PART 1 ONLY

Between Provincial South, Inc. dba PSI Roofing and
(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS),
a Department of Texas Education Service Center Region 8 for
TIPS RFP 220107 Trades, Labor, and Materials (2 Part with JOC)- PART 1 ONLY

General Information

The Vendor Agreement (“Agreement”) made and entered into by and between The Interlocal Purchasing System (hereinafter “TIPS”) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686 and the TIPS Vendor. This Agreement consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order (“PO”), Agreement or Contract is the TIPS Member’s approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the possible addendums.

Terms and Conditions

Freight

All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include ***manufacturer's minimum standard warranty*** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed

with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a contract, agreement, or purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion. Vendor accepts and understands that when a purchase order or similar purchase document is sent from a customer through TIPS to the Vendor, TIPS is recording the purchase and verifying whether the purchase is within the parameters of the TIPS Contract only. Vendor agrees that TIPS is not a legal party to the purchase order or similar purchase document and TIPS is not responsible for identifying fraud, mistakes, or misrepresentations for the specific order. Vendor agrees that any purchase order or similar purchase document issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. A Vendor that accepts a purchase order or similar purchase document and fulfills an order, even when processed through TIPS, is representing that the vendor has carefully reviewed the purchase order or similar purchase document for legality, authenticity, and accuracy.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately five (5) years.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that Award Notifications are anticipated as published in the Solicitation.

Example: If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 the end date of the resulting initial “five-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2025 in this example.

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation’s Anticipated Award Date plus five years.

Example: If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025 in this example.

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026 in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

Total term of Agreement can be up to the number of years provided in the solicitation or as limited by statute.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member’s purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at tipspo@tips-usa.com.

35 Discount Offered - CAUTION READ CAREFULLY BECAUSE VENDORS FREQUENTLY MAKE MISTAKES ON THIS ATTRIBUTE QUESTION

Remember this is a **MINIMUM** discount percentage. So, be sure that the discount percentage inserted here can be applied to ANY OFFERING OF GOODS OR SERVICES THROUGHOUT THE LIFE OF THE CONTRACT.

CAUTION: BE CERTAIN YOU CAN HONOR THIS **MINIMUM** DISCOUNT PERCENTAGE ON ANY OFFERED SERVICE OR GOOD NOW OR DURING THE LIFE OF THE CONTRACT.

If awarded on PART 1, what is the **MINIMUM** percentage discount off of any item or service you offer to TIPS Members that is in your regular catalog (as defined in the solicitation specifications document), website, store or shelf pricing or when adding new goods or services to your offerings during the life of the contract? The resulting price of any goods or services Catalog list prices after this discount is applied is a ceiling on your pricing and not a floor because, in order to be more competitive in the individual circumstance, you may offer a larger discount depending on the items or services purchased and the quantity at time of sale. Please note that any specific greater discount offered for a particular product, brand, or service listed in Vendor's proposal will control and Vendor will be required to honor that greater specific discount, in excess of the minimum discount, for that particular product, brand, or service for the life of the contract.

Must answer with a number between 0% and 100%.

36 MINIMUM Discount Term

If awarded on PART 1, does the vendor agree to at least offer, for the life of the Agreement, the Minimum Discount Percentage off list or catalog proposed by Vendor in response to the Attribute entitled "Discount Offered - CAUTION READ CAREFULLY BECAUSE VENDORS FREQUENTLY MAKE MISTAKES ON THIS ATTRIBUTE QUESTION"? TIPS will utilize this response to satisfy the Long Term Cost scoring evaluation criteria on PART 1. A "YES" answer will be awarded the maximum 10 points for this criterion out of the 100 total points and a "NO" answer is awarded 0 points.

37 Yes - No

If awarded on Part 1 of the TIPS Contract, for the duration of the Contract, Vendor agrees to provide, upon request, their then current catalog pricing, as defined in the solicitation and below, to TIPS upon request for any goods and services offered on PART 1 of the Vendor's TIPS Contract, if any.

"Catalog" means the available list of tangible personal property or services, in the most current listing, regardless of date, during the life of the contract, that takes the form of a catalog, price list, schedule, shelf price or other form that:

- A. is regularly maintained by the manufacturer or Vendor of an item; and
- B. is either published or otherwise available for inspection by a customer during the purchase process;
- C. to which the minimum discount proposed by the proposing Vendor may be applied.

38 TIPS administration fee

By submitting a proposal, I agree that all pricing submitted to TIPS shall include the participation fee, as designated in the solicitation or as otherwise agreed in writing and shall be remitted to TIPS by the Vendor or the vendor's named resellers and as agreed in the Vendor agreement. I agree that the fee shall not and will not be added by the vendor as a separate line item on a TIPS member invoice, quote, proposal or any other written communications with the TIPS member.

3 **REQUIRED FOR PART 2 JOC - PRICING OF Regular Hours Coefficient**

9 **What is your regular hours coefficient for the RS Means Price Book? (FAILURE TO RESPOND PROHIBITS PART 2 JOC EVALUATION)**

Remember that this is a ceiling price proposed. You can discount lower than your proposed contract coefficient, but not higher.

This is one of three pricing questions that are required for consideration for award on this solicitation. Please consider your answer carefully. An explanation of the TIPS scoring of pricing is included in the attachments for your information.

The below is an Example of how pricing model works (not intended to influence your proposed coefficient, you should propose a coefficient that you determine is right for your business):

To propose the exact pricing as the RS Means Unit Price Book, you would insert a 1.0 and to propose a 5% discount for the RS Means Price Book would be a .95 regular hours coefficient and so on.

4 **REQUIRED FOR PART 2 JOC - PRICING OF After Hours Coefficient**

0 **What is your after hours coefficient for the RS Means Price Book for work performed after normal working hours? (FAILURE TO RESPOND PROHIBITS PART 2 JOC EVALUATION)**

Remember that this is a ceiling price proposed. You can discount to any TIPS Member customer a lower coefficient than your proposed contract coefficient, but not higher.

This is one of three pricing questions that are required for consideration for award on this solicitation. Please consider your answer carefully. An explanation of the TIPS scoring of pricing titled "Pricing Coefficient Instruction" is included in the attachments for your information.

The below is an EXAMPLE of how the pricing model works (It is not intended to influence your proposed coefficient, you should propose a coefficient that you determine is reasonable for your business for the life of the contract): The most common after hours coefficient is time and a half of the RS Means Unit Price Book prices. To illustrate this coefficient, if your regular hours coefficient is .95, your after hours coefficient would be 1.45.

4 **REQUIRED FOR 2 PART JOC - PRICING for Markup of Non-Prepriced Items in RS Means Unit Price Book**

1 **YOU MUST ENTER A PERCENTAGE NOT A COEFFICIENT.**

What is your proposed Markup Percentage on materials not found in the RS Means Price Book? (FAILURE TO RESPOND PROHIBITS PART 2 JOC EVALUATION)

If any materials being utilized for a project cannot be found in the RS Means Price Book, this question is what is the markup percentage on those materials?

When answering this question please insert the number that represents your percentage of proposed markup. **YOU MUST ENTER A PERCENTAGE NOT A COEFFICIENT.**

Example: if you are proposing a 30 percent markup, please insert the number "30".

Remember that this is a ceiling markup. You may markup a lesser percentage to the TIPS Member customer when pricing the project, but not a greater percentage.

EXAMPLE: You need special materials that are not in the RS Means Unit Price Book for a project. You would buy the materials and mark them up to the TIPS Member customer by the percentage you propose in this question. If the materials cost you, the contractor, \$100 and you proposed a markup on this question for the material of 30 percent, then you would charge the TIPS Member customer \$130 for the materials.

