

TIPS VENDOR AGREEMENT

Between Securly, Inc and
(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS), a Department of Texas Education Service Center Region 8 for **TIPS RFP 220105 Technology Solutions, Products and Services**

General Information

The Vendor Agreement (“Agreement”) made and entered into by and between The Interlocal Purchasing System (hereinafter “TIPS”) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686 and the TIPS Vendor. This Agreement consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order (“PO”), Agreement or Contract is the TIPS Member’s approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the possible addendums.

Terms and Conditions

Freight

All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include **manufacturer's minimum standard warranty** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a contract, agreement, or purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion. Vendor accepts and understands that when a purchase order or similar purchase document is sent from a customer through TIPS to the Vendor, TIPS is recording the purchase and verifying whether the purchase is within the parameters of the TIPS Contract only. Vendor agrees that TIPS is not a legal party to the purchase order or similar purchase document and TIPS is not responsible for identifying fraud, mistakes, or misrepresentations for the specific order. Vendor agrees that any purchase order or similar purchase document issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. A Vendor that accepts a purchase order or similar purchase document and fulfills an order, even when processed through TIPS, is representing that the vendor has carefully reviewed the purchase order or similar purchase document for legality, authenticity, and accuracy.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately five (5) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base five-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that

Award Notifications are anticipated as published in the Solicitation.

Example: If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 the end date of the resulting initial “five-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2025 in this example.

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation’s Anticipated Award Date plus five years.

Example: If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025 in this example.

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026 in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

TIPS reserves the right to solicit proposals at any time it is in the best interest of TIPS and/or its members.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member’s purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

CAUTION: BE CERTAIN YOU CAN HONOR THIS **MINIMUM** DISCOUNT PERCENTAGE ON ANY OFFERED SERVICE OR GOOD NOW OR DURING THE LIFE OF THE CONTRACT.

What is the **MINIMUM** percentage discount off of any item or service you offer to TIPS Members that is in your regular catalog (as defined in the solicitation specifications document), website, store or shelf pricing or when adding new goods or services to your offerings during the life of the contract? The resulting price of any goods or services Catalog list prices after this discount is applied is a ceiling on your pricing and not a floor because, in order to be more competitive in the individual circumstance, you may offer a larger discount depending on the items or services purchased and the quantity at time of sale. Please note that any specific greater discount offered for a particular product, brand, or service listed in Vendor's proposal will control and Vendor will be required to honor that greater specific discount, in excess of the minimum discount, for that particular product, brand, or service for the life of the contract.

Indemnification

The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from

indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as

ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for

any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently

performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on

behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in

the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to

indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated

damages, attorney's fees, waiver of vendor's liability, and waiver of statutes of limitations clauses should also be deleted or qualified

with "to the extent permitted by the Constitution and laws of State of Texas."

Student safety in the digital age

Keeping students safe used to be a lot simpler. But the rise of technology in the classroom and beyond has forever changed the scope and requirements of student safety—and the role IT professionals play in school settings.

It started with web filtering and blocking designed to protect students from exposure to pornography and explicit content. Next came unified threat management (UTM) solutions that consolidated multiple security and networking functions in a single device or service on the network, providing even more protection from increasing threats.

There have been 1,164 cybersecurity-related incidents involving U.S. public schools since 2016.¹

These once leading-edge defenses are now table stakes. And CIPA compliance is just the tip of the iceberg. As 1:1 device and BYOD initiatives take hold in schools and resources increasingly move to the cloud, K-12 network administrators face new challenges.

Scalability limitations, bandwidth bottlenecks, and SSL filtering problems (both performance- and security-related) are common complaints. It's also taking longer to run reports and becoming more difficult to authenticate users off site, not to mention the issues with maintaining data accessibility and decrypting secure websites.

To address these challenges, schools are buying more and faster hardware like load balancers to accommodate the bandwidth and using multiple web filtering products just to get by. But these measures are barely adequate. And they do little to address the broader scope of threats to student safety, like cyberbullying and school violence.

There's no denying that technological advancements are creating new and bigger problems for those tasked with ensuring student safety. But while some blame technology for the increasing threats our kids face today, technology also holds the power to protect students and provide potentially life-saving information to parents and administrators.

Read on to deepen your understanding of both the challenges school IT administrators face and the latest solutions available to address student safety.

