General Information

The Vendor Agreement ("Agreement") made and entered into by and between The Interlocal Purchasing System (hereinafter referred to as "TIPS" respectfully) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686. This Agreement consists of the provisions set forth below, including provisions of all Attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any Attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order, Agreement or Contract is the TIPS Member’s approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the addendums possible.

Terms and Conditions

Freight

All quotes to members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating "No Charge" or "$0", "included in price" or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include manufacturer's minimum standard warranty unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Non- JOC Vendor Agreement Ver.07302019.rp
Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member’s discretion.

**Tax exempt status**
Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

**Assignments of Agreements**
No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

**Disclosures**
- Vendor and TIPS affirms that he/she or any authorized employees or agents has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

**Term and Renewal of Agreements**
The Agreement with TIPS is for three (3) years with an option for renewal for an additional one (1) consecutive year if both parties agree. TIPS may or may not exercise the one-year extension beyond the base three-year term and whether or not to offer the extension is at the sole discretion of TIPS. The scheduled Agreement termination date shall be the last date of the month of the last month of the agreement’s legal effect. **Example:** If the agreement is scheduled to end on May 23, the anniversary date of the award, it would actually be extended to May 31 in the last month of the last year the contract is active.

**Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.**
No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

**Shipments**
The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the
Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

**Invoices**

Each invoice or pay request shall include the TIPS Member’s purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

**Payments**

The TIPS Member will make payments directly to the Vendor, the vendor assigned dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

**Pricing**

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

**Participation Fees and Reporting of Sales to TIPS by Vendor**

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the RFP. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Vendor or vendor assigned dealer agrees to pay the participation fee for all Agreement sales to TIPS on a monthly scheduled report or as otherwise agreed by the parties.

**Reporting of Sales to TIPS by Vendor**

Vendor is required to report all sales under the TIPS contract to TIPS. If the TIPS Member entity requesting a price from the awarded Vendor requests the TIPS contract, Vendor must include the TIPS Contract number on any communications with the TIPS Member entity. To report sales, login to the TIPS Vendor Portal and click on the PO’s and Payments tab. Pages 3-7 of the Vendor Portal User Guide will walk you through the process of reporting sales to TIPS. Please refer to the TIPS Accounting FAQ’s for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

**Indemnity**

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney’s fees, arising out of, or resulting from, Vendor’s performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR**
PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8. Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney’s fees are recoverable by the prevailing party in any dispute resulting in litigation.

Miscellaneous
The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

The awarded vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

**Registered sex offender restrictions:** For work to be performed at schools, awarded vendor agrees that no employee of a sub-contractor who has been adjudicated to be a registered sex offender will perform work at any time when students are, or reasonably expected to be, present unless otherwise agreed by the TIPS Member. Your answers will determine if your award will be designated as Federal or Education Department General Administrative Regulations (EDGAR) compliant.

### Discount Offered - CAUTION READ CAREFULLY BECAUSE VENDORS FREQUENTLY MAKE MISTAKES ON THIS ATTRIBUTE QUESTION

Remember this is a MINIMUM discount percentage so, be sure the discount percentage inserted here can be applied to ANY OFFERING OF GOODS OR SERVICES THROUGH OUT THE LIFE OF THE CONTRACT.

**CAUTION:** BE CERTAIN YOU CAN HONOR THIS MINIMUM DISCOUNT PERCENTAGE ON ANY OFFERED SERVICE OR GOOD.

What is the MINIMUM percentage discount off of any item or service you offer to TIPS Members that is in your regular catalog (as defined in the RFP document), website, store or shelf pricing? The resulting price of any goods or services Catalog list prices after this discount is applied is a ceiling on your pricing and not a floor because, in order to be more competitive in the individual circumstance, you may offer a larger discount depending on the items or services purchased and the quantity at time of sale. Must answer with a number between 0% and 100%.

| 10% |

---

### TIPS administration fee

By submitting a proposal, I agree that all pricing submitted to TIPS shall include the participation fee, as designated in the solicitation or as otherwise agreed in writing and shall be remitted to TIPS by the Vendor as agreed in the Vendor agreement. I agree that the fee shall not and will not be added by the vendor as a separate line item on a TIPS member invoice, quote, proposal or any other written communications with the TIPS member.

### Yes - No

Vendor agrees to remit to TIPS the required administration fee?

TIPS/ESC Region 8 is required by Texas Government Code § 791 to be compensated for its work and thus, failure to agree shall render your response void and it will not be considered.

### Resellers:

Does the vendor have resellers that it will name under this contract? Resellers are defined as other companies that sell your products under an agreement with you, the awarded vendor of TIPS.

**EXAMPLE:** BIGmart is a reseller of ACME brand televisions. If ACME were a TIPS awarded vendor, then ACME would list BIGmart as a reseller.