YOU MUST ENTER A PERCENTAGE NOT A COEFFICIENT

4 3	<p>TIPS Administration Fee Paid by Vendor - Not Charged to Customer</p> <p>Vendor understands and agrees that it owes TIPS a TIPS Administration Fee (published in the RFP/RCSP document) on every TIPS sale made under an awarded TIPS Contract. Vendor further understands and agrees that Vendor shall submit pricing with this proposal which includes and accounts for the TIPS Administration Fee and shall never separately charge the TIPS Member Customer the TIPS fee or add the TIPS Administration Fee line item to an invoice or similar purchase document. If ACME were a TIPS awarded vendor, then ACME would list BIGmart as a reseller.</p> <p>(Resellers are only permitted under a PART 1 award. If applicable, Vendor should add all Authorized Resellers within the TIPS Vendor Portal upon award).</p> <p><input type="text" value="No"/></p>

Contract clauses which require the System or institutions to indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Subject to the terms conditions and limitations contained herein, Provincial South, Inc. ("PSI Roofing") shall repair or cause to be repaired any leaks in the roof of the building indicated above (the "Roof", waterproof, siding) which are caused by defects in workmanship in the installation of the PSI ROOFING System by PSI ROOFING when such leaks occur during the period from the date of acceptance indicated above, until the term of the warranty expires upon it's anniversary as indicated above. This warranty is for the benefit solely of the building owner described above ("owner") and is neither assignable nor transferable unless PSI Roofing is notified within 30 days of the transfer of ownership and written permission from PSI ROOFING.

TERMS, CONDITIONS, LIMITATIONS

PSI ROOFING's liability under this warranty and its obligations to expend the funds necessary to make repairs over the life of this warranty shall be limited in amount to the Owner's original cost of the installed PSI ROOFING System. PSI ROOFING's obligation under this warranty shall be limited to repair or replacement at PSI ROOFING's sole option, of any items which P.S.I determines to be covered under this warranty. The owners sole remedy against PSI ROOFING with respect to the PSI ROOFING System shall be by breach of this warranty. PSI ROOFING has no obligation concerning any damage caused to structure or contents of this building, even in the event such damage is caused by a roof defect. Owner is to carry insurances to cover these items at all times.

Every twelve months for the duration of the warranty the Owner shall notify PSI ROOFING, in writing, that an inspection is due, and a PSI ROOFING technical representative shall conduct an on roof inspection of the PSI ROOFING System in order to evaluate the condition of the roofing system. In the event that such inspection reveals a condition which, in the judgment of PSI ROOFING, which is not a defect covered by this warranty or is the result of an event or activity described in Paragraph 4 of this warranty, then the obligations of PSI ROOFING under this warranty shall terminate unless the Owner immediately makes, to the satisfaction of PSI ROOFING, such repairs as PSI ROOFING, within its sole discretion shall require. Once the owner has caused such repairs to be made then the protection of the warranty shall resume and continue in full force.

- g) There are any alterations or repairs made on or through the Roof or objects (including, without limitation, machines, structures, fixtures or utilities are placed on the Roof without prior written authorization of PSI ROOFING
- h) The Owner or Lessee fails to comply with any material, term or condition of this warranty, including any failure by the owner or owner's designated representative to request, schedule and obtain the inspection required by Paragraph 2 of this warranty.
- i) The Owner shall cause PSI ROOFING and its agents and employees to have free access to the Roof during regular business hours during the term of this warranty.

PSI ROOFING's failure at any time to enforce any of the terms or conditions of this warranty shall not be a waiver of provision.

PSI ROOFING shall have no obligation under this warranty to repair any leak, unless the Owner notifies PSI ROOFING by phone or fax within 24 hours of such leak in reasonable detail and in writing within (48) hours of the discovery of such leak.

PSI ROOFING's good faith determination of the cause of leaks or damage to the roof shall be conclusive.

services enables us to meet the performance, budgetary, and scheduling requirements for a complete range of commercial, industrial and public building markets. Duro-Last

Duro-Last began in 1978 with the simple need to find a roofing system that worked. Existing roofing systems presented a common problem – they required ongoing maintenance and continual expense, with no long-term solution in sight. Founder John R. Burt used his experience in fabricating pool liners to develop a remarkable new roofing membrane. Two years of additional testing resulted in the proprietary membrane formula still in use today. Investigation of the roofing industry proved that the majority of roofing system failures then (and still today) are not due to the roofing system assembly itself but to workmanship on-site. To solve this problem we brought our roofing system “in-house” developing custom prefabrication methods and specialized equipment that allows us to complete nearly 100% of the difficult roof details and up to 85% of field seams under ideal factory controlled conditions. The result is lower on-site labor costs and better installation quality. Duro-Last is now the world’s largest manufacturer of prefabricated roofing systems. The Duro-Last Roofing System, contractor installation team, customer service and warranty all set the quality standards for the roofing industry.

Today, Carlisle’s product offering has grown to include Sure-Weld® TPO, Sure-Flex™ PVC, and FleeceBACK® membranes, as well as a full line of innovative, labor-saving accessories. Subject to the terms conditions and limitations contained herein, Provincial South, Inc. ("PSI Roofing") shall repair or cause to be repaired any leaks in the roof of the building indicated above (the "Roof", waterproof, siding) which are caused by defects in workmanship in the installation of the PSI ROOFING System by PSI ROOFING when such leaks occur during the period from the date of acceptance indicated above, until the term of the warranty expires upon it's anniversary as indicated above. This warranty is for the benefit solely of the building owner described above ("owner") and is neither assignable nor transferable unless PSI Roofing is notified within 30 days of the transfer of ownership and written permission from PSI ROOFING.

TERMS, CONDITIONS, LIMITATIONS

PSI ROOFING's liability under this warranty and its obligations to expend the funds necessary to make repairs over the life of this warranty shall be limited in amount to the Owner's original cost of the installed PSI ROOFING System. PSI ROOFING's obligation under this warranty shall be limited to repair or replacement at PSI ROOFING's sole option, of any items which P.S.I determines to be covered under this warranty. The owners sole remedy against PSI ROOFING with respect to the PSI ROOFING System shall be by breach of this warranty. PSI ROOFING has no obligation concerning any damage caused to structure or contents of this building, even in the event such damage is caused by a roof defect. Owner is to carry insurances to cover these items at all times.

Every twelve months for the duration of the warranty the Owner shall notify PSI ROOFING, in writing, that an inspection is due, and a PSI ROOFING technical representative shall conduct an on roof inspection of the PSI ROOFING System in order to evaluate the condition of the roofing system. In the event that such inspection reveals a condition which, in the judgment of PSI ROOFING, which is not a defect covered by this warranty or is the result of an event or activity described in Paragraph 4 of this warranty, then the obligations of PSI ROOFING under this warranty shall terminate unless the Owner immediately makes, to the satisfaction of PSI ROOFING, such repairs as PSI ROOFING, within its sole discretion shall require. Once the owner has caused such repairs to be made then the protection of the warranty shall resume and continue in full force.

PSI ROOFING shall have no obligation under this warranty until it has received payment in full for all materials and services provided and the annual maintenance has been completed and is up to date.

PSI ROOFING shall have no obligation under this warranty in the event that:

- a) The roof is damaged by extraordinary natural forces, including without limitations, winds equal to or in excess of gales, hurricanes, tornadoes, as defined by the Beaufort Scale, wind launched debris, lightning, earthquakes or other similar acts of God or natural causes, or by falling trees, objects or other debris regardless of origin.
- b) The roof is damaged by willful or negligent acts including, but not limited to, fire, vandalism, labor strikes, civil uprising, acts of war or other misuse.
- c) The Roof is damaged, fails, or becomes defective as a result of settling materials not furnished by PSI ROOFING
- d) The Owner of Lessee fails to use reasonable care in maintaining the roof.
- e) The Roof is damaged by structural failures, including, without limitation, settling or shifting of the building, or movement, cracking or deflection of the roof deck, roof substrate, roofing parapet, walls, or other connecting structures, or by excessive interior pressure caused by HVAC or other ventilating equipment.
- f) The Roof is damaged by chemical conditions, environmental fallout, chemical attack and/or other conditions not disclosed to PSI ROOFING
- g) There are any alterations or repairs made on or through the Roof or objects (including, without limitation, machines, structures, fixtures or utilities are placed on the Roof without prior written authorization of PSI ROOFING
- h) The Owner or Lessee fails to comply with any material, term or condition of this warranty, including any failure by the owner or owner's designated representative to request, schedule and obtain the inspection required by Paragraph 2 of this warranty.
- i) The Owner shall cause PSI ROOFING and its agents and employees to have free access to the Roof during regular business hours during the term of this warranty.
- j) It is understood that PSI ROOFING and PSI ROOFING'S insurer will exclude all coverage for all damages relating to bodily injury, property damage, personal injury, and advertising injury caused directly or indirectly in whole or in part by mold, including fungus or mildew regardless of cost, event, material, product, and/or building component that contributed concurrently or in any sequence to that injury or damage.

