All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include manufacturer's minimum standard warranty unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately three (3) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base three-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that Award Notifications are anticipated as published in the Solicitation

Example: *If the anticipated award date published in the Solicitation is May 22, but extended negotiations delay award until June 27, The end date of the resulting initial “three-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2023.*

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation's Anticipated Award Date plus three years.

Example: *If the original term is approximately three years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original three-year term shall be May 31, 2023.*

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: *If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2024.*

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned

Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at tipspo@tips-usa.com.

Introduction: Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district.

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school:

(a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

NONE (Section A) of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

OR

SOME (Section B) or all of the employees of Contractor and any subcontractor are covered employees. If this box is checked, I further certify that:

(1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.

(2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify the District in writing within 3 business days.

(3) Upon request, Contractor will provide the District with the name and any other requested information of covered employees so that the District may obtain criminal history record information on the covered employees.

(4) If the District objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at the District.

Noncompliance or misrepresentation regarding this certification may be grounds for contract termination.

This clause **DOES NOT** prohibit multiyear contracts or agreements with TIPS member entities. Because TIPS and TIPS members are governmental entities subject to laws that control appropriations of funds during their fiscal years for contracts and agreements to provide goods and services, does the Vendor agree to limit any automatic renewal clauses of a contract or agreement executed as a result of this TIPS solicitation award to not longer than "month to month" and at the TIPS contracted rate.

9 2 Indemnity Limitation with TIPS Members
Texas and other states restrict by law or state Constitution the ability of a governmental entity to indemnify others. TIPS requires that any contract entered into between a vendor and TIPS or a TIPS Member as a result of an award under this Solicitation limit the requirement that the Customer indemnify the Vendor by either eliminating any such indemnity requirement clauses in any agreements, contracts or other binding documents **OR** by prefacing all indemnity clauses required of TIPS or the TIPS Member entity with the following: "To the extent permitted by the laws or the Constitution of the state where the customer resides, ".
Agreement is a required condition to award of a contract resulting from this Solicitation.

Project Management Services

ProLogic ITS follows a Project Management methodology as defined by the Project Management Institute (PMI) and an Application Development Cycle that is both iterative and incremental in its approach while adhering to the planned requirements.

The recommended project management methodology is based on the standards and guidelines defined by The Project Management Institute in the Project Management Body of Knowledge (PMBOK®) Guide. This guide identifies and describes project management practices generally recognized as good practice.

ProLogic ITS has PMP certified Project Managers nationwide supporting 5 distinct regions: Southeast, Northeast, Southwest, Northwest, and the Midwest. For each specific opportunity, one of our local Project Managers will be assigned to manage the project to ensure timely, high-quality deliverables with timely and informed responsiveness. In order to verify that deliverables are met to your needs, the Project Manager will be assisted by a team of certified technicians, client services professionals, subject matter experts, and quality assurance resources. The Project Manager will apply these resources to help manage the project while balancing and monitoring of the project's constraints such as scope, quality, schedule, budget, risk, and resources to make sure all project objectives are met.

The project management practice is critical for a successful deployment. ProLogic ITS offers our customers a single-point-of-accountability to help ensure we complete projects according to their stated objectives and expectations. From the beginning of the project, the Project Management team can provide a detailed risk analysis. Additionally, the Project Manager oversees, monitors, and documents tasks, outcomes, costs and schedules during the project's execution. Finally, the Project Manager can provide or participate in the governance and oversight of committee activities as our customers and ProLogic ITS work together to deliver the task at hand.

Our customers receive value through ProLogic ITS's Project Management in the following ways:

- **Provide Single point of Accountability** – a single framework covers all aspects of the project, providing you with a single point of contact for all aspects of project execution as well as a clear understanding of how each activity within the project supports the accomplishment of overall business objectives.
- **Provide a methodology that is based on proven tools** – the Project Management methodology is based on processes, principles, and tools that have been proven on numerous engagements throughout the industry.
- **Provide quality** – use performance and quality metrics to ensure we meet or exceed all established service level criteria and relentlessly work to improve service levels, reduce costs, increase personnel productivity, and simplify IT activities.