(If applicable, vendor should download the Reseller/Dealers spreadsheet from the Attachments section, fill out the format and submit the document in the "Response Attachments" RESELLERS section.

Instructions for Certification:

1. By answering yes to the next Attribute question below, the vendor and prospective lower tier participant is providing the certification set out herein in accordance with these instructions.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participants,” “person,” “primary covered transaction,” “principal,” “proposal” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

It is possible that a vendor may be subject to Chapter 22 of the Texas Education Code. The Texas Education Code, Chapter 22, Section 22.0834. Statutory language may be found at: http://www.statutes.legis.state.tx.us/

If the vendor has staff that meet both of these criterion:

Then you have "covered" employees for purposes of completing the attached form.

TIPS recommends all vendors consult their legal counsel for guidance in compliance with this law. If you have questions on how to comply, see below. If you have questions on compliance with this code section, contact the Texas Department of Public Safety Non-Criminal Justice Unit, Access and Dissemination Bureau, FAST-FACT at NCJU@txdps.state.tx.us and you should send an email identifying you as a contractor to a Texas Independent School District or ESC Region 8 and TIPS. Texas Education Code Chapter 22 Contractor Certification for Contractor Employees
Texas Education Code Chapter 22 Contractor Certification for Contractor Employees

Introduction: Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district.

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school:

(a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

NONE (Section A) of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

OR

SOME (Section B) or all of the employees of Contractor and any subcontractor are covered employees. If this box is checked, I further certify that:

(1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.

(2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify the District in writing within 3 business days.

(3) Upon request, Contractor will provide the District with the name and any other requested information of covered employees so that the District may obtain criminal history record information on the covered employees.

(4) If the District objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at the District.

Noncompliance or misrepresentation regarding this certification may be grounds for contract termination.
Texas Business and Commerce Code § 272 Requirements as of 9-1-2017
SB 807 prohibits construction contracts to have provisions requiring the contract to be subject to the laws of another state, to be required to litigate the contract in another state, or to require arbitration in another state. A contract with such provisions is voidable. Under this new statute, a “construction contract” includes contracts, subcontracts, or agreements with (among others) architects, engineers, contractors, construction managers, equipment lessors, or materials suppliers. “Construction contracts” are for the design, construction, alteration, renovation, remodeling, or repair of any building or improvement to real property, or for furnishing materials or equipment for the project. The term also includes moving, demolition, or excavation. BY RESPONDING TO THIS SOLICITATION, AND WHEN EXECUTING CONTRACTS WITH TIPS MEMBERS THAT ARE TEXAS GOVERNMENT ENTITIES.

Choice of Law clauses with TIPS Members

If the vendor is awarded a contract with TIPS under this solicitation, the vendor agrees to make any Choice of Law clauses in any contract or agreement entered into between the awarded vendor and with a TIPS member entity to read as follows: "Choice of law shall be the laws of the state where the customer resides" or words to that effect.

Agreed

Venue of dispute resolution with a TIPS Member

In the event of litigation or use of any dispute resolution model when resolving disputes with a TIPS member entity as a result of a transaction between the vendor and TIPS or the TIPS member entity, the Venue for any litigation or other agreed upon model shall be in the state and county where the customer resides unless otherwise agreed by the parties at the time the dispute resolution model is decided by the parties.

Agreed

Automatic renewal of contracts or agreements with TIPS or a TIPS member entity

This clause **DOES NOT** prohibit multiyear contracts or agreements with TIPS member entities. Because TIPS and TIPS members are governmental entities subject to laws that control appropriations of funds during their fiscal years for contracts and agreements to provide goods and services, does the Vendor agree to limit any automatic renewal clauses of a contract or agreement executed as a result of this TIPS solicitation award to not longer than "month to month" and at the TIPS contracted rate.

Agreed

Indemnity Limitation with TIPS Members

Texas and other states restrict by law or state Constitution the ability of a governmental entity to indemnify others. TIPS requires that any contract entered into between a vendor and TIPS or a TIPS Member as a result of an award under this Solicitation limit the requirement that the Customer indemnify the Vendor by either eliminating any such indemnity requirement clauses in any agreements, contracts or other binding documents **OR** by prefacing all indemnity clauses required of TIPS or the TIPS Member entity with the following: "To the extent permitted by the laws or the Constitution of the state where the customer resides, ".

Agreement is a required condition to award of a contract resulting from this Solicitation.

Agreed

Arbitration Clauses

Except for certain circumstances, TIPS forbids a mandatory arbitration clause in any contract or agreement entered into between the awarded vendor with TIPS or a TIPS member entity. Does the vendor agree to exclude any arbitration requirement in any contracts or agreement entered into between TIPS or a TIPS member entity through an awarded contract with TIPS?