New challenges require new solutions

The student safety technology of the past relied heavily on web filtering products that could block pornography without blocking legitimate websites. Even as new products entered the market—like malware detection, firewalls, email archiving, and other tools enabling greater control and visibility across a network—their primary value was in helping districts maintain CIPA compliance and obtain E-rate funds rather than fully addressing the complex nature of student safety threats.

While these technologies addressed the challenges of their times, the times are changing. New challenges are arising, causing forward-thinking IT professionals to seek new solutions.

Emergence of cloud-based technologies

Cloud computing is gaining popularity because of the low-cost infrastructure, scalability, and new opportunities for classroom collaboration it offers. But the off-premises nature of cloud solutions brings additional challenges around mitigating risk from phishing, session hijacking, IP spoofing, and other malicious actions that put students' personal information in jeopardy of falling into the wrong hands and potentially being used against them or their families.

Increase in 1:1 technology initiatives and BYOD programs

Approximately 40% of school districts nationwide have either implemented a 1:1 initiative or authorized a bring-your-own-device (BYOD) program.² Given that nearly 95% of teenagers³ and almost 70% of children under 10 have access to a smartphone, tablet, or other Internet-connected device,⁴ IT professionals have more devices to monitor, more reports to create, and more users to authenticate—all without the benefit of more resources.

Rise in cyberbullying and safety concerns

While bullying was once limited mostly to the hallways and playground—areas that weren't under IT's purview—cyberbullying is now pervasive online and over digital devices. At the same time, school shootings are on the rise as are depression and suicide among young people. Youth suicide rates are now the highest they've been since 1960, when the government began keeping track.⁵ As the use of devices proliferates in our schools and classrooms, IT departments have a unique opportunity to proactively identify cyberbullying and other threats.

Sobering statistics about student safety

More than **59%** of students have been bullied or harassed online.⁶

Teen depression, self-harm, and cyberbullying have increased by as much as **70%** in a decade.⁷

At least one in four teens are receiving sexually explicit texts and emails, and at least one in seven are sending them.⁸

Just **23%** of teens who have been cyberbullied report notifying an adult.⁹

Between 2005 and 2017, the number of teens 12-17 reporting symptoms of a major depressive episode within the past year rose **52%**.¹⁰

In 2015, **40%** of high school students who identify as gay, lesbian, bisexual, or questioning were seriously considering suicide.¹¹

Suicide is the second-leading cause of death among individuals ages 10-34.¹²

While web filtering products have long been the first line of defense, they aren't sufficient to address the challenges of today. They often focus on just one type of threat and rely heavily on the keyword or phrase searches that won't pick up on more nuanced threats or coded language.

Other point solutions take screenshots of documents, videos, and web forums that are automatically emailed to administrators when a blacklisted word or phrase appears. But these technologies frequently deliver false positive alerts and unreliable data with no context to guide administrators to an appropriate response. Adding to the complexity, each of these tools has its own reporting suite and dashboard, creating data silos that dramatically limit visibility and transparency across all digital platforms. And the task of compiling all that information into meaningful context often falls to already overwhelmed IT staff.

To address the challenges you face, you don't need another point solution. You need an intuitive and integrated approach that breaks down data silos to enable deep-dive insights, actionable intelligence, and the ability to collaborate closely to protect students from online and offline threats without extensive manual report creation or other intervention. You'll find it in Securly.

Comprehensive student safety made surprisingly simple

You need a new approach to security, but you don't want to add complexity. Securly is revolutionizing school and student safety with an easy-to-use and quick-to-deploy cloud-based solution developed specifically for K-12 schools.

Proactively identify safety red flags

To address the full scope of student safety issues, you need more than just keyword detection or the ability to see what websites kids are accessing. Sentiment Detection uses advanced artificial intelligence (AI) designed to detect cyberbullying, self-harm, depression, violence, and other threat factors. By analyzing search engine queries and posts made on social media websites, Sentiment Detection can detect the emotional sentiment behind the words being used, while applying contextual intelligence to differentiate between benign and potentially dangerous language. For example, "I don't know how much longer I can take this" will be triggered, but "to kill a mockingbird" will not.

1 in 5 U.S. public school districts use Securly's advanced cloud-based web filter.

Once activity has been flagged, you can use delegated reporting and alerts to notify building-level administrators within seconds when a student is at risk. Delegated administrators can also access reports quickly and easily, and without changing filtering

policies—taking the burden off of district technology staff to provide access.