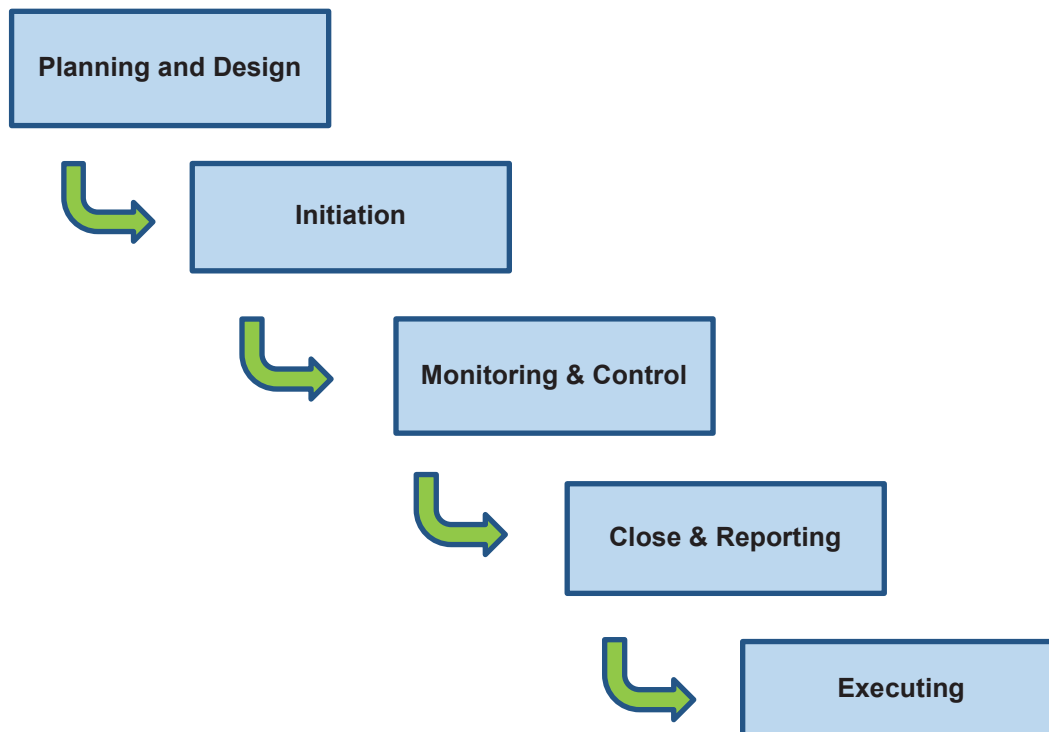

While each project is customized to fit our client's needs, the PM team is ultimately responsible for planning, identifying risk, managing issues, following change management procedures, measuring and reporting, quality assurance, and monitoring the budget.

- **Planning** – creates a cohesive, consistent planning vision and process for the project, ensuring that strategic, operational, tactical and technical solution plans are all aligned to the same goal
- **Risk Management** – defines a process for managing all risks in a holistic manner allowing for transparency of key risks requiring executive involvement while managing and mitigating operational and tactical risks behind the scenes
- **Issue/Escalation Management** – defines a process for communicating and resolving issues and their impact, ensuring ongoing issues visibility, including the appropriate parties, while minimizing executive management demands and overhead

- **Scope/Change Management** – defines a process for identifying, estimating, and communicating proposed changes to the scope of the solution or project, ensuring that all necessary information for proposed changes is made available to the governance process
- **Measurement and Reporting** – establishes a framework for the measurement of defined metrics and reporting of their progress towards identified goals
- **Quality Assurance** – defines a process for ensuring that project/initiative accomplishments and processes meet agreed-upon standards and that processes exist for closed-loop learning and dissemination of lessons learned across the project.
- **Knowledge Management** – defines a process for setting knowledge transfer objectives and ensuring effective knowledge transfer throughout the entire project.

Project Life Cycle

Project Management begins at the initiation of a new project and continues throughout the project lifecycle from execution to close. While each project is customized to fit our client's needs, the Project Management team is ultimately responsible for scheduling, staffing, maintaining the project workbook, hosting status meetings, managing change control and monitoring the budget.

