**TIPS RFP 220105 Technology Solutions, Products and Services**

## General Information

The Vendor Agreement (“Agreement”) made and entered into by and between The Interlocal Purchasing System (hereinafter “TIPS”) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686 and the TIPS Vendor. This Agreement consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order (“PO”), Agreement or Contract is the TIPS Member’s approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the possible addendums.

## Terms and Conditions

### Freight

All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

### Warranty Conditions

All new supplies equipment and services shall include ***manufacturer's minimum standard warranty*** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

### Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

## **Agreements**

Agreements for purchase will normally be put into effect by means of a contract, agreement, or purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion. Vendor accepts and understands that when a purchase order or similar purchase document is sent from a customer through TIPS to the Vendor, TIPS is recording the purchase and verifying whether the purchase is within the parameters of the TIPS Contract only. Vendor agrees that TIPS is not a legal party to the purchase order or similar purchase document and TIPS is not responsible for identifying fraud, mistakes, or misrepresentations for the specific order. Vendor agrees that any purchase order or similar purchase document issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. A Vendor that accepts a purchase order or similar purchase document and fulfills an order, even when processed through TIPS, is representing that the vendor has carefully reviewed the purchase order or similar purchase document for legality, authenticity, and accuracy.

## **Tax exempt status**

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

## **Assignments of Agreements**

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

## **Disclosures**

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

## **Term of Agreement and Renewals**

The Agreement with TIPS is for approximately five (5) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base five-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

**“Start Date” for Term Calculation Purposes Only:** Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that

Award Notifications are anticipated as published in the Solicitation.

**Example:** If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 the end date of the resulting initial “five-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2025 in this example.

**“Termination Date”:** The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation’s Anticipated Award Date plus five years.

**Example:** If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025 in this example.

**Extensions:** Any extensions of the original term shall begin on the next day after the day the original term expires.

**Example Following the Previous Example:** If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026 in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

TIPS reserves the right to solicit proposals at any time it is in the best interest of TIPS and/or its members.

**Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.**

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

**Shipments**

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

**Invoices**

Each invoice or pay request shall include the TIPS Member’s purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

**Payments**

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

### **Pricing**

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

### **Participation Fees and Reporting of Sales to TIPS by Vendor**

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

### **Reporting of Sales to TIPS by Vendor**

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at [https://www.tips-usa.com/vendors\\_form.cfm](https://www.tips-usa.com/vendors_form.cfm) and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at [accounting@tips-usa.com](mailto:accounting@tips-usa.com). The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at [tips@tips-usa.com](mailto:tips@tips-usa.com) or call (866) 839-8477 if you have questions about paying fees.

### **Indemnity**

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

### **State of Texas Franchise Tax**

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

### **Miscellaneous**

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

### **Purchase Order Pricing/Product Deviation**

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

### **Termination for Convenience of TIPS Agreement Only**

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at tipspo@tips-usa.com.

**Cleanup:** When performing work on site at a TIPS Member's property, awarded Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by TIPS Member or as agreed by the parties. CAUTION: BE CERTAIN YOU CAN HONOR THIS **MINIMUM** DISCOUNT PERCENTAGE ON ANY OFFERED SERVICE OR GOOD NOW OR DURING THE LIFE OF THE CONTRACT.

What is the **MINIMUM** percentage discount off of any item or service you offer to TIPS Members that is in your regular catalog (as defined in the solicitation specifications document), website, store or shelf pricing or when adding new goods or services to your offerings during the life of the contract? The resulting price of any goods or services Catalog list prices after this discount is applied is a ceiling on your pricing and not a floor because, in order to be more competitive in the individual circumstance, you may offer a larger discount depending on the items or services purchased and the quantity at time of sale. Please note that any specific greater discount offered for a particular product, brand, or service listed in Vendor's proposal will control and Vendor will be required to honor that greater specific discount, in excess of the minimum discount, for that particular product, brand, or service for the life of the contract.