PSI ROOFING's failure at any time to enforce any of the terms or conditions of this warranty shall not be a waiver of provision.

PSI ROOFING shall have no obligation under this warranty to repair any leak, unless the Owner notifies PSI ROOFING by phone or fax within 24 hours of such leak in reasonable detail and in writing within (48) hours of the discovery of such leak.

PSI ROOFING's good faith determination of the cause of leaks or damage to the roof shall be conclusive.

It is understood that PSI Roofing and PSI Roofing's insurer will exclude all coverage for all damages relating to bodily injury, property damage, personal injury, and advertising injury caused directly or indirectly in whole or in part by mold, including fungus or mildew regardless of cost, event, material, product, and/or building component that contributed concurrently or in any sequence to that injury or damage. PSI Roofing is not a mold expert and we have strongly recommend that a mold inspection be completed by an in door air quality professional retained by the owner prior to commencement.

THIS WARRANTY SUPERSEDES AND IS IN LIEU OF ALL OTHER WARRANTIES OR GUARANTEES WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THIS WARRANTY SHALL BE THE OWNER'S EXCLUSIVE REMEDY AGAINST PSI ROOFING WITH RESPECT TO THE ROOF, AND PSI ROOFING SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES. Who Is Covered By This Limited Warranty; Transferability

You are covered by this limited warranty if you live in the United States or Canada and are the original property owner (i.e., not a builder or installer) or the first subsequent owner if this warranty was properly transferred.

This limited warranty may be transferred **only once**. The second owner must notify GAF in writing within **one year** after the property transfer for warranty coverage to be transferred. (Other than this one transfer, this warranty may **not** be transferred or assigned, directly or indirectly.) If the transfer takes place within the first 20 years after installation, the second owner is entitled to the same coverage as the original owner. If the transfer takes place afterwards, the length of this warranty shall be reduced to the two-year period after ownership changes. During this two-year period, GAF's reimbursement to the second owner will be based only on the reasonable cost of replacement GAF Products, reduced by the amount of use that has been received from the GAF Products from date of installation through the date of claim.

Manufacturing Defects: What Is Covered/Sole And Exclusive Remedy

GAF Warranty Company, LLC, a subsidiary of GAF, warrants that your GAF Products will remain free from manufacturing defects that adversely affect their performance during the applicable warranty term listed above. **Note:** Wind Warranty and Algae Warranty are covered separately below.

(1) During the Smart Choice® Protection Period: GAF will pay you the full reasonable cost of labor to repair or re-cover any defective GAF Product(s) (excluding non-GAF accessories, metal work, or flashings other than Covered Flashings), and will provide replacement GAF Products or the reasonable cost of obtaining replacement GAF Products, at GAF's option. The costs of labor to tear off some or all of your GAF Products and disposal are included if necessary to repair your roof.

(2) After the Smart Choice® Protection Period: The repair or re-cover cost, replacement GAF Products, or reimbursement provided to you will be reduced to reflect the use you have received from your GAF Products. The amount of use will be calculated by dividing the number of months which have elapsed since installation to the date of claim by the number of months in the warranty term. For a Lifetime warranty, GAF's contribution in years 51 and beyond will be 20%. After the non-prorated period, GAF's maximum liability for any roof shall NOT exceed three times the reasonable cost of replacement GAF Products before any reduction for use.

WindProven™ Limited Wind Warranty: What Is Covered/Sole and Exclusive Remedy

This limited warranty is **specifically conditioned** on your meeting all eligibility requirements, including installation of **LayerLock-labeled** shingles, GAF Ridge Cap Shingles, GAF Starter Strip Shingles, and a GAF Roof Deck Protection Product, plus your choice of either a GAF Leak Barrier Product or GAF Attic Ventilation Product, and your **LayerLock-labeled** shingles being fastened and installed **strictly** in accordance with GAF's application instructions. For installations which do not meet these eligibility requirements, see **Wind Warranty** section below. The limited warranty applies only to your **LayerLock-labeled** shingles and does not apply to any GAF Accessory Products. GAF warrants to you that your **LayerLock-labeled** shingles will not fail to seal, blow off, or sustain damage from winds (including gusts) after they should have sealed but did not due to a manufacturing defect. **If your LayerLock-labeled shingles do fail to seal, blow off, or suffer wind damage, GAF will reimburse you for the reasonable costs of replacing the blown-off or damaged shingles and hand-sealing any unsealed shingles.** Costs related to underlayment, metal work, and flashings are not included. GAF's **maximum** liability under this paragraph is to reimburse you for the cost of hand-sealing all of the **LayerLock-labeled** shingles on your roof.

Wind Warranty: What Is Covered/Sole And Exclusive Remedy

GAF warrants to you that your GAF shingles and ridge cap shingles will not fail to seal, blow off, or sustain damage from winds (including gusts) up to the applicable wind speed listed above after they should have sealed but did not due to a manufacturing defect or their misapplication. If your shingles or ridge cap shingles do fail to seal, blow off, or suffer wind damage, GAF will reimburse you for the reasonable costs of replacing the blown-off shingles or damaged shingles or ridge cap shingles and head-sealing any unsealed shingles or ridge cap shingles. Costs relating to metal work and flashings (other than Covered Flashings) are not included. GAF's **maximum** liability under this paragraph is to reimburse you for the cost of hand-sealing all of the shingles and ridge cap shingles on your roof.

Algae Warranty: What Is Covered/Sole And Exclusive Remedy

This limited warranty applies only to shingles and ridge cap shingles sold in packages bearing the **StainGuard Plus™** or **StainGuard®** logos. GAF warrants to you that blue-green algae (also known as cyanobacteria) will not cause a pronounced discoloration of your **StainGuard Plus™** or **StainGuard®**-labeled shingles or ridge cap shingles for the warranty term listed above. **If your StainGuard Plus™-labeled shingles or your StainGuard®-labeled shingles or ridge cap shingles exhibit a pronounced discoloration caused by blue-green algae during the Smart Choice® Protection Period listed above, GAF's contribution will be either the reasonable cost of commercially cleaning your shingles or ridge cap shingles or, at GAF's sole option, replacing discolored shingles or ridge cap shingles. The maximum cost to GAF shall be lesser of the original cost of the affected shingles or ridge cap shingles or the cost to clean the affected shingles or ridge cap shingles.** During the remainder of the limited warranty period, GAF's contribution to you will be reduced to reflect the amount of use you have received from your shingles or ridge cap shingles since they were installed. The amount of use will be calculated by dividing the number of months which have elapsed since installation to the date of claim by the number of months in the Algae Warranty term.

Note: Preventing pronounced algae-related discoloration of your shingles or ridge cap shingles is achieved through formulations or through unique blends of granules.

Misapplication: What Is Covered/Sole And Exclusive Remedy

If any of your GAF Products or Covered Flashings is found to have an application error that adversely affects performance, GAF will arrange to have your roof repaired or re-covered or, at its sole option, will provide you with replacement GAF product(s) and reimburse you for the full reasonable cost of labor and other materials to repair or re-cover your roof, including Covered Flashings. The costs of labor to tear off some or all of your GAF Products and Covered Flashings and disposal are included if necessary to repair your roof.

If your claim arises out of an application error in your GAF Products or Covered Flashings, which is discovered or discoverable within the first two years after installation, it is the obligation of your Master Elite® Roofing Contractor to make all necessary repairs. In the event that GAF determines your Master Elite® Roofing Contractor is unable or unwilling to perform these repairs, GAF will arrange to have your roof repaired if the issues were caused by application errors within the scope of GAF liability under this limited warranty.

