with the TIPS Member.

### Agreements

Agreements for purchase will normally be put into effect by means of a contract, agreement, or purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion. Vendor accepts and understands that when a purchase order or similar purchase document is sent from a customer through TIPS to the Vendor, TIPS is recording the purchase and verifying whether the purchase is within the parameters of the TIPS Contract only. Vendor agrees that TIPS is not a legal party to the purchase order or similar purchase document and TIPS is not responsible for identifying fraud, mistakes, or misrepresentations for the specific order. Vendor agrees that any purchase order or similar purchase document issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. A Vendor that accepts a purchase order or similar purchase document and fulfills an order, even when processed through TIPS, is representing that the vendor has carefully reviewed the purchase order or similar purchase document for legality, authenticity, and accuracy.

### Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

### **Assignments of Agreements**

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

#### **Disclosures**

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to
  give, nor intends to give at any time hereafter any economic opportunity, future employment, gift,
  loan, gratuity, special discount, trip, favor or service to a public servant in connection with this
  Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at
  independently, and is submitted without collusion with anyone to obtain information or gain any
  favoritism that would in any way limit competition or give an unfair advantage over other vendors in
  the award of this Agreement.

### **Term of Agreement and Renewals**

The Agreement with TIPS is for approximately three (3) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base three-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

"Start Date" for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement "term" calculation purposes only, the Agreement "start date" is the last day of the month that Award Notifications are anticipated as published in the Solicitation

**Example:** If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 The end date of the resulting initial "three-year" term Agreement, (which is subject to an extension(s)) will still be May 31, 2023 in this example.

"Termination Date": The scheduled Agreement "termination date" shall be the last day of the month of the month of the Original Solicitation's Anticipated Award Date plus three years.

**Example:** If the original term is approximately three years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original three-year term shall be May 31, 2023 in this example.

**Extensions:** Any extensions of the original term shall begin on the next day after the day the original term expires.

**Example Following the Previous Example:** If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2024 in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

# Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

### Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

### **Invoices**

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

### **Payments**

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

### **Pricing**

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

### Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

### Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors form.cfm and click on the PO's and Payments tab. Pages 3-7 of the Vendor Portal User Guide will walk you through the process of reporting sales to TIPS. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

### Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death),

property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

### State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

#### Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

### **Purchase Order Pricing/Product Deviation**

The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. #### ADDENDUM NO. 1 TIPS 220106 Comprehensive HVAC (2 Part with JOC)

This Addendum #1 <u>does not</u> require action from responding Vendors and <u>does not</u> require resubmission for Vendors who have already submitted. It is only to correct a misstatement originally included in Pages 4-5 of the solicitation attachment entitled "220106 RCSP Specifications." The original pages 4-5 provided for and discussed a term of years of, "approximately two (2) years with an option for renewal extension for an additional three (4) consecutive one (1) year terms." This Addendum No. 1 corrects it to properly state and describe a term of, "approximately two (2) years with an option for renewal extension for an additional two (2) consecutive one (1) year terms" as expanded upon below. Specifically, the section entitled "Term of Agreement and Renewals" starting on Page 4 and ending on Page 5 of the attachment entitled "220106 RCSP Specifications" is now changed to read as follows:

#### "Term of Agreement and Renewals

The Agreement with TIPS is for approximately two (2) years with an option for renewal extension for an additional two (2) consecutive one (1) year terms. The first renewal extension year shall be automatic unless the awarded vendor notifies TIPS of its objection to the first additional one (1) year renewal extension. If TIPS offers the second one (1) year renewal extension terms, the vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base term. Whether or not to offer the renewal extension years is at the sole discretion of TIPS.

"Start Date" for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement "term" calculation purposes only, the Agreement "start date" is the last day of the month that Award Notifications are anticipated as published in the Solicitation.

