SERVING STATES

MN | ND | SD | IA | WI

Overview

We are a Minnesota based contractor that specializes in maintaining, repairing, replacing, and renovating natural grass athletic fields. Some examples of these fields are: Softball, Baseball, Lacrosse, Soccer, Football, etc. Here is a list of some of the kinds of work we perform on these fields and areas: Sodding, Seeding, Over-Seeding, Stripping, Grading, Infield Grading, GPS/Laser Grading, GPS Field Surveying/Layout, Soil Corrections, Turfgrass Maintenance, Top Dressing, Aerating, Frazee Mowing, Fertilizing, Spraying, etc. We know how difficult it can be to find the time and resources to keep up on field maintenance and keep them safe. We partner with our customers to find the right project that fits their needs, and work with them to plan for future project and budgeting. Our experienced and professional staff and operators make it as painless as possible throughout the entire process. Our 25 plus years of specializing in athletic fields, nearly 40 years of turfgrass installation and maintenance experience, and vast fleet of specialty equipment for this kind of work make us very efficient and minimize down time on fields. We typically work within Minnesota, but are willing to travel to surrounding states if the project scope is large enough.
