Overview

Superior Group, formerly Superior Lighting, has been serving customers with energy saving lighting retrofits since 1996. We offer energy analysis and rebate calculations for lighting system upgrades. With this information, potential customers can explore their lighting and energy saving options available for their facilities. Superior Group designs and installs all types of lighting systems, interior and exterior. Our reference list identifies successfully installed energy saving lighting retrofits in many different types of facilities; schools, retail, industrial, hospitals, production, warehouses, cold storage facilities, NASA and military facilities. From turn key to project management, we can take care of all your lighting needs, to include fluorescent lamp and ballast disposal. Superior Group is a licensed electrical contractor in Arkansas, Louisiana, and Texas. We have expanded our capabilities to include service calls, as well as; electrical work in residential, commercial, and industrial facilities. Let us help customize your lighting system to meet your company, government, or school needs while maximizing energy savings. Superior Group can and will provide your company with worry free electrical and lighting services. Veteran owned and operated.