**Example:** If the anticipated award date published in the Solicitation is August 27, 2020 but extended negotiations delay award until September 24, 2020 the end date of the resulting initial "two-year" term Agreement, (which is subject to an extension(s)) will still be August 31, 2022 in this example

"Termination Date": The scheduled Agreement "termination date" shall be the last day of the month of the month of the Original Solicitation's Anticipated Award Date plus two years.

**Example:** If the original term is approximately two years, and the solicitation provides an anticipated award date of August 27, 2020, the expiration date of the original two-year term shall be August 31, 2022 in this example.

**Extensions:** Any extensions of the original term shall begin on the next day after the day the original term expires.

**Example Following the Previous Example:** *If TIPS offers a one-year extension, the expiration of the extended term shall be August 31, 2023* in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

Total term of Agreement can be up to the number of years provided in the solicitation or as limited by statute."

#### ADDENDUM NO. 2 TIPS 220106 Comprehensive HVAC (2 Part with JOC)

This correction <u>does not</u> require action from responding Vendors and <u>does not</u> require resubmission for Vendors who have already submitted <u>unless you wish to correct the optional form entitled "PART 2 JOC</u> <u>Pricing of Itemized List of Means Non-Prepriced Items" based on the information herein.</u> This Addendum is only to correct a misstatement on the original optional attachment entitled "PART 2 JOC Pricing of Itemized List of Means Non-Prepriced Items." The attachment mistakenly provided for and discussed "Attribute 39." Specifically, any erroneous reference to "Attribute 39" on the specified attachment should be considered immediately replaced with "the Attribute Question asking for Pricing for Markup of Non-Prepriced Items in RS Means Unit Price Book." Please disregard any reference to Attribute 39 on this optional form and consider it to be referencing the Attribute Question asking for "Pricing for Markup of Non-Prepriced Items in RS Means Unit Price Book" instead.

# Building Management Systems (BMS)

The Design, Build, Own, Operate and Maintain ("DBOOM") model is a risk mitigation concept from the owner's perspective.

#### **Building Management Systems are a core competency**

- Tinker Air Force Base, Oklahoma
- · Texas Children's Hospital, Houston, TX
- Canada Metrolink
- New Delhi Metro

#### **Demonstrated Experience, Skills, and Capabilities**

Building management systems are one of Honeywell's core competencies. This expertise incorporates control technology transfer from other divisions such as aerospace, defense systems and industrial process controls. Regardless of building configuration, Honeywell's analytical approach ensures that installed systems work as designed to ensure real, sustainable operations and results. Due to our control system experience, Honeywell has the ability to design and install

new systems or construct innovative solutions based on individual customer needs. The figure above demonstrates four successful implementations of large-scale building automation systems. Honeywell is a world leader in controls manufacturing; therefore, we have the ability to stand behind our products and develop custom solutions. This ensures that our customers realize the full value of their investment, while gaining access to our extensive controls and integration experience.

#### **Command and Control Suite**

The Command and Control Suite (CCS) helps streamline complex operations by better coordinating your systems, teams, and devices, even across distributed facilities. CCS is a suite of applications for diverse interfaces (desktops, laptops, tablets, wall-mounted touchscreens, as well as web browsers) designed to facilitate enterprise operations from virtually anywhere.

An intuitive map-based interface makes critical information easier to access quickly, and with Incident Workflows, you can use standard operating procedures (SOPs) to efficiently respond to a variety of situations.

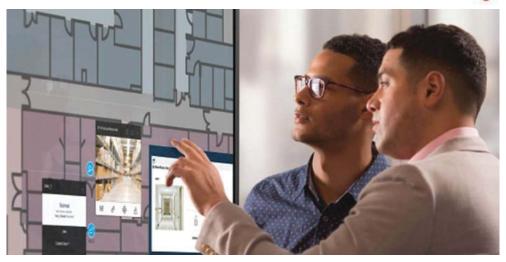

CCS is an open system that supports a full range of industry standard open protocols and webservices interfaces. It can integrate with other facility systems such as life safety, and building management, including Enterprise Buildings Integrator (EBI) from Honeywell. CCS works with systems and equipment from numerous suppliers, as well as business and operational systems in a variety of industries.