**Indemnification**

The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from

indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as

ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for

any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently

performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on

behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in

the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to

indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated

**8** **Texas Business and Commerce Code § 272 Requirements as of 9-1-2017**

**2** SB 807 prohibits construction contracts to have provisions requiring the contract to be subject to the laws of another state, to be required to litigate the contract in another state, or to require arbitration in another state. "Construction contracts" are for the design, construction, alteration, renovation, remodeling, or repair of any building or improvement to real property, or for furnishing materials or equipment for the project. Select the functionality you need with a simple-to-use but rich and intuitive user interface that users will just love, ensuring quick acceptance and a rapid return on your investment.

Since 1996, Document Logistix has supplied the uniquely affordable and scalable **Document Manager** software to a varied range of SME and blue-chip clients around the globe.

**Document Manager** provides a flexible platform for completely paperless business processes and highly efficient archiving. Our software powers the operations of some of the world's most demanding, high volume businesses including major logistics companies like DHL and CEVA.

## WHAT CAN DOCUMENT MANAGER DO?

Businesses need smart operational processes and a comprehensive knowledge base with the ability to capture information, track, analyze, understand and report on key performance indicators (KPIs).

A company's real-time document knowledge base should comprise information on multiple daily tasks and transactions, asset management, revenue performance, contractual agreements and staff records, among other critical information.

Two major barriers that often prevent easy access to important information are that documents are not held in accessible, interpretable, actionable formats or information is housed in silos, where data is stored in separate blocks.

Such blocks may be a piece of software, like an accounts package, or a manual system where information is received and filed as paper documents. The key to putting information at the fingertips of appropriate staff, partners and customers is to remove the silo approach by bringing information together in accessible formats that make work flow. Document Manager is a scalable solution that enables companies to deliver a departmental or company-wide document management strategy for capture, processing, storage and retrieval of critical information.

## DOCUMENT MANAGER

### Microsoft Partner

Document Logistix is a Microsoft partner. Therefore, the user interface is similar to that of a Microsoft Office product.

Users like to work with things that are familiar to them; the user interface is both simple to use yet fully functional and resembles many of the current generation of Windows applications already in use.

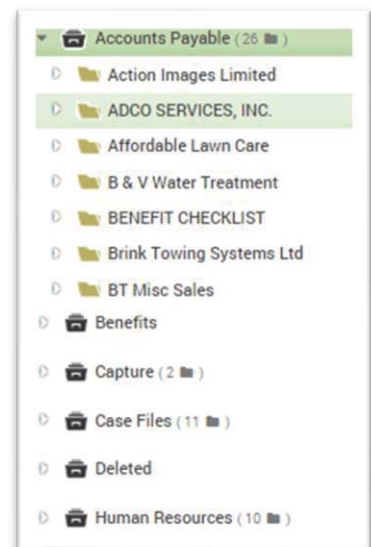

The user interface includes Explorer-type views to navigate the drawer and folder hierarchy, and a Microsoft Office-style Ribbon Bar provides easy access to program features. Right-click on documents or folders to quickly access the available menu of options.

Summary information is displayed in columns similar to spreadsheets, which can be sorted and arranged to suit the user. Open multiple folders or search results using different tabs and switch quickly between them. A preview of images beneath the document list assists in locating the document you are looking for.

## DRAWER STRUCTURE AND FILE HIERACHY

A **Document Manager** database is divided into Drawers; each drawer is focused on a specific business function, for example, HR or Accounts Payable. Each drawer has its own indexing schema and permissions for different users and groups. Drawers are further divided into folders and sub-folders.

Each folder has a set of indexes associated with it, such as Employee Details or Customer Details, and can have permissions associated with them. Documents are held in the folders or sub-folders, again with specific indexes associated (such as Invoice Number or Date) and again can have specific permissions associated with them.

## FILE TYPES

Whatever document types your organization works with, **Document Manager** can work with them: any file that has a file suffix associated with an application can be managed by **Document Manager**, including documents, pictures, movies, sound recordings, CAD, etc. For Microsoft Office (2003, 2007 and 2010) documents, there is an Office integration module allowing documents to be saved to or opened directly from **Document Manager**.

## DOCUMENT SCANNING

**Document Manager** supports TWAIN and Kofax® VRS-based scanners (32-bit and 64-bit) and scanning from disk for network-connected multi-functional devices. The HTML 5 Web application deploys a ‘click once’ scan application to the workstation (Microsoft Windows clients only), which will perform the scan and indexing and then upload the documents to the server. It supports automatic pagination of documents (using barcode or blank pages) and OCR automated indexing for populating the document indexes.