- Detect cyberbullying, self-harm, depression, violence, and more using advanced AI
- Minimize false alarms by applying contextual intelligence
- Notify building-level administrators within seconds and delegate access to reports

“Our students are safer due to the monitoring of bullying and self-harm. The quick turn around from incident to reporting to administration is amazing.”

Chris Parker

Technology Coordinator, Gateway Regional School District

Extend threat identification to emails and documents

The ability to filter web data in a better and more meaningful way is just the beginning. With Securly, you can apply advanced auditing capabilities to ensure you have a safe environment everywhere your students are active. By applying Sentiment Detection to emails and G Suite and Office365 cloud drives, you can identify harmful content in emails sent and received, as well as in attachments and stored documents. Administrators are instantly notified of flagged activity, including copies of the actual content that needs review.

An audit of 150 devices issued to students in nine of the 144 school districts in Mississippi found that 20% contained explicit material.¹³

This threat detection also encompasses pornographic content. Most school districts have child pornography present in their cloud environments, whether they realize it or not. This raises concerns about CIPA compliance, and for good reason. With Securly’s image detection capability, you’re notified when pornographic and inappropriate images are found in emails, attachments, and documents.

- Apply advanced filtering to emails, attachments, and G Suite and Office365 files
- Detect pornographic content in images
- Instantly notify administrators and include flagged content with blurred versions of images

Partner with parents to protect students

The best approach to student safety is one that facilitates partnership and collaboration between the school and parents. With Securly, you can empower parents to take an active role in their children's online safety by offering them a fully integrated companion application that gives them visibility into their child's online activity on a school device. You can choose to provide visibility over at-home activity alone or expose educational activity if desired.

More than 1 million parents are partnering with schools to protect their students' safety.

Parental controls can be applied to allow parents to have direct input over what their child does on school devices in their own home. They're able to take an active role in their kids' online activities and be notified of risky behavior. With multiple settings that

can fit most any school take-home policy, you can give parents the access they're legally entitled to through Family Educational Rights and Privacy Act (FERPA) regulations, as well as the involvement they need to fully address student safety. In fact, Securly offers a suite of products specifically designed for parents, so you can all be on the same page.

- Facilitate parental involvement in students' online safety
- Provide parents visibility into activity on school devices
- Apply controls consistent with your take-home device policy

"Securly offers our district a way to partner with families to help students establish those important digital citizenship footprints."

Provide life-saving alerts

As school shootings make headline news and youth suicide rates continue to rise, many feel powerless to make a difference. Securly gives you access to experts trained to identify the signs of severe bullying, depression, and violent acts. You'll be supported by a team of analysts with expertise in criminology and psychology who work 24/7 to review social media posts, websites visited, flagged emails, and tipline data to identify potential threats among your student population and alert your staff or local authorities.

Real-life scenarios aided by Securly alerts

*@K heard back from @M after turning off their trial a half hour ago. "Last weekend, your staff contacted our tram after hours after a student searched **how to bring harm to themselves**. While the parents knew the child was having issues; she did not know the level until the police showed up to do a wellness check and explained what was reported. This parent was a teacher in our district. This platform saved a life and I'm wondering if what we need to do to keep on the last two weeks of school. I also need to know the next steps for a full implementation starting fall."*

After finding a student doing these searches—"overdose+on+painkillers," "what+happens+when+you+overdose+on+painkillers," and "overdose+on+ibuprofen,"

plus an earlier unflagged search about the **effects of taking 15 ibuprofen**—Securly's analyst called the police to request a wellness check. She later got a call from the police saying they were at the house, the student had overdosed, and an ambulance was en route.

@P and @R notified a district last night about a student searching for **“how+does+one+make+a+bomb”** and **“how+does+one+make+a+bomb+with+stuff+at+home.”** After calling the district, @R followed up with another notification letting them know the student had continued, searching for **“how+does+one+make+a+bomb+list”** and **“ingredients+for+a+bomb.”** The district responded to let us know they were turning the information over to law enforcement.

With an average response time of three minutes, our alerts have included suicidal behavior, imminent suicide threats, and calls for wellness checks. Securly's tipline service also provides students the ability to anonymously report being bullied, as well as report anything they believe may be a threat or safety risk.

- Gain 24/7 expert analysis of potential threats
- Act on potentially life-saving alerts within minutes
- Provide tipline service for students to report perceived threats and safety risks
