***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only contracts that have been in place for five years or less shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

OpTerra Energy Services, Inc. (OpTerra) will utilize their own internal resources to complete the Utility Assessment Report (UAR).

Critical to our continued success as a leader in the energy savings performance contracting business hinges directly on our core expertise of providing Investment Grade Audits (IGA) or Utility Assessment Reports. The purpose of the analysis is to identify, quantify and prioritize viable energy savings opportunities for all aspects of the facility – control systems, air conditioning, heating systems, lighting, building structure (envelope), water and sewer systems, miscellaneous equipment, scheduling procedures, etc. The resulting report includes a list of each viable energy savings modification with predicted annual savings, cost of implementation, and financial payback. We are thus able to assemble the most cost-effective group of energy savings opportunities possible – those that provide the greatest possible savings for the least investment. Since the annual savings and financial payback are guaranteed it is vital for OpTerra to self-perform the Utility Assessment Report.

Once selected however we will engage all necessary resources to ensure HUB goals are met. We recognize the importance of utilizing HUB vendors and will make every effort to maximize this potential. We are committed to not just an initial business relationship, but sustained development and growth of the businesses we engage. We use a very extensive per-qualification process to select subcontractors and suppliers for our projects. Our per-qualification process is based on our significant experience identifying subcontractors qualities, which assure optimal contract completion, quality performance service and products. Once we have audited the facilities, a list of qualified subcontractors will be put together in conjunction with the Client. Contractors and suppliers selected in the per-qualification process competitively bid that portion of the project they are to work on. We have extensive experience managing a competitive bid process for our customers. In this way, costs are kept as low as possible and we have the opportunity to evaluate their probable quality and performance.

After bids are received, they are reviewed for conformance to the specification (s), and economic evaluations are made of each bid and any proposed alternate bids. In addition, the bidders ability to do the work effectively based upon location/proximity to the project is assessed. After the analysis of the bids is complete, we will make a best-buy selection in conjunction with the Client.

OpTerra continually strive to be recognized as a company that values and leverages diversity for business needs. We recognize that in our environment, having a workforce that mirrors the composition of the marketplace where we operate and serve is a critical aspect of doing business.

SECTION 4: Affirmation

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <http://www.window.state.tx.us/procurement/proq/hub/hub-forms/progressassessmentrpt.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

Unless the contracting agency specified a different time period, you must allow the HUBs **at least seven (7) working days** to respond to the notice prior to your submitting your bid response to the contracting agency. When searching for Texas certified HUBs, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) and Historically Underutilized Business (HUB) Search directory located at <http://mycoa.state.tx.us/passcmbsearch/index.jsp>. HUB Status code "A" signifies that the company is a Texas certified HUB.
- b. List the **three (3)** Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Vendor ID (VID) number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

			<input type="checkbox"/> - Yes <input type="checkbox"/> - No
			<input type="checkbox"/> - Yes <input type="checkbox"/> - No

- c. Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers **at least seven (7) working days** prior to submitting your bid response to the contracting agency.
