Overview

Kelly Services Inc dba Kelly Educational Staffing® is a global leader in providing workforce solutions to organizations around the world. We were founded in 1946 to meet local business needs. In the beginning, we offered Michigan-based office services—which soon expanded to include light industrial and electronic assembly staffing support across the country. More than 75 years later, our range of specialty solutions and geographic coverage has grown exponentially. Today, Kelly operates as five specialty business units—laser-focused on our clients’ and candidates’ needs. We partner with both global and local companies, and have a robust, global talent and supplier network. We connect talented people to companies in need of their skills in areas including Science, Engineering, Education, Office, Contact Center, Light Industrial, and more. Kelly has developed innovative solutions to help organizations plan and manage their workforce through outsourcing, consulting, recruitment, talent advisory, career transition, and supplier management services. Kelly offers innovative outsourcing and consulting services and staffing on a temporary, temporary-to-hire, and direct-hire basis. Our specialization in education began in 1997. Since that time, Kelly Education (one of our five specialty business units) has grown to be the largest and most experienced employer of substitute employees nationwide, supporting over 9,000 elementary, middle, and high schools across 41 states. We are focused exclusively on PreK-12 education, special needs, early childhood education, and tutoring solutions. From substitute teachers and paraeducators to a wide array of non-instructional staff, our education-focused workforce solutions are designed to address all areas of your organization—when and where you need it. Every year, we place more than 4 million employees in education roles, including 300,000+ support staff positions, across all levels of the education system.
