## Mesothelioma

may occur 30 to 50 years after exposure to asbestos. Many workers were exposed from the 1940s through the 1970s. Industrial and construction workers, along with their families (occupational and household exposure) are among those at risk for mesothelioma. Lung cancer or gastro cancer (throat, stomach, colon). Call us for professional insight.

ON THE VERGE JOHN NEWMAN  
SPOTLIGHT ON BREAKTHROUGH ARTISTS

# A shout-out to soul greats — and Mum

Brian Mansfield  
guitarist, models in  
Special for USA TODAY

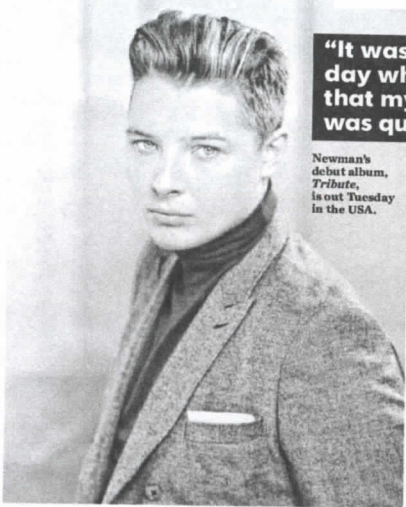

**SOUL DEEP:** John Newman's *Love Me Again* sounds like a throwback to the piano-driven grooves of '90s house music. But his stylistic roots go much deeper. On the title track of debut album *Tribute*, released in October in the U.K. and out Tuesday in the USA, the 23-year-old from Settle, England, name-checks dozens of soul greats, starting with Nina Simone, Ray Charles and Wilson Pickett. His UK No. 1 *Love Me Again* is No. 23 on USA TODAY's top 40 airplay chart.

**HE SECONDS THAT EMOTION:** Newman initially came to the attention of British audiences in 2012 as the featured vocalist on electronic group Rudimental's *Feel the Love*. *Love Me Again* made him a star in his own right, with its plea to a wronged ex-lover. "*Love Me Again* is basically a situation where I had really messed up, and the girl I was with moved

away," says Newman, who concedes he has trouble expressing his emotions in relationships. "Now she appreciates that I've got the guts to talk about it. It might not have been the right place, but I did it."

**COOL MOM:** Growing up, he listened to his mother play her favorite R&B and soul music. But Newman didn't appreciate what an impression The Supremes' "You Can't Hurry Love" and Lionel Richie records had made on him until he noticed that the bar where he worked in college played the same stuff. "It was a horrible day when I realized that my mum was quite cool," he says.

**MEDICAL SCARE:** The singer had a benign brain tumor removed last year after his vision started going dark at the edges. "I went to an optician to check it out, and he sent me to a neurosurgeon," he says. Newman heard *Feel the Love* on the radio for the first time while recuperating from surgery. "I don't wish it on anybody, but for me, it was a blessing in

"It was a horrible day when I realized that my mum was quite cool."

Newman's debut album, *Tribute*, is out Tuesday in the USA.

disguise," he says. "It made me respect working every day and enjoying that. I've got one of the best jobs in the world."

**THE MALE ADELE?** Newman doesn't mind the inevitable comparisons with earlier British soul exports Adele and Amy Winehouse. "It does come around, because I'm doing soul music in a modern world," he says. "But you know what? It puts a smile on my face every time." However, he adds, "I can't stand there and go, 'Yeah, I am like that. I don't want an ego. I just really appreciate that, I really do.'"

**STATESIDE PLANS:** He'll travel to the USA for two weeks around the album's release, then return for a tour later in 2014. "You know how you meet somebody in person and think they don't like you?" he says. "I'm one of those people that will make sure by the end of the night that they like me. It upsets me if I don't."

# Super-secrets are about to be spilled in 'Original Sin'

Marvel's crossover mystery isn't just a game of 'Clue'

Brian Truitt  
@briantruitt  
USA TODAY

A murder mystery is afoot in the Marvel Universe. When the all-seeing, all-knowing Uatu the Watcher is found dead in his lunar lair, the Avengers and the rest of Earth's superheroes scramble to keep their deepest and darkest secrets from being revealed in Marvel Comics' annual major crossover event, *Original Sin*, launching in May. "It's all the skeletons, all the dark things that you never know, all the interesting and intriguing information — not all of it even bad," says Marvel executive editor Tom Brevoort. "And it will all expand out into dozens of stories that will cut to the core of who these characters are."

Written by Jason Aaron and drawn by Mike Deodato Jr., the *Original Sin* series runs eight issues over four months and focuses on the search for the culprit.

Former S.H.I.E.L.D. superspy Nick

Wolverine, left, Black Widow, Thor, Iron Man, Captain America and Nick Fury investigate the murder of the Watcher in Marvel Comics' *Original Sin*, an eight-issue crossover event that will start in May.

**"The final act of the thing will set people on their heels."**

Marvel executive editor Tom Brevoort

Fury is "the grizzled Marvel super-hero version of an old homicide detective" who assembles Captain America, Iron Man, Thor and others for the main hunt, Aaron says. Meanwhile, another group including the Punisher, Doctor Strange, Emma Frost, Ant-Man and Black Panther conducts its own investigation.

The bigger problem, though, is that whoever killed the Watcher also ransacked his place on the moon, stealing powerful objects as well as all the information he has been gathering since the beginning of the Marvel Universe.

Those hidden histories will come out in the wash through tie-ins in various Marvel series, in which folks such as Wolverine and Spider-Man will have to deal with

the individual fallout.

Where last year's *Infinity* main event was galactic in scale, "the stakes involved in *Original Sin* are much more personally involved," Brevoort says. "It's all the characters having to deal with something that really throws their whole world for a loop in a very cutting-close-to-the-heart way."

A special *Original Sin* zero issue by writer Mark Waid and artist Jim Cheung, due in April, acts as a prelude, focusing on the strange kinship between the Watcher and the young hero Nova.

*Original Sin* marks the biggest Marvel comic to date for Aaron, who also writes *Thor: God of Thunder*. He says he's enjoying bringing fresh ideas into the book, such as the team-up of the Punisher and Doctor Strange and "writing them as a buddy-cop movie."

There will be plenty of suspects and suspense surrounding the identity of the killer, Brevoort says, "and the final act of the thing will set people on their heels."

*Original Sin*, however, is "not a game of *Clue*," Aaron says. "It's not just about guessing which one of these five people pulled the trigger. There's a bigger overall mystery than that."
