effectively group students to differentiate instruction for whole and small group instruction utilizing a combination of digital, print based and project based learning resources. One popular model is a station rotation model as illustrated below.

Tool to Guide Group Instruction – Live Student Tracker

Ascend Math's Live Student Tracker provides real time information for what is happening in a class at any point in time. For example, see below, teachers may sort the Live Student Tracker by the student's current Unit, the teacher notices that 5 of her students are working on objectives in the unit Elementary Division. The teacher may now choose to follow up with small group instruction.

Teachers may print study guides at any time on demand to support group instruction.

This will allow teachers to address each learner by planning tasks that are interesting, relevant, and powerful because Ascend Math resources

provide information on where each student is in knowledge, skill, and understanding and where he or she needs to move. Teachers may easily differentiate instruction to facilitate that goal and utilize a rotation model or engage in one to one instruction.

Teacher Guides

Resources include Teacher Guides “Ascend Math Compasses” that provide lesson specific guidance for small group instruction and project-based learning (hands-on, technology simulations, guided practice).

Ascend Math Compasses also contain math vocabulary, strategies for developing math conceptual knowledge and questions to check for understanding that will encourage students to speak about math

Objective, Purpose, and Objectives	Prior Knowledge Needed
<p>The purpose of this lesson is to build student knowledge on comparing whole-number quotients of whole numbers.</p>	<p>The student should know: "division," "quotient," "divisor," "numerator," "array," "group."</p>
<p>Lesson Objectives The explore activity provides practice for dividing whole numbers and whole number divisors. The activity begins with an interactive array model that compares the quotient and remainder (if applicable) of the division number sentence. The array for division equations is applied to the right of the interactive array model. There is also a brief explanation of how many groups the quotient can be divided into, as well as how many in each group. The quotient of the division equation can be thought of as the number of groups that can be made. The green number represents the quotient and the blue number represents the divisor. In the green circle to the right of the array, the blue area will change to represent the corresponding array to the division equation. The red area represents the remainder of the division equation. To determine a remainder in the array, imagine the green circle so that there are not any red blocks. Take a new dividend or the whole ten to use the hundred and thousandth to begin a new equation.</p>	<p>Checking for Understanding To check for student understanding, what math operation are we using? What is the dividend and divisor? Name the whole number quotient. How many groups can the dividend be evenly divided into? How many are in each group? How can you use an array to complete the quotient?</p>
<p>Assessment Activities The same division can be established using an array model and model groups model. Provide students with a division equation. Students can name the equation in two different methods. In the array model the student will count out a total number of square tiles equal to the dividend. The student will then arrange an array with the square tiles. The student will compare a range of all the square tiles. The number of columns of the array must match the divisor of the division equation. To find, the student can select any column of the array and count the number of square tiles. This is the quotient. In the model groups model, the divisor determines how many groups will be needed for the equation. The student will count out the number of paper groups equal to the divisor. The student will count out the number of whole items equal to the dividend. The student will place a paper in each group and compare the groups and all the items have been used. Select one group and count how many items are in that group. This number is the quotient. Division equations can be written on dry-erase boards.</p>	<p>Checking for Understanding "What basic 'natural paper groups' square did they 'any' items have? 'Any' more numbers? 'Any' more items?"</p>
<p>Math Vocabulary Dividend - the number we are dividing. Divisor - something or object into equal parts. Quotient - the number we are dividing by. Equation - a mathematical sentence that can be solved. (It is an equation that has expressions on each side.) Product - the result or answer from multiplying. Quotient - the answer.</p>	

Technology Manipulatives

Utilizing technology manipulatives, students working on like learning objectives and units allows students to work through problems together and providing opportunities to speak about math. Ascend Math technology manipulatives may be accessed on interactive boards.

Engage in Project Based Activities

Ascend Math Guides suggests projects for hands on learning. Ascend Math real time reports indicating what is up next in students' learning paths allow teachers to group students working on similar standards. Students are working on projects that are relevant to their progress in Ascend Math.

Optional Customized Pathways

In addition to the Ascend's prescriptive study plan, teachers may choose to utilize the Assign Objectives feature: This provides teachers and school administrators the ability to easily search by standard and then assign objectives outside of a student's automated study plan. Based on students' needs objectives may be assigned to an entire class or selected students. Once students complete their assigned objective, they are directed back to their automated study plan.
