***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only contracts that have been in place for five years or less shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in **Section B** has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.14 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code, §20.11(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in **Section C, Item 2**, reply no later than the date and time identified in **Section C, Item 1**. Submit your response to the point-of-contact referenced in **Section A**.

Catalog Representation is e-Commerce website

3-C Technology, LLC has an online e-Commerce web-site, which Educational Pricing has been established. We request that the End User(s) go to our website at www.team3c.com, and click on the Government/Education link. Complete the indicated form, which requests a login to the TIPS Audio Visual Equipment, Supplies and Services Catalog, and submit. An e-mail will be sent to the End User(s) with their private log in, and the End User(s) will have the opportunity to view the products, availability and prices from this portal.

The prices are based on a Cost Plus a percentage by commodity and by cost price ranges. This site is not all inclusive of the products that we sell, just the major manufacturers. We encourage the End Users to please contact Cardell Wade, if you have any questions and/or product specific needs, which are not viewable on the e-Commerce web-site.

Shipping is listed, as a separate item, and often depending on the dollar amount, and the quantity of the items shipping, we may be able to obtain special shipping reductions from our Distributors. We also encourage the End Users to have all large orders quoted. This will insure that you're receiving the best price, along with the appropriate shipping charges for large orders shipping to one (1) location.

Please be advised that 3-C will only pass on the Shipping/Handling Charges when we are charged shipping/handling. If you prefer not to have shipping showing, as a separate line item, it can be rolled into the Unit Price, as we do for existing customers. However, we think it is in the best interest for the District(s) to see exactly what the charges are for product that they're requesting, along with the exact shipping charge for that product.

We agree not increase the Costs Plus percentage during our contract time. We feel the Cost Plus percentage is the best practice, as no one can estimate how the Technology Market will fluctuate. We also know from experience that most manufacturers do not keep up with their List Price Advertising, and using discounts off list price can be very costly to the Reseller and the End Users when the Manufacturers do not update their list pricing.

3-C Return Policy

Policy on returns is: We must be notified within five (5) days of receiving the product in order to initiate the RMA process. If an item is DOA, it the item will be replaced, per the Manufacturer's requirements. Some troubleshooting may be required prior to obtaining the RMA from the Manufacturer's. There is not a Restocking Fee for this type of return.

Items ordered incorrectly by the End User(s) may require a Restocking Fee depending on the Manufacturer and the Distributor's Return Policy for the item(s) purchased. Items shipped incorrectly by our Distributor will be replaced without any Restocking Fee.