NOTE: Failure to install adequate ventilation is **NOT** an application error of your GAF Products and is not covered under this Limited Warranty. Due to the design of certain buildings, the replacement of existing flashings may be difficult, costly, or impractical. Please be sure to review these items with your roofing contractor.

What Is Not Covered

Even if your GAF Products were not properly installed according to GAF's application instructions or to standard good roofing practices, this limited warranty remains in effect. However, GAF will **NOT** be liable for and this warranty does **NOT** apply to:

- (1) Damage resulting from anything other than an inherent manufacturing defect in the GAF Products, their misapplication, or the misapplication of Covered Flashings, such as:
 - (a) settlement, movement, structural damage, or defects in the building, walls, foundation, or the roof base over which the shingles or accessories were applied.
 - (b) inadequate ventilation.
- (2) Damage resulting from causes beyond normal wear and tear, such as:
 - (a) acts of nature, such as hail, fire, or winds (including gusts) over the applicable wind speed listed above except there is no maximum wind speed restriction for shingles covered by the WindProven™ Limited Wind Warranty.
 - (b) impact of traffic on the roof or foreign objects, including damage caused by objects blown onto the roof by wind.
 - (c) improper storage or handling of the GAF Products.
- (3) Ice damming, except for leaks in the area of your roof covered by a GAF Leak Barrier which are caused by a manufacturing defect in your GAF Leak Barrier, its misapplication, or the misapplication of Covered Flashings.
- (4) Shading or variations in the color of your GAF Products or discoloration or contamination caused by fungus, mold, lichen, algae (except for blue-green algae if your shingles or ridge cap shingles were labeled with the StainGuard Plus™ or StainGuard® logos), or other contaminants, including that caused by organic materials on the roof.
- (5) Damage caused by, or the cost to repair or replace, products not sold by GAF, including but not limited to metal work and counterflashing.
- (6) Improperly designed or installed gutter or downspout systems.
- (7) Damage to the interior or exterior of the building, including, but not limited to, mold growth.
- (8) Damage to or caused by rooftop air conditioning units (and their flashing), pipe works, brace works, skylights, rooftop satellite dishes or other radio/TV devices, counterflashing, or flashings other than those specifically included above.

Other Limitations Concerning Coverage

Decisions as to the extent of repair, re-cover, or cleaning required, and the reasonable cost of such work, will be made solely by GAF. GAF reserves the right to arrange directly for your GAF Products to be repaired, re-covered, or cleaned instead of reimbursing you for such work. The remedy under this warranty is available only for those GAF Products actually exhibiting manufacturing defects, application errors (including misapplication of Covered Flashings), or algae discoloration at the time your claim is settled. Any replacement GAF Products will be warranted only for the remainder of the original warranty period. GAF reserves the right to discontinue or modify its shingles or accessories, including the colors available, so any replacement GAF Products may not be an exact match for the GAF Products on your roof. Even if GAF does not modify a color, replacement GAF Products may not match your original GAF Products due to normal weathering, manufacturing variations, or other factors.

Claims: What You Must Do

You must notify GAF about any claim within **30 days** after you notice a problem. You may report a claim online at gaf.com/contact, by calling GAF at 1-800-458-1860, sending an e-mail to warrantyclaims@gaf.com, or by sending a notice in writing to: GAF, Warranty Claims Department, 1 Campus Drive, Parsippany, NJ 07054, USA. You will then be provided with complete details about submitting your claim. You may be required to send to GAF, at your expense, photographs and sample products for testing. Within a reasonable time after proper notification, GAF will evaluate your claim and resolve it in accordance with the terms of this limited warranty. If you repair or replace your GAF Products before you notify GAF about your claim or before GAF has completed its evaluation of your claim, your claim may be denied. If you need to repair or replace your GAF Products before your claim is resolved, you **MUST** provide GAF with reasonable notice. **NOTE: Notice to your contractor, dealer, or homebuilder is NOT notice to GAF.** You should retain this document for your records in the unlikely event that you need to file a claim.

Sole And Exclusive Warranty

THIS LIMITED WARRANTY IS EXCLUSIVE AND REPLACES ALL OTHER WARRANTIES, CONDITIONS, REPRESENTATIONS, AND GUARANTEES, WHETHER EXPRESS OR IMPLIED, WHETHER BY STATUTE, AT LAW OR IN EQUITY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This limited warranty is your exclusive warranty from GAF and represents the **SOLE REMEDY** available to any owner of GAF Products. GAF makes NO OTHER REPRESENTATIONS, CONDITIONS, GUARANTEES, OR WARRANTIES of any kind other than that stated herein. GAF WILL NOT BE LIABLE IN ANY EVENT FOR CONSEQUENTIAL, PUNITIVE, SPECIAL, INCIDENTAL, OR OTHER SIMILAR DAMAGES OF ANY KIND, including DAMAGE TO THE INTERIOR OR EXTERIOR OF ANY BUILDING, whether any claim against it is based upon breach of this warranty, negligence, strict liability in tort, or for any other cause. This limited warranty gives you specific legal rights, and you may also have other rights which vary from jurisdiction to jurisdiction. Some jurisdictions do not allow limitations on or the exclusion of incidental or consequential damages, so the above limitations or exclusions may not apply to you. New Jersey state residents are encouraged to review their rights under the agreement, as provided under the New Jersey Truth-In-Consumer Contract Warranty and Notice Act ("TCCWNA").

The United Nations Convention on Contracts for the International Sale of Goods shall **NOT** apply either to the sale of the GAF Products or to this limited warranty.

Modification Of Warranty

This limited warranty may not be changed or modified except in writing, signed by an officer of GAF. No one (other than an officer of GAF) has the authority to assume any additional or other liability or responsibility for GAF in connection with your GAF Products and Covered Flashings except as described in this limited warranty.

Effectiveness

This limited warranty will not take effect unless all eligibility requirements have been satisfied, this warranty is registered to you, and your roofing contractor has been paid in full.

Firestone Building Products Company, LLC, an Indiana limited liability company ("Firestone"), warrants to the Building Owner ("Owner") named above that Firestone will, subject to the Terms, Conditions, and Limitations set forth herein, provide labor and material during the warranty period indicated above to repair any leak in the Firestone Roofing System ("System") caused by deterioration in the Firestone brand materials due to: (1) normal weathering, (2) manufacturing defects, or (3) workmanship in the application of the System.

TERMS, CONDITIONS, AND LIMITATIONS

Products Covered. The System shall mean only the Firestone branded roofing membranes, Firestone branded roofing insulations, Firestone branded roofing metal, and other Firestone branded roofing accessories when installed in accordance with Firestone technical specifications by a Firestone-licensed applicator. Any materials not manufactured or supplied by Firestone are not covered under this Red Shield™ Roofing System Limited Warranty ("Limited Warranty").

Notice. In the event that a leak occurs in the System, Owner must give notice to Firestone Warranty Services in writing or by telephone within thirty (30) days of the occurrence of the leak. By so notifying Firestone, Owner authorizes Firestone or its designee to investigate the cause of the leak at its option.

Investigation. Should the investigation reveal that the leak is excluded under the Terms, Conditions, and Limitations set forth herein, Owner shall be responsible for payment of the investigation costs. Failure by Owner to pay for these costs shall render this Limited Warranty null and void. Owner is responsible for completing repairs not covered by this Limited Warranty to be made at Owner's expense that will permit this Limited Warranty to remain in effect for the unexpired portion of its term. Failure by Owner to make these repairs in a reasonable manner using a Firestone-licensed applicator and within sixty (60) days shall render this Limited Warranty null and void.

No Dollar Limit (NDL). If upon investigation, Firestone determines that the leak is not excluded under the Terms, Conditions, and Limitations set forth herein, Owner's sole and exclusive remedy and Firestone's total liability shall be limited to the repair of the leak. There is no dollar limit placed on the cost to repair a warranted leak.

