### Overview

*We create curated destinations that empower people to work, learn + heal. Simply put, we make amazing workspaces. Tangram Interiors has been the leading Steelcase education dealer in the world for over 5 years and counting. We specialize in working with our influencer partners, including the administration, and teachers at our schools, to create learning environments that foster collaboration, personal growth and help to enhance student success. We will be with you every step of the way from programing to space design, product procurement, project management, through to installation. Our goal is a long-term relationship with our schools so that we can help iterate and make improvements to learning spaces for years to come. We succeed in educational environments to support life-long learning from Pre-K and beyond.*
