Overview

Meerkat Safe is a real-time location services (RTLS) and alerting software as a service solution that can help an organization to accurately track personnel, both during an emergency and outside of emergencies, as well as, items within a facility. Meerkat Safe can also integrate with many of an organization's current software solutions to offer a single pane of glass to view and manage them all. Meerkat Safe can be easily accessed via a web portal or mobile application. Meerkat Safe also offers many additional solutions such as, contact tracing, PBIS, discipline reporting, visitor tracking, electronic hall passes, as well as, many other features as needed per organization.
