*"YOUR ONE STOP SHOP FOR EVERYTHING ON TOP"*

## OVER 30 YEARS OF SERVING THE NEEDS OF OUR CUSTOMERS

Reynolds Construction has been in the business of serving the customer's needs for over 30 years. Since 1983, Reynolds Construction has been a leader in the general construction and roofing industries. We currently operate in eight states and have offices in White Hall, Arkansas and Lebanon, Missouri. We have a dedicated roofing division that can handle any type of roofing and roofing problems. We are the longest standing Duro-Last, single-ply PVC membrane, installer in the state of Arkansas. We are also certified to install TPO and EPDM roofing material with Carlisle, Versico, and GAF Roofing Systems. We offer a roof maintenance program that utilizes the latest in UAV technology. There is no substitute for knowing. We are able to precisely define existing areas of concern and facilitate a timely resolution of those specific problem areas. This allows Reynolds to help the customer's existing roof system

reach its full life cycle. We have dedicated sales representatives who are experts in their field and can help with project planning and budgeting. We would appreciate the opportunity to serve your roofing and general construction needs. The fact that we are a General Contractor, and not just a Specialty Contractor, leads us to believe that we have a great deal to offer your organization. We have an IDIQ/JOC contract with TIPS to better your general contracting needs. We can be "one-stop-shopping" and take care of multiple issues at the same time. Fully licensed and bonded, let Reynolds Construction and Commercial Roofing take care of all your building needs.
