

NOTICE:

This is a two-part solicitation.

Due to changes in the procurement statutes in recent years and various interpretations of its requirements for installation of fixtures in public buildings or some projects being considered construction public works, TIPS has determined that performing to a two-part process will best meet the legal needs of all of our TIPS Members.

TIPS Members sometimes consider the installation services of the goods supplied under this contract a public work/construction, since they may be considered fixtures or construction.

Proposing Vendor may respond to PART 1 or PART 2 or to both parts. If you provide public work/construction services, you should respond to PART 2 for the contract to be effective and usable by TIPS Members. Failure to respond to PART 2 WILL NOT affect your award chances on the PART 1.

It is acceptable to propose on only PART 1 but it may limit your sales opportunities for sales of goods and delivery/installation services. It is highly recommended that you respond to both parts to take advantage of all opportunities. If you need help with proposing the RS Means pricing model, please contact us for assistance. TIPS has staff that can provide some guidance on RS Means but understanding of the unit price book method is ultimately the responsibility of the proposer.

- **PART 1** of the two-part solicitation is the goods and non-construction services section that must be procured according to Texas Education Code §44.031. The solicitation description is a Request for Proposal. Only services that are considered non-construction are permitted under Part 1. Depending on the judgment of the TIPS Member entity, this may include services that you offer.
- **PART 2** of the two-part solicitation is the public works/construction section for projects where the work required is considered a public work construction project. The solicitation description is a Request for Competitive Sealed Proposals as permitted under Texas Government Code §2269; Job Order Contracts. How the project is classified is dependent on the judgment of the TIPS member and the work involved in the specific scope of the project.

Example:

If the Member is purchasing a modular building and there must be engineered footings, sidewalks, awnings and walk way covers, plumbing or electrical service installed at the site for the building, they may be required by statute to engage an independent engineer and the project may be considered a construction or Public Work project that requires procurement according to Texas Government Code 2269.

ALL OF THESE TYPES OF WORK PROJECTS ARE INCLUDED IN THE RS MEANS UNIT PRICE BOOK.

PART 2 – INSTALLATION AND CONSTRUCTION ON SITE CONSIDERED A PUBLIC WORK – JOB ORDER CONTRACT (JOC)

PART 2 – RCSP 201102 Floor Covering, Supplies and Services (JOC)

Part 2 is a Request for Competitive Sealed Proposals as permitted by Texas Government Code §2269.

General Information

FINANCING OF TIPS

TIPS Vendor Paid Fee

The total cost of the TIPS program, in most cases, is primarily funded through an administration fee paid to TIPS by the awarded contractors. The fee is based on actual vendor project sales. Vendor will pay the fee on the amount actually invoiced and paid on TIPS sales by TIPS members. Fees are not assessed to vendors for shipping cost, required bond cost, or any taxes that may be applicable.

TIPS establishes a fee for each solicitation for proposals that is in the best interest of TIPS and its members.

The fee schedule for agreements awarded under solicitation is 2%.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately two (2) years with an option for renewal extension for an additional two (2) consecutive one (1) year terms. The first renewal extension year shall be automatic unless the

awarded vendor notifies TIPS of its objection to the first additional one (1) year renewal extension. If TIPS offers the second one (1) year renewal extension terms, the vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base term. Whether or not to offer the renewal extension years is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that Award Notifications are anticipated as published in the Solicitation.

Example: *If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, the end date of the resulting initial “two-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2022.*

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation’s Anticipated Award Date plus two years.

Example: *If the original term is approximately two years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original two-year term shall be May 31, 2022.*

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: *If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2023.*

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

Total term of Agreement can be up to the number of years provided in the solicitation or as limited by statute.

THIS CLAUSE CONTROLS OVER ANY OTHER TERM IN ANY OTHER PART OF THIS SOLICITATION. TIPS reserves the right to solicit proposals at any time it is in the best interest of TIPS and/or its members.

VALUE OF THE CONTRCT

The estimated value for the life of the of the contract for all awarded vendors combined is \$xxxxx. This estimate is not a guarantee of the minimum or maximum value of the contract because TIPS cannot accurately predict the future needs of our member entities, their budget allocations, or the ongoing needs as they relate to this solicitation.

Termination

TIPS or the awarded vendor may terminate an award under this solicitation at will for cause or no cause or for convenience. TIPS must provide the vendor with 30 days prior written notice to the awarded vendor at the address provided in the response or as otherwise provided. The Awarded vendor shall provide TIPS with 90 days prior written notice of termination in order to protect the interests of the TIPS member that may be in negotiation or budget approval process.

