Hydraulic with Overhead Boom

Stampede with Buffalo Crash Gate

Stampede Squeeze Chutes are made tough, and when handling strong, fast livestock we have the accessories to get the job done. Buffalo Crash Gates are easily mounted to existing brackets and swing out of the way for full access to the animal. Durable and easy to use to safely handle dangerous livestock.

Hydraulic Head Bender

The Head Bender is the cattleman's control for quick efficient work around the head. Sweeps from side to side to turn the head and hold for safe access to the head. Ideal for taking blood.
