Meet OfficeSuite Live

With OfficeSuite Live, conferences can take place without the need for a desktop app, allowing users to simply host or join via a browser session (Chrome recommended). OfficeSuite Live offers productive one-on-one meeting and group collaboration sessions between colleagues with the ability to use standard business-grade features.

Leverage a secure HD video and audio platform

Help teams securely meet in a virtual environment with our encrypted, cloud-based platform.

Stay connected to your clients and employees

Host and join video and audio from any device. Integrated chat and emojis support non-verbal collaboration.

Gain superior visibility and control

Manage user licenses in real time utilizing our award-winning WE Connect portal.

Benefit from a cost-effective solution

Hold meetings with up to 250 participants for only \$4.99 per user/month.

Host, meet and share in real time

Scalable meeting capacity

View up to 25 participant videos and up to 250 screen viewers with full audio participation in a single meeting.

Seamless sharing and collaboration

Share one application or full desktop view with a single click, as well as modify documents on the fly.

Host transfer