Agreed

Required Vendor Sales Reporting

By responding to this Solicitation, you agree to report to TIPS all sales made under any awarded Agreement with TIPS. Vendor is required to report all sales under the TIPS contract to TIPS. Cloud for Government: A Transformative Digital Tool to Better Serve Communities
From state to local agencies, government organizations crave access to the same cloud-based tools enabling digital transformation across the private sector. These tools hold the promise of delivering IT services with greater speed, flexibility, agility, and economy than traditional data center technologies. In addition, cloud services can help governments improve public services while reducing costs—satisfying the imperative to make the best use of taxpayers’ money.

CBTS has decades of industry experience and skills to help government agencies transform their infrastructure and applications into a cloud environment, while also addressing the cloud-driven challenges specific to the public sector.

This eBook explores how cloud-based tools address these challenges in five essential ways:

- **Security and compliance.** A CBTS deployed cloud solution follows stringent methods of monitoring data, and upholding cybersecurity.
- **Budget restrictions.** Moving organizational processes to the cloud allows agencies to shift from a capital expense to an operational expense, providing predictable payments and reducing initial investment costs.
- **Advancement.** Cloud solutions give governments access to cutting-edge technologies, from machine learning to artificial intelligence.
- **Productivity.** Regulating, integrating, simplifying, and automating IT operations improves efficiency.
- **Backup and recovery.** The use of domestic data centers optimizes critical real-time services and reduces the risk of downtime.

Let’s survey these difficulties more closely.

### Security and compliance

The CBTS domestic data centers keep essential government data safe and within the country’s borders. While on-premise data centers are still the most sheltered location for classified and sensitive data, the cloud offers secure storage for your information and ensures full encryption 24x7x365.

While the responsibility is ultimately up to the customer to protect the personal data they accumulate, privacy standards such as ISO/IEC 27001 and the SOC framework are written directly into our contracts.
In addition, our cloud-based tools implement a large number of security measures:

**Controlled access.** Define and control user access while managing various identities.

**Encryption.** Encrypt your data before pushing it to the cloud, and store keys in your on-premise data center. Our tools use state of the art procedures to encrypt data during transport, and while at rest.

**VPN.** We can harden your network and infrastructure security with a single WAN link or a site-to-site VPN.

**Flexibility.** We tailor solutions to meet your precise needs while handling millions of customers in real-time. With a multi-tenant landscape, the cloud helps you prevent unauthorized or unintentional data transfer between sites, using:

- VLAN isolation
- Access control lists (ACLs)
- Load balancers
- IP filters
- Traffic flow policies
- Network address translation (NAT), distinguishing between internal and external IP addresses.

Physical security. Our data centers employ multi-measure security structures. With full perimeter fencing, video cameras, security staff, key card entrances, and 24x7x365 real-time emergency communication systems.

**Monitoring.** Our software and cybersecurity professionals monitor servers, networks, and applications for evidence of wrongdoing. These measures include:

- Intrusion detection
- Distributed DDoS attack prevention
- Penetration testing
- Behavioral analytics
- Anomaly detection
- Machine learning
- Anti-malware software

Major cloud providers typically have stronger security than the clients who hire them. As a third-party managed cloud solutions provider, we understand the vital importance of protection for your organization. Our reputation depends on the effectiveness of our security, and system breaches are not acceptable.
**Economic prudence**

Cloud computing significantly diminishes hardware costs, while allowing a shift from capital expenditures to a scalable, operational cost-model where you pay only for the resources you use.

Older equipment becomes increasingly expensive to maintain as it ages. This poses a problem for public enterprise leaders who continue to utilize legacy hardware long past its expiration date. With each passing year of using outdated equipment, organizations run an increased risk of total system failure, and therefore the loss of IT-based public services. Regardless of age, data centers require substantial land, climate control costs, and IT staff to maintain, repair, and replace hardware and software. These expenses can quickly topple a government’s budget, and cause increased scrutiny from its taxpayers.

Cloud computing offers predictable, usage-based monthly fees instead of the high premiums involved in building a data center.

**Innovation**

When your organization chooses to migrate to the cloud, the responsibility of configuring, updating, and supporting data center technologies is placed solely on the cloud provider. This is why it is imperative for cloud vendors to run at optimum efficiency by standardizing, automating, and investing in the latest, most innovative equipment and solutions.

In partnering with CBTS, your organization can leverage our deep understanding of AI, machine learning, and data science to further improve and update the services it provides. Our analytics software lets agencies analyze all the data traveling to and from the cloud host. Sophisticated measurement of application usage, traffic patterns, bandwidth demand, and unstructured data can uncover waste and inefficiencies.

