### Overview

*Education Shed or EdShed, is the home for several products and brands. These include Literacy Shed Plus, Spelling Shed and Math Shed. We are an organization that is run by teachers for teachers and we adhere to certain values when creating our educational solutions. These values include creating the highest quality educational product that is affordable and provides a high degree of educational impact for teachers and students.*

*Spelling Shed is a word study supplemental program. We provide a full curriculum for word study (spelling, vocabulary, and phonics) grades K-5. Teachers can also create and save their own word lists or import our ready-made lists of popular curriculum, sight words, UIL lists...etc. Students play a variety of engaging games at multiple levels to ensure they are at the correct skill level. Assessments are done through "Hive Games" either as a pre-test or end of week assessment.*

*Math Shed is a supplemental program that focuses on building math fact fluency. We provide an engaging learning environment that allows students to work at an appropriate level with just the right amount of support.*
