For over 30 years, Musco has specialized in the design and manufacture of athletic field lighting. Thousands of schools, cities, and facility owners have counted on Musco as a part of their team to make lighting happen for the safety and enjoyment of their participants, while providing the most value for their sports lighting budget.

Musco's Light-Structure Green™ provides unequalled performance with these values:

- 50% reduction in operating costs
- 100% maintenance costs eliminated for 25 years with Musco's Constant 25™ product assurance and warranty program
- 50% reduction in energy consumption and spill light over our previous industry-leading technology

Visit www.musco.com or call us at 800/825-6030 for more information.

Augmentative Communication Consultants, Inc. (ACCI)

About Us

Augmentative Communication Consultants, Inc. (ACCI) is a Pennsylvania-based company founded in 1987 and dedicated to helping clients choose and use the assistive technologies needed to communicate, learn, play, socialize, and live everyday life as independently as possible.

Our mission is to distribute, market, and promote innovative, technology based products and software solutions via our website, catalog and product demonstrations. ACCI covers all fifty states and continues to expand our services. We partner with quality assistive technology and software manufacturers to offer solutions that enhance the lives of individuals of various ages and ability levels. We are committed to "Helping You Make the Right Choice".

ARAMARK Engineering Solutions brings together a diversity of backgrounds in Energy Management, Building Commissioning, Strategic Facility Planning, and Climate Action Planning. Our team of technical professionals seeks to understand what drives our clients as they increasingly take a more strategic look at their campus needs.

ARAMARK Engineering Solutions delivers customized solutions and sustained results for each of our clients based on their diverse needs. Our team consists of more than 100 technical professionals consisting of Professional Engineers (PE), Certified Energy Managers (CEM), Qualified Commissioning Process Providers (QCxP), Certified Commissioning Professionals (CCP), Certified Building Commissioning Professionals (CBCP), LEED® Accredited Professionals (LEED® AP), and numerous other professional and technical designations.

With decades of experience advancing the interests of owners, ARAMARK Engineering Solutions takes on the role of collaborator. Our clients look to us to help build awareness in the community for the important work of energy conservation, master planning, and commissioning. As a team we will help your campus thrive, by keeping the campus' construction and renovation projects manageable and the facilities operational and energy efficient.

STILES ROOFING, INC.

Quality & Integrity since 1926

At Stiles Roofing we build lasting relationships with our customers by providing the highest quality of service for every phase of their roof's life. From planning & new construction to re-roofing, custom sheet metal work, maintenance & repairs, we have the expertise, the trained personnel, the equipment and the financial strength to provide the highest quality of service to every client we serve.

The phrase "Quality and Integrity since 1926" describes how we merge the use of proven materials and skilled craftsmen, with experienced and dependable project managers. For our company to thrive and grow over this many years requires changing with our clients' needs. We have changed as technological advances offered improved solutions, all the while recognizing the importance of building business on a foundation of satisfied customers. Our goal always centers upon thoroughly identifying building and customer needs, then presenting optimum roof design at a fair price. Thank you for taking time to search for a qualified roofing company. Whether you are searching for a contractor to repair roof leaks, or for someone to provide installation of the newest roof system available, Stiles Roofing should be where your search stops.