#### **Command Wall**

Collaboration and Incident Response - More effectively coordinate responses, such as evacuations. Simplify the reprioritization and redirection of critical tasks, as well as management of daily tasks.

# Honeywell

#### **Command Station**

Desktop and Mobile Operations - Get an overview of events on site, virtually anytime, anywhere. Designed to help you coordinate maintenance, deploy staff, and respond to incidents, and to give on-site technicians system access. Installs on Windows-based tablets, laptops, and single-monitor desktops, or access via web browser on virtually any device.

*Mitigate Risk* - During an incident, the right decision can be the difference between minor downtime and major disruption. CCS helps you keep disruption to a minimum, even in a major incident.

- Incident Workflow incorporates SOPs to help you improve the quality and consistency of responses and to reduce risk. CCS further enhances timeline and map integration.
- Access via mobile devices enables monitoring beyond the control room for a more agile, informed response.

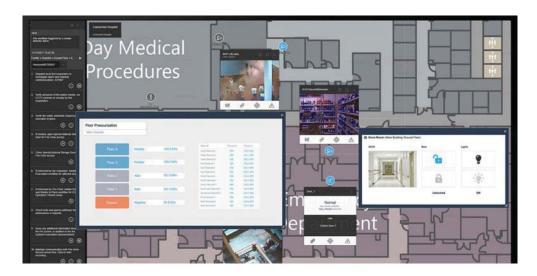

*Minimize Downtime* - Disruptions, like a breakdown or a breach, can be costly. CCS helps you increase the resiliency of your operations.

- Integrating fire sensors, HVAC, and other systems organizes data in one place for more efficient investigation and diagnosis.
- Make informed decisions more quickly using alarm management, and Enterprise Dashboards. Smart-map elements populate subsystems with real-time details for faster, more accurate navigation and insights.
- CCS virtualization and redundancy options help improve system uptime and simplify management to support overall business continuity.

**Increase Productivity** - Map-based navigation displays information only as needed for detailed yet intuitive navigation, and supports touch control for faster use and training, and cross-skilled teams.

- The ability to view and manage numerous facility systems in one place enhances the value of facility-wide integration.
- Enterprise Dashboards give you insights into your building's energy use and efficiency to help you optimize performance and reduce costs.
- CCS displays map-based information on tablets, computer monitors and wall-sized touch screens. Fast, intuitive displays provide on-screen access not only to security video and enterprise dashboards, but to documents, drawings, procedures and other relevant information people may need quickly

**Build Confidence** - Instill confidence in your teams and stakeholders: CCS helps you demonstrate greater safety, security, and readiness.

- Improve compliance: Preserve each step your operators take with digital recordings of the Incident Workflow process.
- Accelerate post-incident analysis with automated reporting.
- CCS provides instinctive user experiences designed for the needs of your teams not the limits of devices or systems.
- CCS offers more install options, from a "thin client" to various server options, helping tailor your system to your needs for installation costs, data security, and backups.

#### Redundancy

BMS hot redundant servers is a core component of the Honeywell BMS system. Should the Primary Server fail, a fully functioning Backup Server will assume the Primary role within approximately 10 seconds. The Primary Server is used to mean the specific EBI server that is actively providing EBI functions to the controllers and users. This provides the user with redundancy of their critical BMS servers. The Primary Server propagates all database transactions to the Backup Server over a network connection so that both databases remain in synchronization. During normal operation where both servers are fully functioning, this process is referred to as on-line database backup or just on-line backup. In the best case, where the Controllers/PLCs support fully redundant communications, architecture may be provided which eliminates single points of failure all the way to the controller.

