***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only contracts that have been in place for five years or less shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you **MUST** comply with items a, b, c and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

- a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to your submitting your bid response to the contracting agency. When searching for Texas certified HUBs, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) and Historically Underutilized Business (HUB) Search directory located at <http://mycpa.state.tx.us/tpasscmblsearch/index.jsp>. HUB Status code "A" signifies that the company is a Texas certified HUB.
- b. List the three (3) Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Vendor ID (VID) number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

			<input type="checkbox"/> - Yes <input type="checkbox"/> - No
			<input type="checkbox"/> - Yes <input type="checkbox"/> - No

- c. Provide written notification of the subcontracting opportunity you listed in SECTION B-1 to two (2) or more trade organizations or development centers in Texas to assist in identifying potential HUBs by disseminating the subcontracting opportunity to their members/participants. Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program's webpage at <http://www.window.state.tx.us/procurement/prog/hub/mwb-links-1/>.

- d. List two (2) trade organizations or development centers you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the date when you sent notice to it and indicate if it accepted or rejected your notice.

Existing Customer Knowledge

We are able to build solutions that closely match our existing and new customer's requirements which results in successful solutions.

Our teams has over 50 years combined experience uniquely positions us to build solutions that closely match our customers' needs to successfully create solutions for their business.

As Argus builds its sales and marketing team each year, we identify those customers we know, and their planned technology procurements. During planning sessions, we map out an approach for creating a solution for our clients by taking the following steps:

- Our Business Development Managers will obtain detailed information regarding the business and technical needs the customer is seeking to satisfy throughout the fiscal year.
- This information is developed into a strategic plan that is discussed with the recruiting staff to determine resource staffing needs across several organizations and agencies.
- We then engage our recruiting staff on the development of a candidate resource pool in advance of the anticipated need so that Argus is in a strong position to respond when a solicitation is issued by TIPS Members.

This strategy is understood by each of the business development and account professionals within Argus and is a cornerstone to many years of providing highly qualified resources for our clients.

Targeted Outreach

Argus also engages an outreach programs in order to market and sell the services listed to both current and possible future clients. Argus has participated in many industry and government specific conferences, including:

- State of Texas Procurement events
- City of Houston Procurement events
- OTC (Offshore Technology Conference)
- HMSDC (Houston Minority Supplier Diversity Council) events
- HCC (Houston Community College)
- Various County Procurement events

Argus staff members are involved on many of the planning committees for these conferences. In addition, Argus is involved in these conferences as a sponsor, an attendee, an advertiser in conference print material, and by marketing our services at each conference.

From a back office perspective, Argus has taken several steps over the past few years to enhance our capabilities to market our company to our clients and to our existing and potential candidate pool. Argus has continued to work with our applicant tracking system, to improve our recruiting capabilities and provide faster access to available candidates when a solicitation is issued by Clients. This update has enabled our company to better effectively serve the needs of our Clients proactively.

We have developed a series of automated screening tools, such as programming tests, personality assessments, language skills, and more. Candidates can go through simulations that will give employers valuable insights into a candidate's readiness and qualifications unique to each job.

Currently Argus is undergoing a retooling of the Argus Website to incorporate a more robust site, add additional social media capabilities, and more effectively market to both clients and consultants while improving our accessibility standards. This project is currently in the analysis phase with development anticipated this fall and rollout in early winter.