Furnishing Goods and Services to Members

The Contractor shall furnish all necessary labor, materials, tools, supplies, equipment, transportation, supervision, management and shall perform all operations necessary and required for services. All work shall be performed in accordance with the requirements set forth in the resulting contract and each mutually agreed upon contract, work request or purchase order issued by TIPS participating members.

END OF DEFINITION SECTION

SPECIFICATIONS and PRICING FORMAT

This solicitation is seeking providers for:

Floor Covering, Supplies and Services (JOC)

Specifications for Part 2 include installation and construction of Floor Covering, Supplies and Services (JOC) projects other than those expressly precluded herein. Depending on the scope and circumstances, the pricing of may be required by Texas Government Code §2269 to be procured by a method enumerated in the statute. The method permitted by a purchasing cooperative such as TIPS is the Job Order Contract (JOC) method. The statute requires the use of a unit pricing model and the unit price book TIPS specifies is the RS Means Price Book. The statute also requires the pricing to be submitted as a coefficient of the Unit Price Book’s line item prices. The required attribute questions 38, 39, and 40 provides a method for your proposal of the required coefficient and a markup for non-prepriced items.

Pricing

It is the intention of TIPS to establish an agreement for delivery of installation or construction and ancillary services that are considered by the TIPS member as a public work construction project for Floor Covering, Supplies and Services (JOC) projects, other than those expressly precluded herein. Part of or the entire project may be performed under Part 2. Due to the varied scope and nature of these types of projects, TIPS members in various jurisdictions have different interpretations of what is and what is not a public work construction project requiring the Job Order Contracting (JOC) procurement process under Texas Statutes. Therefore, TIPS is providing the option for members that require the JOC process to procure those services relating to this solicitation using this contract.

RS Means Pricing

Proposers must provide pricing based on a multiplier coefficient of the R.S. Means price book sections for the categories solicited.

SEE ATTACHMENT ENTITLED “RS MEANS JOC PRICING EXPLANATION” FOR ADDITIONAL ASSISTANCE.

This table illustrates how TIPS scores the pricing proposed as coefficients to the RS Means Unit Price Book.

The RS Means Pricing form previously utilized by TIPS has been completely replaced with mandatory attribute questions 38, 39, and 40. You must provide your RS Means pricing in the required Attribute Questions 38, 39, 40 to be considered for PART 2.

The pricing coefficients proposed on the required attribute questions will be the controlling RS Means Unit Price Book pricing for your proposal for the life of your Contract.

Non-Prepriced Item Pricing

If you wish to offer specific items on Part 2 that are non-prepriced items in RS Means, you must do so through the pricing sheet entitled “JOC Pricing of Itemized List of RS Means Non-Prepriced Items PART 2 ONLY.” This is an optional form which can be located in the “Attachments” portion of this solicitation and can be uploaded to the “Response Attachments” location. Proposers are **NOT REQUIRED** to complete this form and should only include things that they provide that are non-prepriced items in RS Means and are unique to the proposing vendor’s offerings. This could be proprietary items or exclusive items, etc.

Wage Rates

TIPS members usually, depending on the jurisdiction, have to designate or follow specific wage rates for their construction projects. Many times, this is Davis-Bacon Act and sometimes it may be another local wage rate determination. Regardless, the contractor must comply with the designated wage rates and the RS Means Unit Price Book has taken into account the local wage rates for the geographic area.

Maximum Aggregate Contract Price

Texas Government Code §2269.403 (b) requires that the governmental entity shall establish the maximum aggregate contract price when it advertises the proposal. Because this solicitation is available for piggyback by multiple entities, there is no accurate method to project the maximum aggregate price. Therefore, an arbitrary maximum aggregate contract price for sales by all awarded contractors under this solicitation is set at \$10,000,000,000. This arbitrary figure is not a guarantee of any sales under the award and it should not be construed as an estimate of total sales during the contract period. If and when the \$10,000,000,000 figure is reached, the awarded contracts will expire immediately and a new solicitation may be issued if in the best interest of TIPS and its members.

Job Order Contracting (JOC)

It is the intention of TIPS to establish a contract to furnish and/or deliver construction services using the Job Order Contracting construction delivery method. The work includes minor construction, repair, rehabilitation and alteration services for a wide variety of colleges and universities, schools, cities, counties, healthcare and other government and non-profit agencies.

Unit Price Book (UPB) will be the current edition of RS Means Facilities Construction Cost Data at the time of the project acceptance – the published quarterly updates will be allowed.

Estimating Requirements: Awarded contractor must use Cost Works, JOC Works, RS Means Online, 4 Clicks, or other approved estimating software. Other software than one of the four software programs listed above must be approved by TIPS.

The Contractor shall furnish all necessary labor, materials, tools, supplies, equipment, transportation, supervision, management and shall perform all operations necessary and required for construction work. All work shall be performed in accordance with the requirements set forth in the resulting contract and each mutually agreed upon work request or purchase order issued by TIPS participating members.