Exclusions. Firestone shall have no obligation under this Limited Warranty, or any other liability, now or in the future, if a leak or damage is caused by: Hail; Winds of peak gust speed at or in excess of 55 MPH calculated at ten (10) meters above ground using available meteorological data (all associated building components, including but not limited to the deck substrate, joists, columns and foundation, must also meet wind speed design requirements); Storage of materials or equipment on the roof not specifically accepted in writing by Firestone; Damage to the roof incurred during breach, rupture or failure of any building envelope component during a flood or wind event not covered under warranty; or, Failure to give proper notice as set forth in paragraph above.

Transfer. This Limited Warranty shall be transferable and assignable subject to Owner's payment of the current transfer fee set by Firestone.

Alteration. Owner shall notify Firestone in writing upon making any alterations to the System, or installing any structures, fixtures, or utilities on or through the System after installation, including, but not limited to, Photovoltaic (PV) Arrays, Garden Roofs, Decks, Patios, and areas intended for public access. Failure to obtain Firestone's approval for a roof modification, or failure to provide required documentation, shall render this Limited Warranty null and void.

MANUFACTURER RESPONSIBILITIES

The Garland Company, Inc. (hereinafter referred to as "Garland") warrants to the Owner that the Garland roof system will not leak due to manufacturing defects or defective workmanship by the above mentioned installation contractor. Subject to receipt of proper notice as set forth below and the terms of this Warranty, Garland will pay all authorized costs of repairs to the roofing system necessary to stop any leaks caused by defective materials or workmanship that occur within thirty (30) years from the final completion date. In the event repairs to correct leaks caused by defective materials or workmanship require removal and replacement of the roof system in recover applications, Owner will be responsible for costs associated with the removal and replacement of the original roof system.

APPLICABILITY OF WARRANTY

In order for this Warranty to remain in effect, all repairs, changes, alterations, modifications and/or additions to the roofing system must be authorized in advance in writing by Garland. This Warranty is transferable, subject to Garland's approval of the payment of the transfer fee and applicable maintenance required. This Warranty shall not be applicable if, in the sole judgment of Garland, any of the following shall occur:

- A. The roofing system is damaged by natural disasters including, but not limited to, fire, floods, lightning, hail, earthquakes, wind damage in excess of 90 mph, etc.
- B. The roofing system is damaged by structural movement or failure or movement of any material underlying the roofing system or base flashing.
- C. The roofing system is damaged by acts of negligence, misuse or accidents including, but not limited to, use of roof for other than waterproofing the building, vandalism, civil disobedience or acts of war.
- D. Damage to the roofing system resulting from:
 - 1. Infiltration or condensation of moisture in, through, or around walls, copings, building structure or underlying or surrounding areas.
 - 2. Ponding water, defined as standing water 48 hours after rainfall.
 - 3. Chemical contaminate attacks on the roofing system which have not been approved or accepted by Garland.
 - 4. Defects in engineering or building design or construction.
 - 5. Traffic or storage of materials on roof.
 - 6. Defects in, failure or improper application of the underlying structural material used as a base upon which the roof is applied.
- E. Failure of Owner to properly notify Garland in writing and receive written approval of:
 - 1. Changes in the usage of the building.
 - 2. Modifications or additions to the roofing system.
- F. Failure of Owner to properly maintain the roof according to the High-Performance Roof Care & Maintenance Guide.
- G. Failure of Owner to provide Garland with timely written notice of a claim pursuant to the terms of this Warranty.

LIMITATIONS/EXCLUSIONS

Garland shall not be responsible for damages that occur to real or personal property as a result of leaks, including damage to the structure itself or contents therein. Instead, Garland's sole responsibility pursuant to this Warranty is for costs associated with repairs of leaks caused by defective materials or workmanship set forth above. Garland shall not be liable for any discoloration, cosmetic deterioration or change in the visual appearance of the roofing system or Garland's top coating, or the removal or replacement of any roof top equipment or systems to perform any repairs. Furthermore, Garland shall not be responsible for any incidental or consequential damages caused by leaks in the original roof system, including, but not limited to, loss of use or profits.

EXCEPT AS SET FORTH HEREIN, GARLAND MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

OWNER RESPONSIBILITIES

In the event of a leak, Owner shall provide written notice to Garland within seven (7) days of discovery of the leak and before any repairs are undertaken. The written notice shall be sent to 3800 East 91st Street, Cleveland, OH 44105. Owner, or its agent or representatives shall then provide Garland with adequate access to allow Garland to inspect the leak and roofing system. If it is determined that the roof leak is the direct result of defective materials or workmanship, Garland will perform the repairs required to correct the roof leaks at no cost to Owner. If Garland fails to have the repairs performed within 72 hours after its inspection, emergency temporary repairs performed by others will not void this Warranty, as long as those repairs are approved by Garland.

To the fullest extent allowed by law, this Warranty shall be construed under and in accordance with the laws of the State of Ohio and any actions or suits to enforce this Warranty shall be brought in the State of Ohio. This Warranty constitutes the sole and exclusive Warranty of the parties hereto and supersedes any prior understandings or written or oral agreements or warranties between the parties respecting the subject matter within. In the event that any one or more of the provisions contained in this Warranty shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision thereof, and this Warranty shall be construed as if the invalid, illegal or unenforceable provision had never been contained therein.

WARRANTY CONTINUATION

In the fifteenth (15) year of the Warranty period, Owner must request an inspection of the roof system any time between the sixth and tenth months of the year to determine the appropriate maintenance and surface treatment required for continuation of the Warranty. Upon receipt of such request, Garland will perform an inspection of the roofing system to determine whether any repairs or surface coatings are required to make the roof system eligible for continuation of this Warranty. After such inspection, Garland will submit a detailed inspection report to Owner that identifies the nature and extent of any such repairs and/or surface coatings over the field of the roof required to maintain this Warranty. After the Owner has coated the roof and/or caused any required repairs to be made (at its sole expense and by a contractor approved by Garland) and notifies Garland of the same in writing, this Warranty will remain effective for the remaining 15 years.

WARRANTY ACCEPTANCE: Owner hereby accepts and agrees to the terms and conditions set forth in this Warranty.

SUPREME**

20-YEAR NDL Warranty

15 Years Consequential Damages And 5 Years Material

Warranty No. _____

I. TERMS and CONDITIONS

Duro-Last®, Inc., (“Duro-Last”), grants this No-Dollar Limit (“NDL”) Warranty (“Warranty”) to the owner of a building (“Owner”) containing a **Duro-Last Roofing System (“Duro-Last System”)** installed by a Duro-Last authorized Dealer/Contractor (“Contractor”), subject to the conditions and limitations contained herein. Duro-Last’s obligation during the 1st through 20th year shall be to repair any leak in the Duro-Last System caused by any defect in a component of the Duro-Last System and during the 1st through 15th year shall be to repair any leak in the Duro-Last System caused by the workmanship of the Contractor, but only as the workmanship relates to the installation of the Duro-Last System itself and not as it relates to other work performed, if any. Owner acknowledges that Duro-Last is the manufacturer of the Duro-Last System, and is not responsible for compliance with any applicable building codes or regulations. Duro-Last’s obligation includes, at Duro-Last’s sole discretion, either the repair or replacement of all or any part of the Duro-Last System and also includes the furnishing or cost of labor to repair the Duro-Last System. Duro-Last reserves the right to determine the appropriate repair or replacement product, including the manner or method of any repairs or replacement. The foregoing shall be the only remedies to the Owner under this Warranty, provided that each of the following conditions are met:

- A. Duro-Last and Contractor have been paid in full for the Duro-Last System, its installation and any outstanding invoices issued by Duro-Last that arise after the installation;
- B. The Duro-Last System has been approved by Duro-Last following inspection by an authorized Duro-Last Quality Assurance Technical Representative (“Duro-Last QA Tech Rep”). Owner acknowledges that the Duro-Last inspection is only to determine if the Duro-Last Warranty may be issued, and is not an inspection to determine compliance with any applicable building code or regulation pertaining to the building;
- C. The Owner must exercise reasonable and diligent care in the maintenance of the Duro-Last System by conducting good general roof maintenance in accordance with the attached Care and Maintenance Guide, which can also be located at www.duro-last.com/duro-last/careandmaintenance;
- D. The Owner has notified Duro-Last within 72 hours of the discovery of any leak, failure, emergency repairs or any other alleged Duro-Last System defect. Owner must notify Duro-Last by e-mailing ws@duro-last.com, or by calling the Duro-Last Warranty Services Department at 1-866-284-9424. If upon Duro-Last’s inspection Duro-Last determines that the reported leak, failure or defect is not covered by the Warranty, then the Owner shall be responsible for all direct expenses incurred by Duro-Last to conduct the inspection;
- E. The Owner allows Duro-Last’s QA Tech Rep(s) and/or Duro-Last Contractor(s) access to the roof including, if necessary, the removal and replacement by Owner at Owner’s expense any and all obstructions, including but not limited to: rooftop gardens, earth, soil, pavers, ballast, decks, patio and walking surface materials, photovoltaic system, and other overburden; and
- F. Duro-Last authorizes the repair and, at Duro-Last’s option, either Duro-Last’s QA Tech Rep(s) or an authorized Contractor makes the repair.

