## Overview

<p>USACapitol (Capitol Seating Company) began operations in 1986, and is one of the only true US manufacturers of classroom products remaining in the industry. We offer flexible collaborative designs and the broadest color spectrum available in the classroom industry today. USACapitol is committed to quality construction through superior product engineering, material selection, and process consistency which results in a low cost to own for the end-user. Our factory incorporates industry best practices into every aspect of production. We use local (US sourced) material whenever possible, state-of-the-art robotic manufacturing technology, and environmentally responsible product "life cycle" practices. In addition, our products exceed US Green Building Council indoor air quality standards which provide LEED credit opportunities.</p>
