Overview

One company for a world of solutions

The professionals at Rexel USA, Inc. and its customer-facing companies are redefining how our customers and manufacturer partners compete in electrical, communications and sustainable-energy markets. We're the US operations of Rexel, one of the largest electrical distributors in the world. And we're using our resources, expertise and experience to change an industry for the better.

We're pursuing a service-rich solutions strategy that moves beyond the traditional inventory-order-deliver business model of the past. Embracing new technologies and encouraging innovation, we're helping our customers grow their businesses more efficiently and profitably. And we're continuously searching for new opportunities to add to our portfolio and grow our value to customers and shareowners. Our strategy is simple: by helping our customers thrive, we thrive.