#### **Distributed System Architecture**

Distributed System Architecture (DSA) is a core component that allows centralized monitoring and control of multiple BMS servers over standard LAN/WAN connections as it is one system. DSA also enables geographically distributed systems to function as one large system. This allows operators to seamlessly monitor, access, and operate the entire system from one interface.

#### **Incident Workflow**

Incident Workflow helps guide users through the decision-making and response process during critical situations. By seamlessly integrating emergency operations with enterprise applications, Incident Workflow will help reduce risk, promote continuity and increase productivity throughout your business.

**Collaborate to Reduce Costs** - You can often develop a more rapid incident response by thinking outside the control room – Incident Workflow allows first responders, operations and facility staff to cooperatively respond to incidents from multiple devices.

Seamless integration with BMS allows intelligent automation across your facility. For example, authorized users can perform a number of actions from a single workflow:

- Mass notification to affected users, tenants or customers
- Automated or manual control of surveillance cameras
- Unlocking and locking of doors to allow first responders to access critical areas

**Manage Incidents. Reduce Risk. -** By combining business-critical Standard Operating Procedures (SOP) with automated and manual detection of incidents, you can promote reduced disruption to your business. With immediate access to SOPs, operators are guided through potential responses in near real-time, reducing potential impact and the risk of incident escalation.

You can easily link SOPs to multiple locations within your building, providing users with relevant information regarding specific issues. And because all these functionalities are promptly available through an intuitive interface, it promotes reduced response times and improved effectiveness.

**Simple Yet Powerful** - Incident Workflow is powered by the unseen intelligence of BMS and employs advanced user experience design across multiple devices – Honeywell Command Wall, desktop or tablet. Incident Workflow's clear and easy-to-understand workflow typically reduces training requirements and administration and helps provide increased confidence in the user.

**Automated Productivity** - There's no need for information to be manually written with Incident Workflow – all reports can be automatically retrieved and accurately reproduced, often increasing productivity and reducing costs. You can also manage scheduled events with simplicity, such as regular maintenance or security checks, helping to reduce the chance of manual error.

**Building Confidence in Compliance** - As events occur you can access visualization of progress, priority, comments and owners. This automated system can also be used to demonstrate

enhanced security, safety and readiness to respond – increasing stakeholder trust in business continuity. To further compliance and traceability, you can readily create reports that demonstrate adherence to established protocols. Following an incident, you can recall user actions, including a time-stamp and their name. This analysis of individual events allows you to plan and better prevent future incidents, helping to reduce long-term costs and optimizing resource management.

#### **Comfort Point Open BMS**

#### **Solution Development**

Honeywell has demonstrated for many years our ability to implement the right solutions for our customers. The key component to this success is our solution development process. From the very beginning of your automation project, Honeywell works with you to understand your mission, requirements, desires, operational processes and, most of all, your budget and other financial constraints.

The first step is to get a clear understanding of your needs, budget and mission. Honeywell's solution development engineers and consultants work closely with you to clearly outline where your project ultimately needs to be. We employ our own resources, as well as third party firms that may have special skills in an area critical to your project.

Once we are all clear on your project's direction, we go through the iterative process of deciding on the best technologies to meet your building automation goals. This involves researching past, current and future technologies and evaluating them based on your budget.

After the preliminary assessment is complete, we move into the detailed design phase. The detailed design can involve existing buildings as well as new construction. This is a highly involved effort and is critical, especially with new construction, because it lays the foundation for the success of your project.

Finally, the project moves into the implementation phase when the selected parts of your project meet your needs, mission and budget requirements.

