Overview

Altor Safety is a New York-based manufacturer that focuses on keeping people safe while building a sustainable, made in the USA product line. We have multiple production lines that manufacture 3ply Disposable Face Masks right here in Valley Cottage, NY. As the COVID-19 crisis began to unfold and the gap between production and delivery in the USA deepened, we realized we could step in to help close this gap. We knew that through working together, we could ensure that the safest and highest quality products would make their way to the American public and build a newer, safer future for everyone.