A contract will be established with standard specifications and pricing based upon a coefficient that is applied to a Unit Price Book (UPB) from RS Means. When a specific project or job order is issued, TIPS member and the contractor will agree on the scope of work and the cost is determined by applying the coefficient to the appropriate units in the UPB. Pricing will be evaluated based upon completion of Attributes 38, 39, 40 providing RS Means pricing.

Please see the document entitled “RS MEANS JOC Pricing EXPLANATION” in the “Attachments” section of the eBid System for additional explanation.

Bonding

Proposer must provide a current letter, issued on or after the date on which this Solicitation was posted, from their Surety company(ies) that specify the bonding capacity of the proposer. Awarded vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the TIPS Member's discretion. Awarded vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Safety measures: Awarded vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Persons working under Agreement shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

Scope of Services

The specific scope of work for each job shall be determined in advance and in writing between TIPS Member, Member's design professionals and Vendor. It is permitted for the TIPS Member to provide a general scope description, but the awarded vendor should provide a written scope of work, and if applicable, according to the TIPS Member's design Professional as part of the proposal. Once the scope of the job is agreed to, the TIPS Member will issue a PO and/or an Agreement or Contract with the Job Order Contract Proposal referenced or as an attachment along with bond and any other special provisions agreed by the TIPS Member. If special terms and conditions other than those covered within this solicitation and awarded Agreements are required, they will be attached to the PO and/or an Agreement or Contract and shall take precedence over those in this base TIPS Vendor Agreement.

The TIPS Member having approved and signed an interlocal agreement, or other TIPS Membership document, may make a request of the awarded vendor under this Agreement when the TIPS Member has services that need to be undertaken. No additional claims may be made for delays as a result of these items. When the tasks have been completed the awarded vendor shall notify the client and have the TIPS Member or a designated representative of the TIPS Member inspect the work for acceptance under the scope and terms in the Purchase Order and/or Agreement or Contract. The TIPS Member will issue in writing any corrective actions that are required. Upon completion of these items, the TIPS Member will issue a completion notice and final payment will be issued per the contractual requirements of the project with the TIPS Member. Any Construction contract prepared by the TIPS Member's Legal Counsel may alter the terms of this subsection, "**Scheduling of Projects**".

Support Requirements

If there is a dispute between the awarded vendor and TIPS Member, TIPS or its representatives may assist, at TIPS sole discretion, in conflict resolution or third party (mandatory mediation), if requested by either party. TIPS, or its representatives, reserves the right to inspect any project and audit the awarded vendors TIPS project files, documentation and correspondence.

SECTION HEADERS OR TITLES

THE SECTION HEADERS OR TITLES WITHIN THIS DOCUMENT ARE MERELY GUIDES FOR CONVENIENCE AND ARE NOT FOR CLASSIFICATION OR LIMITING OF THE RESPONSIBILITIES OF THE PARTIES TO THIS DOCUMENT.

Purpose:

It is the intent of TIPS to award to reliable, high performance vendors to supply products and services to government and educational agencies. It is the experience of TIPS that the following procedures provide TIPS, the Vendor, and the participating agency the necessary support to facilitate a mutually beneficial relationship. The specific procedures will be negotiated with the successful vendor.

Agreements:

All vendor Purchase Orders and/or Agreements/Contracts must be emailed to TIPS at tipspo@tips-usa.com. Should an agency send an order direct to vendor, it is the vendor's responsibility to forward the order to TIPS at the email above within three business days and confirm its receipt with TIPS.

Promotion of Agreement:

It is agreed that Vendor will encourage all eligible entities to purchase from the TIPS Program. Encouraging entities to purchase directly from the Vendor, bypassing the TIPS Agreement when the Member has requested the TIPS agreement is a violation of the terms and conditions of this Agreement and will result in removal of the Vendor from the TIPS Program.

Purchasing Procedures

- Agreements are established through free, full and open competition as described by the laws of the State of Texas and are available for piggy-back by other government entities anywhere in the United States, subject to each entities' jurisdictional law and regulation. Purchase orders or equivalent are issued by participating governmental entities directly to the Vendor or vendor assigned dealer. Purchase orders or equivalent are usually sent to the TIPS office where they are reviewed by the TIPS staff and forwarded to the Vendor within one working day. In some instances, the entity may send the purchase orders or equivalent directly to the vendor and report the purchase to TIPS. Regardless of the circumstances, the TIPS vendor is required to put the TIPS contract number on all related correspondence and contracting documents and must report all sales and change orders to TIPS in a timely manner.