# Innovative Strategies to Consider for your Project

  - Lighting systems
  - Shade systems
  - Daylight Harvesting Systems
  - Solar Panel Systems
  - Wind Energy Systems
  - Passenger turnstiles
  - Point of Sale Systems
  - Maintenance Management Systems
  - Rail Management Systems
  - o Generation Systems

- Heating, Ventilation and Air Conditioning
  - Freezer temperature
  - Infectious disease containment
    - Ultraviolet Disinfection

- Room Pressure Control
- Set Negative Pressure to ASHRAE 170 Standard
  - Set 100% outside air, close return air damper
  - 2. Open exhaust damper; start exhaust fan
  - 3. Increase room exhaust airflow at a venturi air valve so set room pressure negative
  - 4. Increase airflow into the corridor to offset the airflow change

- Scheduling
- Optimized Start / Stop of equipment
- Track cooling tower make up water
- Track chilled water system make up water
- Continuous Commissioning

# **Commissioning Approach**

BMS commissioning involves end device check-out, sensor accuracy, and sequence functionality for accurate control. Our engineers go through a point-by-point checkout of all devices and compare to measured values. Front-end workstation graphics are reviewed on a point-by-point basis to verify point information and setpoints. Honeywell engineers analyze key performance data by establishing trends and tracking equipment operation. Trend data assists our engineers with verifying correct sequences are in place and equipment is operating properly.

#### **ACCREDITATIONS AND AFFILIATIONS**

#### **ENERGY ACCREDITATIONS AND AFFILIATIONS**

#### National Association of Energy Service Companies

Honeywell is accredited as an Energy Service Company by the National Association of Energy Services Companies. In fact, Alicia Collier, Honeywell's Energy Policy Director, currently serves on the NAESCO Board of Directors.

#### Department of Energy/Defense

We have also been designated as a pre-qualified ESCO, holding multiple Indefinite Delivery/Indefinite Quantity (IDIQ) contracts with the U.S. Army Corp of Engineers and Department of Energy (DOE) serving many agencies.

#### U.S. Green Building Council

We are a member of the U.S. Green Building Council (USGBC), a community of professionals who share the similar goal of advancing sustainable building practices. Many of the engineers and professionals on your Honeywell team are LEED® Accredited Professionals, with certification and expertise in new construction and existing buildings. The LEED® (Leadership in Energy and Environmental Design) Green Building Rating System® is a voluntary, consensus-based national standard for developing high-performance, sustainable buildings. Honeywell LEED® Accredited Professionals bear the distinction through rigorous study and examination.

ENERGY

#### LEED EB Ratings Interaction

At the core of the LEED Rating System is a holistic process of evaluation, decision making and design involving all disciplines of the design team, the building <u>owner</u> and tenants, as well as operation and maintenance staff. The LEED process, energy auditing and performance contracting are complimentary and easily integrated with one another.

El Paso ISD's Investment Grade Audit (IGA) will be performed in conjunction with the LEED Assessment Analysis (LAA). These tools, developed side-by-side, will form the basis of a single, integrated action plan that can incorporate interaction with carbon footprint calculations and protocols. Honeywell has LEED Accredited Professionals assigned to the City's project team.

#### Military Times "Best for Vets" Employer 2017

Honeywell is a Military Times "Best for Vets" Employer 2017. Each year, Military Times invites companies to fill out a nearly 100-question survey that results in the rankings that "evaluate companies' culture, veteran recruiting, veteran policies and accommodations for members of the National Guard and reserves." "The Best for Vets designation and logo cannot be bought. Only earned," said George Altman, the Military Times editor in charge of the rankings. "The companies on the Military Times Best for Vets list earned their rankings through determined efforts to recruit and support service members, veterans and military families. These efforts deserve recognition from the country and should get the attention of veterans looking for a new career." Honeywell was named a "Best for Vets" employer because of its military recruiting efforts, percentage of new hires with previous military service and company policies towards National Guard and reserve service. Honeywell also was designated as a 2017 Military Friendly® Employer by Victory Media, publisher of G.I. Jobs®. U.S. Veterans Magazine named Honeywell one of the 2016 Best of the Best Top Veteran Friendly Companies.

We believe that the above accreditations and accolades are indicative of our long-term commitment to our ability to maximize customer value by integrating the latest in energy technology and management best practices and solutions into our projects to optimize results on your behalf.
