## Terms and Conditions

If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

### Warranty Conditions

All new supplies equipment and services shall include ***manufacturer's minimum standard warranty*** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

### Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

### **Agreements**

Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion.

### **Tax exempt status**

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

### **Assignments of Agreements**

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

### **Disclosures**

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

### **Term of Agreement and Renewals**

The Agreement with TIPS is for approximately three (3) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base three-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

**“Start Date” for Term Calculation Purposes Only:** Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that Award Notifications are anticipated as published in the Solicitation

**Example:** *If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 The end date of the resulting initial “three-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2023.*

**“Termination Date”:** The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation's Anticipated Award Date plus three years.

**Example:** *If the original term is approximately three years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original three-year term shall be May 31, 2023.*

**Extensions:** Any extensions of the original term shall begin on the next day after the day the original term expires.

**Example Following the Previous Example:** *If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2024.*

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

**Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.**

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

**Shipments**

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

**Invoices**

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

**Payments**

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

**Pricing**

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

**Participation Fees and Reporting of Sales to TIPS by Vendor**

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned

Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

### **Reporting of Sales to TIPS by Vendor**

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at [https://www.tips-usa.com/vendors\\_form.cfm](https://www.tips-usa.com/vendors_form.cfm) and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at [accounting@tips-usa.com](mailto:accounting@tips-usa.com). The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at [tips@tips-usa.com](mailto:tips@tips-usa.com) or call (866) 839-8477 if you have questions about paying fees.

### **Indemnity**

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

#### **TIPS Member Purchasing Procedures**

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at [tipspo@tips-usa.com](mailto:tipspo@tips-usa.com).

The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated damages, attorney's fees, waiver of vendor's liability, and waiver of statutes of limitations clauses should also be deleted or qualified with "to the extent permitted by the Constitution and laws of State of Texas."

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. (a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

**NONE (Section A)** of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

**OR**

(3) Upon request, Contractor will provide the District with the name and any other requested information of covered employees so that the District may obtain criminal history record information on the covered employees.

(4) If the District objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at the District.

Noncompliance or misrepresentation regarding this certification may be grounds for contract termination.

**7** **Texas Business and Commerce Code § 272 Requirements as of 9-1-2017**

**8** SB 807 prohibits construction contracts to have provisions requiring the contract to be subject to the laws of another state, to be required to litigate the contract in another state, or to require arbitration in another state. "Construction contracts" are for the design, construction, alteration, renovation, remodeling, or repair of any building or improvement to real property, or for furnishing materials or equipment for the project. The term also includes moving, demolition, or excavation. BY RESPONDING TO THIS SOLICITATION, AND WHEN APPLICABLE, THE PROPOSER AGREES TO COMPLY WITH THE TEXAS BUSINESS AND COMMERCE CODE § 272 WHEN EXECUTING CONTRACTS WITH TIPS MEMBERS THAT ARE TEXAS GOVERNMENT ENTITIES.

# Overview of NSTA District Programs and Services

- **Picture-Perfect Science** Program (K-6)
- **Eureka! Science** (K-6)
- **Think Like a Scientist** Interactive e-book Series (K-6)
- **Next Time You See** Classroom Library Program (3-6)
- **Uncovering Student Ideas in Science** Formative Assessments Series (K-12)
- Corresponding onsite and online professional learning opportunities that support elementary literacy / science, as well as implementation of three dimensional learning, is available for all of these programs.
- **Argument-Driven Inquiry**
- **NSTA Partner School Program**

The following narrative explains how each element of NSTA's overall program supports the Science and English Language Arts standards. The programs are unique in their deliberate design to integrate ELA and science in a way that enables elementary teachers to provide instruction in both subject areas at the same time.

## Picture Perfect Science

The Picture-Perfect Science program, which encompasses both Science and STEM, was developed to help K-6 teachers integrate science and reading in an engaging, kid-friendly way. It also emphasizes the intersection of science, technology, engineering, and math in the real world, and uses hands-on activities as a way for the student to test their observations. Based on the 5E instructional strategy and including embedded reading strategies, each lesson is chockfull of content background information for teachers, standards-based objectives with connections to support 3 dimensional learning, ready-to-use lesson assessments, and ideas for extending each lesson. The **Picture Perfect Science** Program is composed of three primary parts; Teacher Books (Lessons), Collections of children's picture books, and ***hands-on kits***.

## Eureka! Science

The Eureka! Science Program (K-2 & 3-5) uses non-fiction picture books as read-alouds to reinforce literacy and introduce science. Each chapter is built around one science and engineering practice, with other connections to the NGSS clearly stated, and introduces a specific science teaching strategy. Each chapter also includes three lessons. Each lesson focuses on a specific scientist or engineer, as well as a particular character trait he or she embodies—humanizing these well-known (and some not-so-well-known) thinkers and inventors in a way that inspires students to see a bit of themselves. Using the highly recognizable “5E” instructional format—including opportunities for extending the learning with small group or independent work—each lesson brings the science and engineering practices to life by incorporating engaging children's trade books.