## BATCH SCANNING

For high volumes of documents, use the optional Batch Scan module. This provides automatic capture of documents with multiple fields read using either Barcode or OCR. Suitable for either form-based documents with key index fields in fixed positions, or free-format documents, such as Purchase Invoices, where every document is different. Data read can be cross-referenced against databases such as suppliers or open purchase orders to ensure validity and integrity.

The resulting documents are saved to **Document Manager** either for simple archive or subsequent approval workflows, and corresponding data can be exported to business systems like ERP or Finance, removing the need for teams of staff to perform manual data entry.

## OCR-OPTICAL CHARACTER RECOGNITION

**Document Manager** is supplied with integrated OCR allowing the system to read key information when indexing scanned documents, without having to type everything – simply drag the mouse pointer around the text to be read and **Document Manager** will read the text into the field being indexed.

**Document Manager** also integrates with other OCR engines allowing the fully automated scanning and indexing of documents.

### Other Document Scanning Features Include:

Scanning both sides and discarding blank sheets automatically

Saving scanner preferences like paper size and resolution in easy-to-recall profiles

Clean up images using the inbuilt noise reduction, smoothing and black border removal tools

## INDEXING

In order for the “Search and Retrieval” aspect of **Document Manager** to work, users are required to index (categorize) every folder and every document that is added to **Document Manager**. Entering values in to the index fields assists in efficient and accurate searching and retrieval of documents.

The invoice below is scanned and when added to **Document Manager**, the values for the Invoice Date, Invoice Number, Total Amount, and Status are entered into index fields. \* The result of indexing allows other users to easily and quickly search in **Document Manager** for any of these values.

*\*Indexes will be tailored for each customer*

## SEARCHING AND RETRIEVING

**Document Manager** employs easy-to-use search dialogs based on one or more fields with simple drop-down lists for plain language conditions like 'Equals' or 'Starts With'. There are two ways to search within **Document Manager**. Search by Folder and Search by Document.

The example below shows how there are different fields that are search-able by folder.

Search by Folder

Search by Document

The 'Search by Folder' dialog box shows a search interface for the 'Human Resources-US' folder. It features a 'Filter...' dropdown and a 'Field is not selected...' input field. Below, there are two columns of searchable fields:

- HUMAN RESOURCES-US FIELDS:** Last Name, First Name, Employee No, Gender, Department, Date of Birth.
- SYSTEM FIELDS:** Create Date, Document Count, Document Types, SubFolder Name, Folder Type, Access From.
- RETENTION FIELDS:** Retention Policy.

A 'Run Search' button is located at the bottom right.

The 'Search by Document' dialog box shows a search interface for documents within the 'Human Resources-US' folder. It features a 'Sub Doc Type' dropdown set to 'Equal To' and a 'Choose a value...' input field. Below, there are two columns of searchable fields:

