Overview

The key features of our software is

Real-time Attendance Tracking which allows for immediate and accurate tracking, is crucial during emergency evacuations or lockdowns.

Student location Monitoring: We provide a live map feature that enables administrators to track the exact location of students in the event of an emergency, while on campus ensuring their safety.

Automated Communication: Our software facilitates quick and efficient communication with parents, guardians and relevant authorities, keeping everyone informed and connected during emergencies.

Data Analytics: We offer comprehensive data analytics to help schools identify trends and areas of improvement in their emergency response procedures