## **Think Like a Scientist (e-books+ Kids)**

**Think Like a Scientist** interactive e-books are designed to engage students in science and literacy. The 5E model used in the design of these e-books along with the embedded interactive elements (simulations, videos, animations, slide shows, popup images, formative assessments) give students the opportunity to use the science and engineering practices and crosscutting concepts of the Next Generation Science Standards while exploring grade-level-specific disciplinary core ideas through the investigation of phenomena related to the content. Assessment loops are built into the design of each unit.

## **Next Time You See Classroom Library (Nine book series available in paperback, Library binding, or digital. Books are also available in English and Spanish)**

The **Next Time You See** series allows educators to introduce and explore additional phenomena with a colorful and kid-friendly print format that will help awaken children's sense of wonder. Each book is dedicated to an everyday phenomenon—such as seashells, sunsets, fireflies, pill bugs, the moon, maple seeds, spider webs, and clouds—and is designed to be read with a teacher. Ideas for further encouraging exploration are included at the end of each book, with additional supplementary activities also available on the NSTA website. These books are often used as mentor texts that inspire elementary children to engage with and explore phenomenon of their own choosing. Motivating science instruction by using familiar phenomena is a central part of 3D instructional strategy. The included mentor text video series and lesson plan is used to guide students through the mentor text activity of writing their own **Next Time You See** book.

## **Uncovering Student Ideas in Science**

The **Uncovering Student Ideas** series of Formative Assessments presents engaging questions, also known as *formative assessment probes*. Probes are designed to uncover what students know—or think they know—about various science concepts. The probes help you uncover students' existing beliefs about the content. The series includes field-tested teacher materials that provide the best answers along with distractors designed to reveal conceptual misunderstandings that students commonly hold.

In addition to explaining the science content, the teacher materials include connections to A Framework for K–12 Science Education and the Next Generation Science Standards, provide summaries of the research on students' ideas, and suggest grade-appropriate instructional methods for addressing students' ideas.

## **Argument-Driven Inquiry**

The **Argument-Driven Inquiry** series helps teachers make labs much more active and engaging for their students. The investigations teach students to use argument to construct, support, and evaluate scientific claims of their own and others. Students will dig into important content as they gain a better understanding of the science and engineering practices, crosscutting concepts, and disciplinary core ideas of the *Next Generation Science Standards*. These investigations will also enable students to develop the skills outlined in the *Common Core State Standards* and practice reading, writing, speaking, and using math in the context of science.

Many states, districts, and schools are unsure of what the coming school year will bring. Will we back together in the classroom or teaching and learning from a distance? Perhaps a blend of the two? In this four-part web seminar series, we will explore ways in which we can continue to give our students experience with relevant, intriguing phenomena to create the need to engage in science learning to explain what they have observed utilizing distance-learning strategies.

## Science and Engineering Practices Topic Study for K-12 Teachers featuring Distance Learning Strategies

Different approaches are needed to serve ALL students using multiple modes of instruction (Distance learning, Hybrid models, Face-to-face). This topic study will enhance your understanding of the science and engineering practices, one of the innovations to provide high-quality learning opportunities for ALL students; while providing **tools and approaches** for designing high-quality instruction using **distance learning tools and strategies**.

## Additional Programs (Contact NSTA for full listing)

### Supporting Science Literacy/Exploring Disciplinary Core Ideas

Many resources exist to support educators in unpacking disciplinary core ideas. This web seminar will introduce you to these resources and provide guidance and practice in using an unpacking protocol to better understand the science knowledge students need to build toward ownership of each science idea.

### Phenomena Driving Student Learning

Phenomena are observable events that occur in the universe and that we can use knowledge to explain or predict. Learn how phenomena make science learning accessible to all students by engaging in high-quality lessons as both learner and teacher.

### Implementing STEM Instruction in the Classroom

How do you design STEM instruction that is truly integrated? Together we'll revise familiar engineering design challenges to create the need for students to develop and/or use grade-appropriate science and math learning to create a solution to a problem (new or improved technology).

### Supporting English Learners in Science Classrooms

*English Learners in STEM Subjects: Transforming Classrooms, Schools and Lives* (2018) identifies promising instructional strategies for making learning in science accessible to all students, especially English learners. Participants examine these strategies and provide guidance for implementing them in the classroom.

## **Integrating Science, Math and ELA Standards**

One of the innovations of the NGSS is that they align with *Common Core State Standards for English Language Arts and Mathematics*. Educators learn how to take advantage of the knowledge and skills gained in ELA and math to authentically support students in figuring out science ideas, including examining frameworks and organizers to support this integration.

## **VIRTUAL OFFERINGS**

### **The Atlas of the Three Dimensions**

**Title: *The NSTA Atlas of the Three Dimensions***

The NSTA Atlas of the Three Dimensions maps out learning progressions based on the Framework for K–12 Science Education and the Next Generation Science Standards (NGSS) using the same techniques that were used to develop the Atlas of Science Literacy from AAAS Project 2061. The 62 maps in the Atlas organize all of the elements from standards on a particular topic (e.g., modeling, patterns, or definitions of energy) on a single page.

The webinar will provide an overview of how to read a map, the other features of the Atlas, and how educators can use this powerful navigational tool to develop and implement curriculum, instruction, and assessment.

### **Uncovering Student Ideas: Formative Assessment Probes**

**Title: *Uncovering Student Ideas in Science: 25 Formative Assessment Probes, Volume 1, second edition***