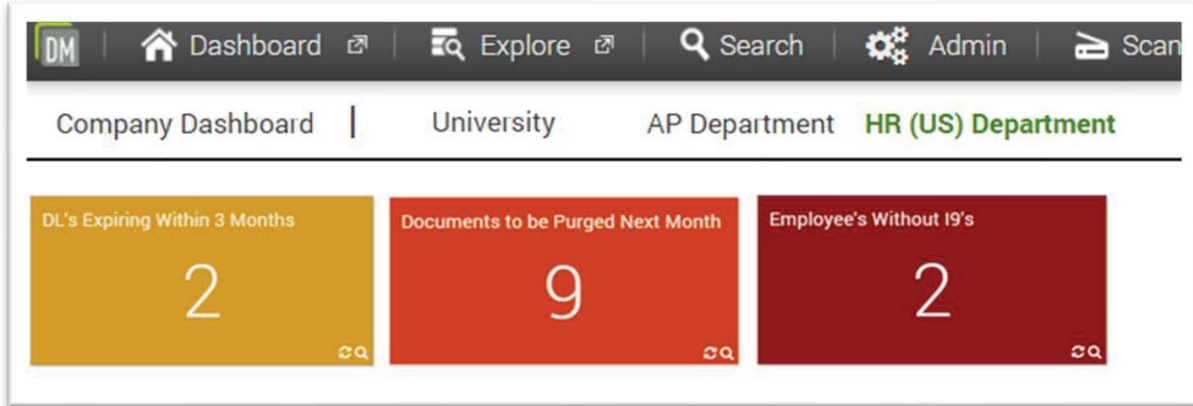

- Left Column:** Date of Birth, Leaving Date, Employee Status, Status, Next Approver, Sub Doc Type, DL Expiration Date, Document Date.
- Right Column:** Checked Out To, Approval Required, Access From, Annotation Text, Full Text Search, SubFolder Name, Auto Move Date, Purge Approval List.

A 'Run Search' button is located at the bottom right.

Searching by document provides more options such as: Content (or Full-Text-Search), Document Type, or a combination of the different values and folder level indexes such as Last Name.

## SAVED SEARCHES

Save frequently used searches to be re-run at the press of button and share those searches with other users. Below provides a visual example of different “Saved Searches” that can be configured.

Once these buttons/searches are clicked, the user will be directed to the corresponding documents. For example: If a user clicks on the “DL’s Expiring Within 3 Months” box, they will be shown the list of two (2) driver’s licenses that are set to expire within three months.

## VIEWING IMAGES

View images with the same intuitive Ribbon Bar providing access to everything needed to view and work with image document types.

### Annotations, Redactions, and Image Stamps

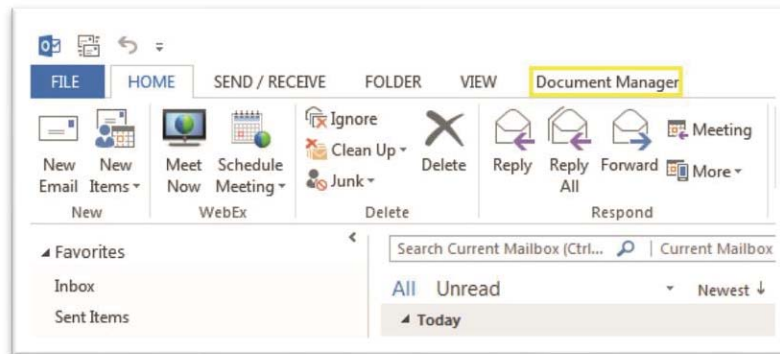

Annotate the document with drawing tools including Sticky Notes, Highlights, Lines, Text and Image Stamps. Hide sensitive parts of documents using redactions and define who is allowed to see what.

## MICROSOFT INTEGRATION

**Document Manager** integrates with Microsoft® Office and Outlook® 2003, 2007 and 2010 allowing messages and/or their attachments to be saved directly from Outlook to **Document Manager** as .msg files.

The optional Email Archive module allows for automatic archiving directly from Microsoft® Exchange (2003 SP1 or later and supporting Journaling). Both incoming and outgoing mails can be archived and rules can be defined to allow copying of emails to specific folders related to staff, clients, suppliers etc.

## ON-PREMISE OR CLOUD BASED

Purchase or Subscribe: Choose whether to install within your organization or subscribe to our Software as a Service (SaaS) for a simple monthly fee per user on Document Logistix' Cloud in Microsoft's Azure environment; **Document Manager** is the right answer, whatever your preferred business model.

## INTEGRATION

The benefits of document management are greater when integrated into existing business systems. Document Logistix has a proven track record of delivering integrations for popular business systems including: Oracle®, SAGE®, JD Edwards®, and SAP®.

Whatever your application, such as Finance, HR and CRM, the documents you want are only a click or two away using either our 'Screen Scrape' (Code Free Integration) technology or a tighter integration using one of our Application Programming Interfaces (APIs).

## **DOCUMENT MANAGER STANDARD FEATURES INCLUDE:**

### **DESKTOP SCANNING:**

Scan documents from the desktop directly into folders within Document Manager using readily available TWAIN-based scanners or network scan devices. Automatically paginate into documents using separator sheets with barcode or blank pages.

### **DOCUMENT ENCRYPTION:**

Encrypt documents in the native file store to prevent unauthorized access even by IT staff who know network-level details and security.

