PRESIDENT'S LETTER

Advanced's 2018 Resolution

Looking forward to the remaining 2018 year, my dad said over the holidays that "Your car windshield is larger than your rear view mirror because you should spend more time looking forward than looking back." So while we have reflected on a wonderful 2017 which included many company awards and various individual accomplishments for many of our team members, we are excited to see what 2018 holds as we are already reaching toward our goals! As with many people and companies, the beginning of a new year is a time when goals are set and resolutions are made.

One of our resolutions involves the use of technology. As the largest technology integration company in the mid-south and the 35th largest in North America, we love and embrace technology. It is hard to imagine that only eleven (11) years ago, there was no iPhone. Now, we see people shopping on their phones during meetings. We see people checking emails at the stoplight. We even see some folks texting during church! Social media is ubiquitous. Look at all the bowed heads and tapping fingers as people commune on their smartphones during sporting events, concerts, walking down the street, or sharing a meal with each other. Our phones are always on and socially connecting.

But what does this mean in our business life? Our constant communication and social media engagement does make us more connected, but is it coming at the sacrifice of real conversation? With our phones at our constant disposal, it seems as though sometimes we only pay attention to the things that we want to pay attention to and turn to our devices when a conversation no longer interests us.

So what does this have to do with in terms of 2018 resolutions? Are we calling for a return to the dark ages of pre-smartphone life? No, but I think that we all need to have a more self-aware relationship with technology. Our clients and our co-workers and our business partners (distributors, manufacturer reps, bankers, lawyers, etc..) are the foundation for our success. Business is, after all, comprised of a series of interpersonal relationships. So challenge us to maintain our resolution. How do we do that? How do we grow those relationships? While we will continue to use technology to grow and push our business forward, help us to all take a few minutes and make that phone call. Have that long lunch. Engage on a personal level with our co-workers and friends and clients. Ask someone how their day is going and genuinely listen. It will make 2018 great. Being nice is easy. It doesn't cost a dime!

Happy New Year!

Respectfully,

A handwritten signature in green ink that reads "Michael Kennedy".

ADVANCED RECOGNIZED AS ONE OF ARKANSAS' BEST PLACES TO WORK

Advanced was recently named as one of the Best Places to Work in Arkansas. This annual program was created by Arkansas Business and Best Companies Group.

The survey and awards program was designed to identify, recognize and honor the best employers in Arkansas, benefiting the state's economy, workforce and businesses.

To be considered, companies had to fulfill the following eligibility requirements:

- Be a for-profit, not-for-profit business or government entity;
- Be a publicly or privately held business;
- Have a facility in Arkansas;
- Have at least 15 employees in Arkansas;
- Be in business a minimum of 1 year.

Companies from across the state entered the two-part survey process. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25% of the total evaluation.

The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies and the final rankings.

"We are honored to be named one of the best places to work," said Michael Kennedy, President of Advanced. "We have awesome employees who make our culture fun and unique. We wouldn't be where we are today if it wasn't for them."

Advanced works hard to maintain employee retention. A variety of benefits are offered including great health insurance with a \$0 deductible. The company also buys a \$15,000 life insurance policy on employees who have health insurance.

Other perks offered by Advanced include a "no-vacation vacation policy" for salary-exempt employees which allows them to take off work as needed.

Advanced also offers a collaboration room in its headquarters that features a ping pong table, foosball table and dart board. An annual chili cookoff, picnic and company-wide employee appreciation party are just a few bonuses of working at Advanced.

2017, the 20th anniversary of Advanced, was a year full of things to celebrate. Besides this recognition, the company was also announced runner-up for Security Sales & Integration Magazine's Integrator of the Year.

ADVANCED OPENS ITS 6TH OFFICE IN FORT SMITH, AR

Advanced's newest office opened in Fort Smith in July of 2017. The new location is at 5009 S. 35th St. and has three employees.

Advanced now has over 190 employees working from offices in Arkansas (North Little Rock, Lowell, Fort Smith), Oklahoma (Tulsa, Oklahoma City), and Missouri (Ozark).