- NOTE: It is always the Vendor's responsibility under the TIPS agreement to report all sales under the TIPS Agreement. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract Number on all related quotes, invoices, and similar sales documents. It is the duty of the Vendor to submit documentation of all final purchases to TIPS for processing. This may only be done through the TIPS Vendor Portal or by emailing the sales documentation to TIPSP0@TIPS-USA.com, unless TIPS agrees to an alternative reporting method in writing. Failure to report a TIPS sale may result in termination of Vendor's TIPS Contract(s) and preclusion to responding to future solicitations.
- Vendors deliver goods/services directly to the participating member agency and then invoice the participating member agency. The Vendor receives payment directly from the participating member agency.

Evaluation and Scoring

Scoring of your PART 2 proposal, if any, is based on you answers to questions and information you provide in your proposal. **FAILURE TO ANSWER THE JOC PRICING ATTRIBUTE QUESTIONS 38, 39, and 40 WILL DISQUALIFY YOUR AWARD UNDER PART 2 OF THIS SOLICITATION.**

PART 2 EVALUATION

There are four criteria for scoring and a cumulative score of 70 or greater is required to be considered for award. Scoring a 70 does not automatically mean the proposer will be awarded.

The following are some of the criteria that could prevent an award whether or not the proposer scores 70 points in the evaluation process. This list is inclusive and not exclusive.

- Failure to have minimal bonding capability.
- Poor reference responses or lack of reference responses leaving TIPS unable to confirm the reputation of the proposer.
- Failure to pay fees due TIPS on past or other contracts.
- Failure to agree with attributes in the ION Wave eBid system that are mandatory for award and consideration. Those are marked accordingly in the applicable attributes.

A qualified evaluation staff member or committee will evaluate and score all proposals. Recommendations for award will be made to the Region 8 Education Service Center Board of Directors. Awards will be granted or denied at the monthly stated meeting of the Region 8 ESC Board of Directors. TIPS will base a recommendation for award on factors permitted by the Texas Government Code section 2269. The factors which will be considered and weighted points in each area as follows (100 total points):

TIPS shall use a final overall scoring system to include consideration for competitive pricing, best value price and cost evaluation. TIPS reserves the right to assign any number of point awards or penalties it considers warranted if a offeror stipulates exceptions, exclusions, or limitations of liabilities. Strong consideration will be given to the best value price as it relates to the products and services. However, price is ultimately only one of the factors taken into consideration in the evaluation and award. TIPS shall reserve the right to reject any or all proposals or any part of any proposal. The following evaluation criteria are permitted for consideration by Texas Government Code section 2269.055.

- A. **Price: 28 points maximum weight.** Prices quoted as related to the information within the solicitation as a coefficient of the R. S. Means price book, and, if requested or proposed, any other line item pricing. Any Regular Hours Multiplier Coefficient proposed on the pricing exhibit greater than 1.5 will receive no points. See SCORING TABLE below

Description, Specifications and Pricing

The PART 2 section of this awarded contract will use a job order contract (JOC) for a fixed term or maximum dollar value, whichever occurs first, in which a contractor is selected based on a competitive proposal to perform various separate job orders in the future, during the life of the contract. Contract award is based on the bid coefficient factor which the contractor will multiply against “pre-priced” R.S. Means unit price book. The bid coefficient factor represents all of the contractor’s costs (indirect and direct), overhead and profit. The other adjustment factor is updated annually based on the City Cost Index published for the closest location.

The PART 2 scope is exclusive to the contractor. The most important decision in administering the Part 2 contract is therefore the drafting of the scope. Because the contractor has been selected and the unit price is fixed (by the unit price book and the contractor’s coefficient factor), the Part 2 contract allows contractor input prior to design, which can expedite the work. The Contractor shall furnish all necessary labor, materials, tools, supplies, equipment, transportation, supervision, management and shall perform all operations necessary and required for construction work. All work shall be performed in accordance

with the requirements set forth in the resulting contract and each mutually agreed upon work request or purchase order issued by TIPS participating members.

A contract will be established with standard specifications and pricing based upon a coefficient that is applied to an R.S. Means Unit Price Book (UPB). When a specific project or job order is issued, TIPS member and the contractor will agree on the scope of work and the cost is determined by applying the coefficient to the appropriate units in the UPB. Based on the scope of work, the contractor may apply a coefficient less than the TIPS contractor coefficient, if agreed upon by the contractor and the TIPS member. Pricing will be evaluated based upon completion of Attributes 38, 39, and 40 providing RS Means coefficients. Please see the document entitled “RS MEANS JOC Pricing EXPLANATION” in the eBid system for additional guidance. “RS MEANS JOC Pricing EXPLANATION” in the eBid system may be downloaded from the “Attachments.”