### **FULL TEXT SEARCH:**

Locate documents across all drawers by their content. Useful for locating documents based on their subject matter to compare similarities, for example, previous orders or proposals.

### **VERSION CONTROL:**

Two levels of version control for document authoring. Show only the latest version of a document. Make previous versions read-only. Associate new documents as new versions of existing documents.

### **CHECK IN / CHECK OUT:**

Take a document out of the system for working offline. Prevent other users working on it, warn them who has the document but allow read-only access to it. Optionally check the document back in as a new version.

### **AUDITING:**

Document Manager keeps a record of every system access and records the identity, date, time, network address or workstation and what was done. Vital for legal admissibility and compliance. Even when documents are deleted, the audit records remain accessible. Report on audited events such as Document Deletions.

### **ENHANCED ADMINISTRATION:**

Define users with restricted administration permissions, so IT staff do not need full administration permissions.

### **ANNOTATIONS:**

Add markups to images to show comments or draw attention to key items. Restrict who can view, modify, change or delete the annotations and audit who has done so. Add personalized 'signatures' to images when workflow actions are performed. Each signature has access permissions associated with it.

### **SCREEN SCRAPE:**

Document-enable your other systems with no API or coding by teaching Document Manager how to find the key information on their screens.

## SECURITY

Whatever the application there are always concerns over security and privacy of information accessible via the public internet. Ultimately nothing is hack-proof, as evidenced by the ever-frequent high-profile news stories of Government agencies or Social Media sites being targeted, however, there are steps that can be taken to minimize the risks and limit any consequences.

Complete control over access to documents provides compliance with requirements like Sarbanes Oxley, Freedom of Information and other industry-specific requirements like HIPAA. A complete Audit Trail is maintained providing legal admissibility and visibility of every access to the system. Independently penetration tested for security by NCC Group.

### Document Manager Offers Additional Security Such As:

#### Access Control and Permissions:

Access control and permissions determine what actions can be performed in **Document Manager** and in which locations. Access rights define where a user is allowed to go within **Document Manager**. Permissions determine what a user or group can do within the system.

#### Document Encryption:

For each document type, encryption can be enabled to increase security. When encryption is set for a document type and a document of that type is stored or saved to **Document Manager**, the document is encrypted. When the document is opened by a user with appropriate permissions; it is decrypted.

#### Auditing:

Every time a user or group does anything to a document or folder in **Document Manager**, it is recorded in an internal audit record within the **Document Manager** database. If the audit file has been saved into **Document Manager** (read-only), **Document Manager** prohibits the deletion of the audit file.

#### Active Directory Integration:

Active Directory enables administrators to import Active Directory users and groups that have already been set up for your organization into **Document Manager**. It also enables existing **Document Manager** users and groups to be synchronized with Active Directory users and groups.

#### (Optional) Multi-Factor Authentication

Multi-Factor Authentication via email adds an additional layer of security to your sensitive information. Users can receive email tokens (passwords) sent to them every time they log in to the software to authenticate prior to logging into the software.

# LICENSING

## 1. Full (or Standard) vs. View Only Licenses

Full (Standard) License: Allow users to add, edit, view, open, search, retrieve, email, print, and export (within given permissions)

View Only License: Allow users to view, open, search, retrieve, email, print, and export (within given permissions)

## 2. Named License vs. Concurrent License vs. Hybrid License

**Named** License: Requires one named license per user

**Concurrent** License: Concurrent licensing limits the number of users that are able to login at the same time, but you can define/add as many as you wish. Ideal for temporary or part-time workers and shift work. Ex: With 10 Concurrent licenses, 10 users can be logged in at the same time, however an unlimited amount of users can share those 10 licenses.

Hybrid License: Combines Named and Concurrent Licensing with Standard and View Only access.

# DOCUMENT MANAGER PRODUCT SUITE

## 1. DOCUMENT MANAGER WEB

**Document Manager 5 (DM5)** is a web-based application of **Document Manager** designed to either work in conjunction with existing on-premise installations of **Document Manager** Enterprise edition.

DM5 has smart, rich functionality right now, with some great business tools, which include a dynamic graphical Workflow Designer. Using HTML 5, it is designed to be both functional and easy to use while providing compatibility with a wide range of devices and operating systems, including PCs, Tablets and mobile phones. In addition, it provides the necessary services to support DM Mobile for iPhone.