"Advanced has a growing list of client partnerships in the Fort Smith area, specifically in the healthcare, K-12 and industrial vertical markets, and we wanted to be able to respond to their needs more quickly," said President Michael Kennedy. "Instead of servicing these clients out of our Lowell office, we are now dedicated to the River Valley area and are growing with them and other clients."

The Fort Smith office features a 2,200 square foot warehouse and 960 square foot office space consisting of two offices, a conference room, and a break room.

The location is one block from I-540 for quick and easy access to our clients are.

ADVANCED CHIEF FINANCIAL OFFICER HONORED AS ARKANSAS BUSINESS' BEST CFO

Jenny Hergenroether Griffin

Jenny Griffin was named an honoree in Arkansas Business's 40 Under 40 for 2017.

When Jenny was a child, she believed she had to have a private bathroom at her office, like her dad, to be considered successful. He still teases her about it.

But Jenny doesn't have her own bathroom and becoming CFO came to represent success for her more than nay private bathroom. Now she has her dream job as Advanced's first-ever CFO, and her grandfather's CPA certificate, the 133rd awarded in Arkansas, hangs in her office with her own.

Jenny says the role she's held for more than two years is exciting and also scary. "What's terrifying is, if you're the first to do it, you don't want to mess it up. You can't use someone else's footsteps or work patterns or anything as an excuse to go, "I'm just following what you've always done in the past; sorry that didn't work out," she said. "No, you're blazing

your own trail. So, if it doesn't work well, you have only yourself to blame, which is good and bad."

She calls her greatest accomplishment making friends along the way and leaving most places she's worked at better than they were when she arrived. Her 19-year career includes stints at Ernst & Young, Allied Waste, Remington Administrative Services, USAble Life and Delta Dental. Her first year at Remington, she brought annual audit adjustments to zero from 50 the previous year - a very big deal in the accounting world.

Jenny calls herself a "working manager." She leads by example, treats people as she would want to be treated, never asks anyone to do something she wouldn't and enjoys her company's fun-loving culture.

She also serves on the board of the Single Parent Scholarship Fund of Pulaski County and volunteers with the Winthrop P. Rockefeller Cancer Institute.

ADVANCED ADDS TO ITS EMPLOYEE PERKS

Advanced is excited to announce the addition of two scholarship opportunities now available to employees and their children.

The scholarships were created to help them grow in their professional achievements. Advanced has always supported growth in and outside of the company and has officially incorporated an opportunity to receive monetary support to do just that.

Advanced is offering two scholarships annually. The first one is the ACS Foundation Scholarship, a \$1000 scholarship available to employees. The second one is the ACS Memorial Scholarship, a \$1000 scholarship available to the child or grandchild of an employee.

The recipient must be currently attending a two-year or more accredited college, university, or technical school.

Applicants must write a one page essay on one of three topics: (1) What are the most important issues facing your field today? (2) How will this scholarship impact your future? or (3) How has your family background affected your choice of study?

The winner of the 2017 ACS Memorial Scholarship was Karlie Holland, the daughter of Anna Murray who works in the collections department. The company is thrilled to provide this scholarship to Karlie and wisher her the best of luck in achieving her educational goals.

ABOUT THE WINNER

Karlie graduated from Beebe High School in May 2017. She is currently wrapping up her second semester as a freshman at the University of Arkansas - Pulaski Technical College. She plans to obtain her Associates in Science Education at UA-PTC and then transfer to the University of Arkansas at Little Rock. There she will complete her major in Elementary Education.

NEW OKLAHOMA CITY DIVISION MANAGER HIRED

Advanced is excited to announce the recent hire of **Matthew Cravens**, who joined the team as Oklahoma City Division Manager. Within this role, Cravens will promote client relations and retention and lead business development, market strategy, and operational development.

"We are blessed to have Mr. Cravens join our team," said company President, Michael Kennedy. "Matt brings a passion for client service, along with a dedication to life safety and a commitment to excellence. We searched for someone that embraces our culture of taking care of our employees and our clients. With Matt, we found the right fit!"

Cravens comes to Advanced with 22 years of experience in the fire and security integration field. Most recently, Cravens worked as a Branch Manager for Mac Systems, Inc. in Oklahoma City where he reorganized the electronics division and achieved record goals.