Initiation

Once a project is authorized, a Project Manager is assigned and begins project initiation including:

- Reviewing high-level Statement of Work to understand the goals and objectives, project scope and business need
- Identifying Key Stakeholders
- Identifying requirements, risks, milestones, constraints and project start date
- Conducting the project kick-off call to review expectations, roles, and project scope

Scheduling: A schedule is created based on any known timing constraints, priority locations, and client requests. The proposed schedule is sent to the client for final approval before implementation begins.

Staffing: Upon approval of the schedule, a staffing plan is created. Resources are selected based on relevant experience for the required work and are assigned to designated locations. The quantity of staff per site(s) is based on the timing assumptions determined.

Prior to on-site arrival, the Project Management team meets with the tech team to review the scope of work, script/work instructions, details relevant to the project and sign off documentation required.

Planning

A project workbook is created to capture the project plan from execution to close and includes supporting documents such as:

- Communication Plan
- Stakeholder Register
- Milestone reports
- R.A.I.D Log (Risks, Assumptions, Issues, and Dependencies)
- Project Schedule & Status Report
- Deployment Process Guide
- Change Log
- Asset Reports
- QA Checklist

Tools & Techniques such as project software, expert judgment, benchmarking, flowcharts, risk categorization, and analysis are used to facilitate project planning, execution, monitor and controlling.

Project Workbook: Captures all project info including the communication plan, stakeholder register, kick-off calendar notes, schedule, status, asset report, and changelog. The project workbook is updated daily and shared with all key stakeholders during the weekly status meetings (or upon request).

Execution

Once the project plan is defined and approved the execution of the work begins. Project Managers are responsible for overseeing that the work defined in the project plan is performed to achieve project objectives. Some of the activities included are as follows:

- Manage the team members assigned to the project
- Coordinate resources to execute the project plan
- Manage communication between key stakeholders with regular updates on project status and any issues
- Progressively elaborate the project plan by generating project data including costs, schedule, quality progress and status
- Manage risks and implement risk response as needed
- Collect and document lessons learned & implement change management process as needed

Status Meetings: Scheduled weekly or as frequently as needed, per the client's request. Progress, scheduling, changes, etc. are reviewed to keep communication open and to provide a forum for discussion/feedback.

Monitor & Control: Throughout the execution phase, a Project Manager will continuously track, review and regulate the progress of the work to ensure that they are meeting pre-defined project objectives and requirements by using the following tactics:

- Compare actual performance against what was planned to ensure the project does not deviate beyond acceptable limits from the baseline
- Monitor changes as they occur and implement any approved changes; all changes are recorded in a change request form and are logged
- Provide forecasts to update current cost and schedule information
- Identify, record and create a response plan for any newly identified risks that arise during the execution
- Continue to update key stakeholders of project performance and log performance reports in project workbook

Change Control: The Project Manager is responsible for managing changes and mitigating risk. Changes are continuously monitored as they occur and any approved changes are implemented and updates are made accordingly to the schedule, scope, and budget. Changes are always documented in a change order for approval prior to implementation.

Project Budget: The Project Manager is responsible for ensuring that the project is on schedule and on budget. We continuously compare actual performance against what was planned to ensure the project does not deviate beyond acceptable limits from the baseline and to keep the team informed of our progress. Forecasted costs are actualized and tracked throughout the duration of the project.

Close & Reporting: When all activities have been finalized, the Project Manager will initiate closing to formally close out the project. This includes the following activities:

- Verify deliverables have been met and scope verification has been documented
- Archive project files including schedules, status reports, charts and issue logs
- Conduct project closeout call with customer and project team to review deliverables, obtain customer acknowledgment that the final product meets their expectations and is aligned with the defined project scope
- Conduct final administrative and financial tasks
- Archive lessons learned for use by future projects or phases

Project Close: Upon completion of the project, the PM team will verify deliverables have been met and scope verification has been documented. Project files including schedules, status reports, charts, and issue logs will be archived and a close outcall with the customer and project team will be set-up to review deliverables, obtain customer acknowledgment that the final product meets their expectations and is aligned with the defined project scope.