II. LIMITATIONS and EXCLUSIONS

- A. This Warranty does not apply to a Duro-Last System installed on a single-family residence.
- B. Duro-Last shall not be liable for damages arising from the design or construction of the building or roof assembly aside from the Duro-Last System. Duro-Last shall not be liable for any condensation in the building or roof assembly or any design defects that result in water penetrating into the building. Duro-Last shall not be liable for any damage to the building or leaks caused by inadequate or insufficient drainage.
- C. Duro-Last shall not be liable for any other products aside from the Duro-Last System.
- D. Duro-Last is not liable for any Duro-Last System failure nor for subsequent damages arising from Acts of God or causes outside Duro-Last’s control including, but not limited to:
 - 1) Damage caused by winds in excess of 55 mph measured in 3 second gusts at 10 meters (33 feet) high, fire, lightning, hurricane, hail, tornado, flood, earthquake, animals, insects; or
 - 2) Damage caused by accident, vandalism, intentional act, negligence or failure to use reasonable care, whether on the part of the Owner or another; or
 - 3) Damage caused by any unauthorized modification to the Duro-Last System including, but not limited to: damage caused by unauthorized components used in installation or repair, by additional equipment or structures added to or made a part of the roof, by rooftop traffic, or by chemicals not normally found in nature or the like; or
 - 4) Construction generated moisture, condensation or moisture entering the Duro-Last System through walls, copings, structural defects, HVAC systems, or any part of the building structure, including from adjacent buildings; or
 - 5) Incompatible substrates or materials not supplied by Duro-Last that come into contact with the Duro-Last membrane.
- E. Duro-Last does not warranty the watertightness of tie-ins to 1) a standing seam metal roof or 2) any other roofing system.
- F. Duro-Last does not warrant the watertightness of metal products that are located outside of the termination of the Duro-Last membrane.
- G. Duro-Last does not warrant against color change and/or pattern change and/or print change in the Duro-Last System. Further, Duro-Last shall not be responsible for any changes in appearance or aesthetic surface imperfections.
- H. Duro-Last shall have no liability under any theory of law for any claims, repairs, or other damages relating to the presence of asbestos or any vapors, fumes, molds, fungi, bacteria, spores, mycotoxins, or the like on or in the Duro-Last System or in the building or in the air or water serving the building.
- I. Owner must notify Duro-Last in advance of any material change in the building’s use or purpose. Duro-Last reserves the right to void this Warranty if in Duro-Last’s sole discretion, the change in the building’s use or purpose adversely affects the Duro-Last System’s ability to perform as originally installed.
- J. This Warranty is transferable to subsequent Owners only upon the express written consent of Duro-Last and at Duro-Last’s sole discretion. Duro-Last reserves the right to require an inspection of the Duro-Last System prior to the transfer of this Warranty. The Owner (undersigned

OVER: CONTINUED ON BACK

below) must pay for any non-warranted repairs identified by Duro-Last during the pre-transfer inspection. A transfer of this Warranty shall not be effective unless all outstanding Duro-Last invoices have been satisfied.

- K. This Warranty must be signed by the Owner, the Contractor and a Duro-Last Quality Assurance Manager. Coverage under the terms of this Warranty begins on the Effective Date. The Effective Date is determined by Duro-Last. Failure of the Owner or Contractor to sign this Warranty does not alter the Effective Date.
- L. This Warranty shall be governed by the laws of the State of Michigan without regard to conflicts of law principles. Duro-Last and Owner hereby agree that any controversy or claims between them or involving the Duro-Last System in any way shall be settled by arbitration administered by the American Arbitration Association under its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Any arbitration hearing will be conducted in Saginaw, Michigan.
- M. No claim, suit, or other proceeding arising out of or related to the Duro-Last products or these terms, including without limitation this Warranty, may be brought by the Owner or anyone else after one (1) year from the date it accrues.
- N. Duro-Last does not waive any rights under this Warranty by refraining from exercising its rights in full in one or more instances.

THIS WARRANTY AND THE RESPONSIBILITIES AND REMEDIES STATED HEREIN ARE EXPRESSLY AGREED TO BY OWNER AND DURO-LAST AND CONSTITUTE THE SOLE WARRANTY AND REMEDIES OF THE OWNER FOR ANY ALLEGED DEFECT OR FAILURE OF THE DURO-LAST SYSTEM, WHETHER MEMBRANE, ACCESSORIES, OR CONTRACTOR WORKMANSHIP.

THERE ARE NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE (EITHER EXPRESS OR IMPLIED IN FACT, LAW OR CUSTOM) THAT EXTEND BEYOND THE EXPRESS TERMS STATED IN THIS WARRANTY TO THE FULL EXTENT DISCLAIMER IS PERMITTED BY LAW. OWNER AND DURO-LAST TOGETHER JOINTLY DISCLAIM ANY OTHER OR FURTHER WARRANTIES EXCEPT THOSE INCLUDED IN THIS DOCUMENT. IN ANY EVENT, ANY IMPLIED WARRANTY THAT IS FOUND TO EXIST DESPITE THIS DISCLAIMER IS LIMITED IN DURATION TO THE TERM HEREIN. ALL CLAIMS INCLUDING NEGLIGENCE, PRODUCTS LIABILITY, OR FOR FAILURE OF ESSENTIAL PURPOSE ARE EXPRESSLY WAIVED, RELEASED AND EXCLUDED.

FOR FIFTEEN YEARS FOLLOWING THE EFFECTIVE DATE, IN ADDITION TO THE REPAIR OR REPLACE REMEDY AVAILABLE TO OWNER, DURO-LAST WILL ALSO COVER REASONABLY FORSEEABLE CONSEQUENTIAL LEAK-RELATED INTERIOR DAMAGES TO THE BUILDING UP TO TWO MILLION (\$2,000,000.00) DOLLARS CAUSED BY A DEFECT IN THE DURO-LAST SYSTEM OR BY THE WORKMANSHIP OF THE CONTRACTOR, BUT ONLY AS THE WORKMANSHIP RELATES TO THE INSTALLATION OF THE DURO-LAST SYSTEM ITSELF AND NOT AS IT RELATES TO ANY OTHER WORK PERFORMED. THIS REMEDY IS SUBJECT TO ALL OF THE LIMITATIONS AND EXCLUSIONS SET FORTH ABOVE. ALL OTHER DAMAGES ARE EXPRESSLY EXCLUDED. OWNER AND DURO-LAST BOTH ACKNOWLEDGE AND AGREE THAT DURO-LAST WILL HAVE NO LIABILITY TO ANYONE FOR ANY DAMAGES TO THE CONTENTS WITHIN THE OWNER'S BUILDING, LOST PROFITS, LOST WAGES, LOST RENTS, LOSS OF USE OR ANY OTHER PECUNIARY DAMAGE. OWNER AND DURO-LAST BOTH ACKNOWLEDGE AND AGREE THAT DURING THE 16th THROUGH 20th YEARS OF THIS WARRANTY, DURO-LAST SHALL NOT WARRANT THE WORKMANSHIP OF THE CONTRACTOR, AND THAT DURO-LAST SHALL ONLY WARRANTY THAT ITS PRODUCT MEMBRANE, MATERIAL AND ACCESSORIES WILL NOT BECOME DEFECTIVE.

