Overview

RetirePC is an R2V3 and RIOS-certified e-waste recycler specializing in data destruction that has been in business since 2004 located in Garland, TX. Through this 18-year period, we have helped several Fortune 1,000 companies in the DFW region and beyond such as Tuesday Morning Corp, FBI, JPS Health Network, U.S. Secret Service, and several more. In addition to corporations, we have now worked with several local school districts in the DFW metroplex such as Garland, Plano, and Grand Prairie ISD. Working with school districts is something our company has become very familiar with over the years and can be considered one of our areas of expertise, we have gained tons of experience and know what it takes to handle large amounts of electronics and sensitive company/district information. Being R2V3 certified these companies trust us to dispose of old equipment properly and cost-effectively, ensuring data is destroyed and untraceable.