DM5 presents a new way of using **Document Manager**, is feature rich and provides a pleasant, responsive user experience. HTML 5 is widely recognized as the industry accepted standard and is being supported by all leading hardware and software vendors. It allows rapid development of functionally rich content that will work on a wide range of devices.

We had a complete rethink when designing DM5 and at every stage of development we have considered what our users will want from the product: ease of use, intuitive interfaces and uncluttered screens that optimize available space.

The screenshot displays the Document Manager 5 web interface. The left sidebar shows a folder tree with 'Burnt Tree' selected. The main area shows the 'Folder Contents' for '[Accounts Payable], Burnt Tree'. A table lists several 'Purchase Invoice' documents. ## 2. DM5 BATCH CAPTURE

The Batch Capture application provides bulk capture and indexing of paper/electronic documents, either by scanning pages or by importing pre-captured documents (from a Multi-Functional Device (MFD) or similar.)

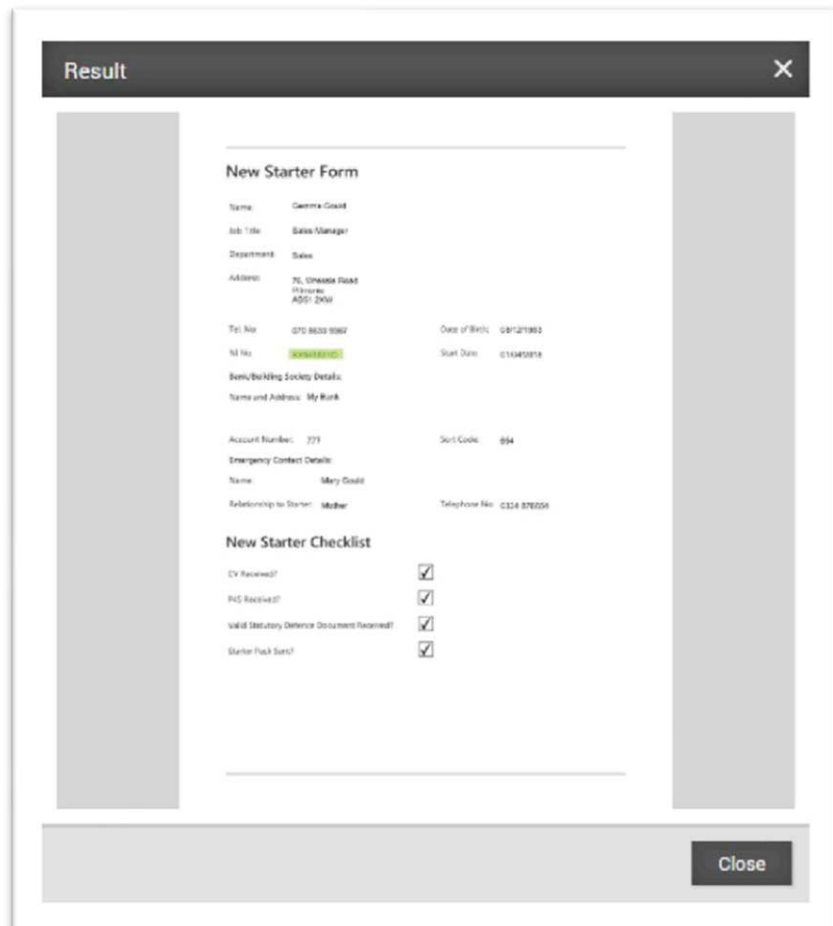

Reduce data entry into ERP systems by entering information into DM5 Batch Capture and exporting information or by OCR'ing/ODBC lookup and auto-populate required index information into DM5 Batch Capture.

Use Barcodes, Zonal OCR, and/or Database lookups to auto-populate important index information into Document Manager.

Specify what area(s) of a document you would like to Zonal OCR

### 3. WORKFLOW

Every business, from manufacturing to education, has processes to handle its information flows – from invoice processing to customer complaints management. These are often paper-based, relying on internal mail systems. The more streamlined a business can make its processes, the more effective that business will be. **Document Manager** provides Workflow software that integrates seamlessly with existing systems to automate business information processes. The software has helped many large companies to dramatically increase the speed and reliability of their internal processes.