THERE ARE NO THIRD-PARTY BENEFICIARIES TO THESE TERMS. OWNER ACKNOWLEDGES THESE LIMITATIONS AND WAIVERS, DECLARES THAT THEY HAVE BEEN READ AND UNDERSTOOD, AND AGREES TO BE SO BOUND. ANY PAYMENT FOR THE DURO-LAST SYSTEM OR REGISTRATION OF THE WARRANTY WITH DURO-LAST SIGNIFIES THAT THE OWNER HAS VOLUNTARILY AND KNOWINGLY CONSENTED TO ALL TERMS.

The Contractor is not an agent of Duro-Last and does not have authority to bind Duro-Last. If any Contractor or sales representative made any statements about Duro-Last, its products, services, obligations, or warranties, those statements cannot be relied upon by Owner or any other party and cannot be attributed to Duro-Last. Furthermore, no person may change or modify any term or condition of this Warranty unless in writing and signed by the authorized representative of the Owner and by a Duro-Last officer or by the Duro-Last Quality Assurance Manager.

If any provision or individual term herein is invalid or unenforceable under any applicable law, the provision or term will be ineffective to that extent and for the duration of the illegality, but the remaining provisions and terms will be unaffected.

These Johns Manville Guaranteed components are referred to above as the "Roofing System" and ALL OTHER NON-JM COMPONENTS OF THE OWNER'S BUILDING ARE EXCLUDED FROM THE TERMS OF THIS GUARANTEE, including any amendments thereto.

Johns Manville* guarantees to the original Building Owner that during the Term commencing with the Date of Completion (as defined above), JM will pay for the materials and labor reasonably required in Johns Manville's sole and absolute discretion to repair the Roofing System to return it to a watertight condition if leaks occur due to: ordinary wear and tear, or deficiencies in any or all of the Johns Manville component materials of the Roofing System, or workmanship deficiencies only to the extent they arise solely out of the application of the Roofing System. Non-leaking blisters are specifically excluded from coverage. Should any investigation or inspection reveal the cause of a reported leak to be outside the scope of coverage under this Guarantee, then all such investigation and inspection costs shall be borne solely by the Building Owner.

WHAT TO DO IF YOUR ROOF LEAKS

If you should have a roof leak please refer to directions on the Maintenance Program page within this document.

LIMITATIONS AND EXCLUSIONS

This Guarantee is not a maintenance agreement or an insurance policy; therefore, routine inspections and maintenance are the Building Owner's sole responsibility (see Maintenance Program page of this document). This Guarantee does not obligate JM to repair or replace the Roofing System, or any part of the Roofing System, for leaks or appearance issues resulting, in whole or in part, from one or more of the following (a) natural disasters including but not limited to the direct or indirect effect of lightning, flood, hail storm, earthquake, tornados, hurricanes or other extraordinary natural occurrences and/or wind speeds in excess of 55 miles per hour; (b) misuse, abuse, neglect or negligence; (c) Failure by the Building Owner to use reasonable care in maintaining the roofing system, said maintenance which is recommended to include those items listed on the Maintenance Program page of this Guarantee; (d) installation or material failures other than those involving the component materials expressly defined above as the Roofing System or exposure of the Roofing System components to damaging substances such as oil, fertilizers, or solvents or to damaging conditions such as vermin; (e) any and all (l) changes, alterations, repairs to the Roofing System, including, but not limited to, structures, penetrations, fixtures or utilities (including vegetative and solar overlays) based upon or through the Roofing System as well as any (ll) changes to the Building's usage that are not pre-approved in writing by JM; (f) failure of the Building substrate (mechanical, structural, or otherwise and whether resulting from Building movement, design defects or other causes) or improper drainage; (g) defects in or faulty/improper design, specification construction or engineering of the Building or any area over which the Roofing System is installed; (h) defects in or faulty/improper architectural, engineering or design flaws of the Roofing System or Building, including, but not limited to, design issues arising out of improper climate or building code compliance; or (l) in instances of a recover project, Johns Manville is not responsible for the performance of pre-existing materials that predated the recover. Instead, Johns Manville's sole responsibility in recover systems where JM materials are adhered to existing materials is limited to the installed recover JM Roofing materials up to the wind speed listed herein. Guarantee coverage is limited to replacing recover JM Roofing materials only (and not the pre-existing materials – which is the Owner's responsibility) as required to return the roofing system to a watertight condition due to a claim covered under the terms and conditions herein. Johns Manville is not responsible for leaks, injuries or damages resulting from any water entry from any portion of the Building structure not a part of the Roofing System, including, but not limited to, deterioration of the roofing substrate, walls, mortar joints, HVAC units and all other non-Johns Manville materials and metal components. Moreover, the Building Owner is solely and absolutely responsible for any removal and/or replacement of any overburdens, super-strata or overlays, in any form whatsoever, as reasonably necessary to expose the Roofing System for inspection and/or repair.

This Guarantee becomes effective when (1) it is delivered to Owner; and (2) all bills for installation, materials, and services have been paid in full to the Approved Roofing contractor and to JM. Until that time, this Guarantee is not in force, has no effect – and JM is under no obligation whatsoever to perform any services/work.

The Parties agree that any controversy or claims relating to this Guarantee shall be first submitted to mediation under the Construction Industry Arbitration and Mediation Rules of the American Arbitration Association (Regular Track Procedures) or to such other mediation arrangement as the parties mutually agree. No court or other tribunal shall have jurisdiction until the mediation is completed. In any action or proceeding brought against the Building Owner to enforce this Guarantee or to collect costs due hereunder, Johns Manville shall be entitled to recover its reasonable costs, expenses and fees (including expert witness' fees) incurred in any such action or proceeding, including, without limitation, attorneys' fees and expenses, and the Building Owner shall pay it.

TO THE FULLEST EXTENT PERMITTED BY LAW, JM DISCLAIMS ANY IMPLIED WARRANTY, INCLUDING THE WARRANTY OF MERCHANTABILITY AND THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND LIMITS SUCH WARRANTY TO THE DURATION AND TO THE EXTENT OF THE EXPRESS WARRANTY CONTAINED IN THIS GUARANTEE.

THE EXCLUSIVE RESPONSIBILITY AND LIABILITY OF JM UNDER THIS GUARANTEE IS TO MAKE REPAIRS NECESSARY TO MAINTAIN THE ROOFING SYSTEM IN A WATERTIGHT CONDITION IN ACCORDANCE WITH THE OBLIGATIONS OF JM UNDER THIS GUARANTEE. JM AND ITS AFFILIATES WILL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES TO THE BUILDING STRUCTURE (UPON WHICH THE ROOFING SYSTEM IS AFFIXED) OR ITS CONTENTS AND OR OCCUPANTS, LOSS OF TIME OR PROFITS OR ANY INCONVENIENCE, INJURY. JM SHALL NOT BE LIABLE FOR ANY CLAIM MADE AGAINST THE BUILDING OWNER BY ANY THIRD PARTY AND THE BUILDING OWNER SHALL INDEMNIFY AND DEFEND JM AGAINST ANY CLAIM BROUGHT BY ANY THIRD PARTY AGAINST JM RELATING TO OR ARISING OUT OF THE ROOFING SYSTEM OR JM'S OBLIGATIONS UNDER THIS GUARANTEE. Because JM does not practice Engineering or Architecture, neither the issuance of this Guarantee nor any review of the Building's construction or inspection of roof plans (or the Building's roof deck) by JM representatives shall constitute any warranty by JM of such plans, specifications, and construction or in any way constitute an extension of the terms and conditions of this Guarantee. Any roof inspections are solely for the benefit of JM.

JM does not supervise nor is it responsible for a roofing contractor's work except to the extent stated herein, and roofing contractors are not agents of JM.