Cloud-based applications help organizations manage their operating environment via universal sensors found in smart devices. AI and machine learning are allowing agencies to analyze video footage in real time, improving their ability to identify potential threats and facilitate traffic safety.

As these devices evolve predictive capabilities, agencies will be able to preemptively address risks before they transform into costly issues.
### Simplified IT Operations

Government branches typically have siloed communication systems that make it difficult to collaborate across departments. Operating in a public cloud can get multiple agencies and organizations to work with the same technology, and streamline IT processes, erasing years of confusing and complex structures.

Migrating to the cloud makes it easier to unify your technology applications, as government organizations are often heavy users of backend systems. Operating these apps in the cloud ensures constant maintenance and upgrades, allowing your IT staff to focus on your organizations high priority initiatives.

CBTS cloud software enables you to monitor all operations in real time and configure alerts to flag issues before they become significant problems. All of these advantages help government agencies better serve their constituents and remain agile with the ever-changing demands of technology solutions.

### Backup and disaster recovery

The cloud’s infinite storage capability makes the perfect solution for backup and disaster recovery. Partnering with CBTS enables you to build a reliable backup solution without having to invest in additional hardware that drives up operational costs.

With full backup abilities, government agencies can reduce downtime, ensure delivery of emergency assistance, and keep vital first-responder services functioning in a crisis. Robust backup-and-recovery operations also protect against cyber attacks that take down IT systems.

Domestic data centers help agencies back up their data to sites far enough away to avoid outages caused by regional disasters, but not so far as to disrupt the efficiency of their servers. With the power and agility gained from integration with many different operating systems, you decide which data to send to the cloud, and which to keep on-premise.

### Partnering with CBTS

Migrating IT resources to the cloud is an involved process that should not be attempted without a thorough understanding of in-house systems and close attention to detail. Many cloud-based tools streamline migration processes, but most agencies require the assistance of a third-party integrator. These integrators must have experience working with government organizations to ensure successful cloud transformation.
CBTS has spent more than two decades working with government organizations while thoroughly learning each new surge of cloud-based technology. Our IT team understands the intricacies of the many cloud tools and the rigidity of government compliance laws.

We understand that most agencies will require a hybrid cloud that deploys data and IT workloads where they make the most sense while keeping some operations on-premises. Our broad experience and wealth of IT professionals will work diligently to ensure your new system meets the requirements of your organization while serving the greater needs of your community.

**CBTS awarded best state-level ICT implementation**

After partnering with CBTS to implement a Next-Generation Telephony System (NGTS), the State of Ohio CIO and team were recognized by the National Association of State CIOs (NASCIO) with the first-place award for “Information Communications Technology (ICT) Innovations.”

This national award recognized the CBTS NGTS platform as the country’s best state-level ICT implementation.

**Why CBTS**

CBTS has over 30 years of experience in designing, constructing, implementing, and overseeing data centers for clients throughout North America. We partner with pioneering technology companies including Cisco, HPE, Oracle, and Microsoft. Our client-centered approach ensures effective deployment of our cloud applications and services, each tailored to your precise business needs.

INTRODUCTION TO CYBRAICS FOR THE PUBLIC SECTOR

Baltimore, Atlanta, Lake City, FL and 50 other public entities reported being hacked in 2018. On August 16, 2019 more than 20 entities in Texas reported ransomware attacks. Many of these Texan entities were smaller local governments. Many public entities, large and small, are the perfect target for hackers because of their limited funding for IT security. It no longer takes an army of experienced hackers to disrupt systems; even inexperienced hackers can buy ransomware programs on the dark web and launch broad attacks looking for a soft target. These attacks result in serious and costly business interruptions.

But there is hope.

Cybraics’ nLighten, is an easy to use, cost effective, AI-powered cybersecurity platform, with multiple deployments in municipalities, state/local entities, and Board of Election offices. nLighten will enhance/ complement your existing security team or act as a fully comprehensive security arm for your organization. nLighten is proven for the public sector.

Easy to Implement and Use
nLighten can be fully deployed and operational in under one hour. Forward your logs to the encrypted data lake, log into our intuitive, easy-to-use interface and the full power and advanced capabilities of nLighten will be at your fingertips. As soon as your logs flow, our analytics platform starts risk scoring anomalies and unauthorized behaviors and delivers comprehensive case data directly to your desktop.

Advanced Detection/ Noise Reduction
Conventional SIEMs and detection solutions inundate teams with un-validated, raw alerts with limited threat data, requiring significant expertise and time to uncover the real incidents and action steps. nLighten’s 40+ behavior-based analytics provide enhanced context into these threats and capture the advanced and targeted attacks that slip through current tools and systems.

Value Proposition - nLighten
✓ Cost effective
✓ Simple and fast to implement
