NEWS FLASH !! ERC ENVIRONMENTAL AND CONSTRUCTION SERVICES TWENTY-FIVE YEARS

ERC is proud to announce we are in our 25th year of providing our clients with innovative, cost-effective solutions for their project needs. We pride ourselves with always coming in on time and on budget. We consistently exceed our client's expectation with emphasis on productivity, and expertise. ERC is firmly grounded in the environmental and construction industries, with a historical focus on minimizing the liability of owners, managers, leaders, and government entities. These cornerstones are the highmark of our success. We want to thank all of you for your continued business and trust for another 25 years!

PARTNERING

We are proud to announce another alliance with The Interlocal Purchasing System better known as TIPS for Job Order Contracts. TIPS began in 2002 as a small regional cooperative of the Region 8 Education Service Center (ESC). While the cooperative has far exceeded the initial vision, Region 8

ERC has maintained its role as lead agency for what is now a national operation known as TIPS.

CONSTRUCTION NEWS

ERC Construction Division is in the final stages of major renovations at Lone Star College with another in the final planning stages. Our hard work and cost effective savings through the years has preceded us in reputation that helped us win this and many more awarding contracts. With our great team and leadership at the helm we are going full force forward with our Construction Division. We anticipate our construction to double 2016 and beyond.

ENVIRONMENTAL DIVISION

ERC Environmental continues to be our cornerstone in today's market with schools and government entities on the increase with demands on the environmental. ERC is also noticing an increase in the private sector.

Houston's older buildings, especially in the downtown area, are either being completely renovated or demolished adding to the Increase in our business. If the cranes about town are any indication, we are set to continue our course of another busy season.

**Thank You Texas for a Grateful and Thankful 25 Years of
Business !**

THIS AND THAT

ENVIRONMENTAL
DIVISION

As we continue to grow there have been a few changes within our staff organization. Lyn V has been promoted to Project Coordinator, Monica H is our new smiling face at the door. Ann L will pursue her passion of marketing. Emily S is now chief assistant project manager, and James P is now one our lead field managers. He will absorb more responsibilities in our environmental division. We wish them all much success in their new endeavors.