**Document Manager** Workflow is a robust, scalable automation engine for every type of document process. It provides businesses with tools to design and build efficient information flows that implement business logic, rules and policies.

For example, Workflow can automate a paper-based Purchase Order (PO) approval process. With Workflow, the business can control PO creation, configure a sequence of notifications to approvers, and can engineer how approved POs will be filed for future reference.

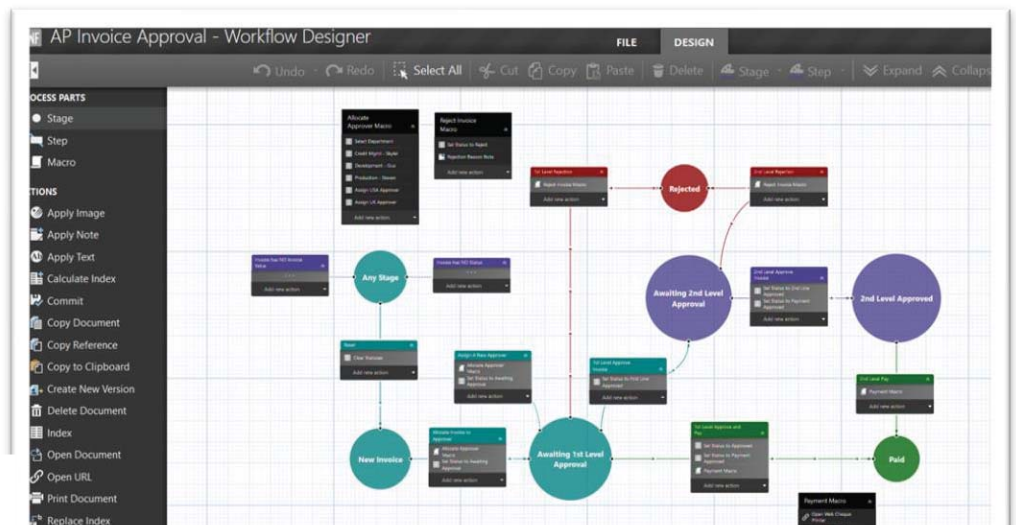

Workflow allows complete control of the status and movement of a PO at every process point, removing any doubt about the path that each document will follow.

Workflow coordinates the software and individuals within a company into one successful, automated process – cutting process time, cost and errors.

## 4. MOBILE

Throughout the lifespan of a business, things will unexpectedly come up.

Making yourself readily available to work at a moment's notice is important. Whether at home, away on vacation or traveling, it is extremely beneficial to have immediate access to your documents and company information.

Cloud based or mobile-ready document management software gives any business the power to work more efficiently. As a mobile solution, document management software provides end users with the ability to access documents through a smartphone or tablet device. Leveraging the power of remote accessibility delivers a number of benefits including, an increase in employee productivity, and communication. Providing the opportunity to get more done and increasing customer service.

## 5. eFORMS (ELECTRONIC FORMS)

For decades, businesses have relied on paper forms to collect information from customers and business partners, and others have printed electronic documents simply to obtain required signatures. However, paper records are vulnerable to theft and loss as they are routed through business processes, and they do not integrate well with computer systems that require electronic data.

To boost business efficiencies, reduce cost, and to tighten information control, many organizations are turning to workflow, electronic signatures and e-forms applications to complement their existing data management strategies. E-forms enables companies to digitize data from the point of origin by collecting customer information using an electronic form. Once collected, workflow automates the flow of the information through business processes, including obtaining legally-binding signatures on contracts and other documents. When used together, these three technologies can significantly boost staff productivity for common processes such as new customer account creation, contract execution or invoice approvals.

## 6. RECORDS RETENTION POLICY AUTOMATION

Document Logistix makes records retention simple to take the headache and uncertainty out of admin and compliance. Electronic document management (EDM) means retention criteria are assigned dynamically when documents are loaded; the appropriate retention of documents and automated destruction is managed automatically in the background. No need to label storage cabinets or worry about remembering when a document's time is up.

With a robust configurable tool, select from several options such as: send a notice before purging, purge by date, purge by document type, and much more.