Maintenance Program

The following Maintenance Program is recommended and should be implemented and followed:

1. Building Owner must notify JM's Owner Services Group (see below) immediately upon discovery of the leak and in no event later than thirty (30) days after initial discovery of the leak, time being of the essence. Failure of the Building Owner to provide timely notice to JM Guarantee Services of any leak is a material ground for termination of the Guarantee.
2. In response to timely notice, JM will arrange to inspect the Roofing System, and
 - (i) If, in JM's opinion, the leak(s) is/are the responsibility of JM under this Guarantee (see Limitations and Exclusions), then JM will take prompt appropriate action to return the Roofing system to a watertight condition, or
 - (ii) If, in JM's opinion, the leak(s) is/are not the responsibility of JM under this Guarantee, then JM will advise the Building Owner within a reasonable time of the minimum repairs that JM believes are required to return the Roofing System to a watertight condition. If the Building Owner, at his expense, promptly and timely makes such repairs to the Roofing System (time being of the essence) then this Guarantee will remain in effect for the unexpired portion of its Term. Failure to make any of these repairs in a timely and reasonable fashion will void any further obligation of JM under this Guarantee as to the damaged portion of the Roofing System as well as any other areas of the Roofing System impacted by such failure.
3. In the event an emergency condition exists which requires immediate repair to avoid damage to the Building, its contents or occupants, then Building Owner may make reasonable, essential temporary repairs. JM will reimburse Building Owner for those reasonable repair expenses only to the extent such expenses would have been the responsibility of JM under the Guarantee.

There are a number of items not covered by this Guarantee that are the sole, exclusive responsibility of the Building Owner. In order to ensure that your new roof will continue to perform its function and to continue JM's obligations under the Guarantee, you should examine and maintain the items below on a regular basis. All damage or leak investigation findings that are the direct result of non-covered maintenance items are the sole responsibility of the owner.

- Maintain a file for your records on this Roofing System, including, but not limited to, this Guarantee, invoices, and subsequent logs of all inspections performed and repairs that are made to the Roofing System.
- Inspect your Roofing System at least semi-annually. This is best done in the spring, after the Roofing System has been exposed to the harsh winter conditions, and, in the Fall after a long hot summer. It is also a good idea to examine the Roofing System for damage after severe weather conditions such as hailstorms, heavy rains, high winds, etc.
- Since these types of Roofing Systems typically have a low slope, they are easily examined. However, care must be taken to prevent falling and other accidents. JM expressly disclaims and assumes no liability for any inspections performed on the Roofing System.

When checking the Roofing System:

- Remove any debris such as leaves, small branches, dirt, rocks, etc. that have accumulated.
- Clean gutters, down spouts, drains and the surrounding areas. Make certain they allow water to flow off the Roofing System. Positive drainage is essential.
- Examine all metal flashings for rust and damage that may have been caused by wind or traffic on the Roofing System, and make certain they are well attached and sealed. Any damaged materials due to foot traffic or service work, loose clamps at penetrations, or poorly sealed materials at drains or penetrations pockets must be repaired by a JM Approved Roofing Contractor only.
- Examine the areas that abut the Roofing System. Damaged masonry, poorly mounted counter flashing, loose caulking, bad mortar joints, and any loose stone or tile coping can appear to be a membrane leak. Have these items repaired if found to be defective.
- Examine the edges of the Roofing System. Wind damage often occurs in these areas. Materials that have been lifted by the wind need to be corrected by a JM Approved Roofing Contractor.
- Examine any roof top equipment such as air conditioners, evaporative coolers, antennas, etc. Make certain they do not move excessively or cause a roof problem by leaking materials onto the Roofing System.
- Check the building exterior for settlement or movement. Structural movement can cause cracks and other problems which in turn may lead to leaks in your Roofing System.
- Examine protective coatings; any cracked, flaking, or blistered areas must be recoated.

Protecting your investment:

- Avoid unnecessary roof top traffic.
- If you allow equipment servicemen to go onto the Roofing System, advise them to be careful. Dropped tools, heavy equipment, etc. can damage the membrane. It is recommended to keep a log of all such trips to the Roofing System.
- Do not allow service personnel to make penetrations into the Roofing System; these are to be made only by a JM Approved Roofing Contractor.

All the terms and conditions of this Guarantee shall be construed under the internal law of the state of Colorado without regard to its conflicts of law principles. Invalidity or unenforceability of any provisions herein shall not affect the validity or enforceability of any other provision which shall remain in full force and effect to the extent the main intent of the document is preserved.

This form is not to be copied or reproduced in any manner. This Guarantee is valid only in the United States of America.

Carlisle Care and Maintenance Guide

In order to ensure the long-term performance of your Roofing System and continued warranty service and coverage, regular rooftop maintenance inspections are necessary. While normal aging will occur on all roofs, if not detected early, problems stemming from abuse, contamination, accidents and severe weather can result in extensive and costly repairs or premature failure of the roofing system. Single-ply Roofing Systems are typically low-slope and easy to inspect, but caution must be taken to ensure safety. Carlisle disclaims and assumes no liability for any rooftop activity.

- Owner must retain records related to the Roofing System. Such records include, but are not limited to: the warranty document and serial number, maintenance inspection logs, rooftop traffic logs, service logs, and invoices for work performed on the roofing system.
- Inspect the roof at least every six months (preferably spring and fall) and immediately following any weather event that includes excessive rainfall, high winds and/or hail warnings. Increased number of rooftop maintenance inspections may be required on some roofs as the location may dictate, such as higher trees near the building which will accumulate leaves and debris on the roof and have adverse effects on drainage. In addition, rooftop maintenance inspections should occur after regular maintenance of any rooftop unit.

When inspecting the Roofing System, pay special attention to the following:

- Walls/Parapets/Roof Edge – Wind damage often begins at the perimeter of the roof. Ensure all membrane terminations and edge metal and copings are secure.
- Roof Deck Membrane – Inspect the field of the roof, scanning for damage caused by wind-blown debris or traffic.
- Penetrations/Rooftop Units – Inspect the membrane, flashings and terminations around penetrations and roof top units for possible damage from service work. Ensure the units and terminations are secure.
- Remove debris (leaves, dirt, trash, etc.) – Good roofing practice dictates that water should drain from the roof and that ponded water should evaporate within 48 to 72 hours after a rainfall. Debris can inhibit drainage.

Additional Maintenance Items:

- Foot Traffic – Walkways must be provided if regular traffic is required or if rooftop equipment has a regular thirty (30) day or less maintenance schedule.
- Petroleum Products & Chemicals - Keep all liquids containing petroleum products or chemicals off the membrane to avoid product degradation.
- Animal Fats/Vegetable Oils: EPDM Membranes - Do not exhaust animal fats/vegetable oils directly onto EPDM roof surfaces. TPO & PVC Membranes – Animal fats/vegetable oils must be regularly removed and the rooftop surface cleaned with a mixture of soap and water.

What to do if a leak occurs:

- After verifying the leak is through the roofing system, contact Carlisle at 1-800-233-0551 or at www.carlisesyntec.com.
- If minor, emergency temporary repairs are made to a suspected leak area, use Carlisle's Lap Sealant or a good-grade rubber caulk to address the repair area (do not use asphaltic roof cement). Please note, Carlisle is not responsible for the cost associated with any emergency temporary repairs.

Alterations to the Roofing System:

- Alterations to the Roofing System must be completed by a Carlisle Authorized Applicator. The Carlisle Authorized Applicator must notify Carlisle when the revision work is complete. The necessary form can be found on the Carlisle website via the Authorized Applicators login.

Warranty Transfer:

- Warranties shall be transferable upon a change in ownership of the building when the Owner has completed certain procedures. This form can be found on the Carlisle website for additional guidelines.

ROOF MAINTENANCE

TO: Building Owner – Attention: Building Engineering and/or Maintenance Department

FiberTite Single-ply manufactured membrane (“FiberTite Roof”) consists of a puncture and abrasion resistant fabric with our proprietary Ketone Ethylene Ester (KEE) coating that can withstand weathering and environmental hazards, in accordance with the warranty set forth on the reverse side (the “Warranty”). To obtain optimum performance from your FiberTite Roof and in order to maintain the effectiveness of the Warranty over the lifetime of the Warranty, you should comply with all of the maintenance activities set forth below.

You should perform bi-annual inspections of your building roof in the spring and fall of the year, as well as immediately following any significant weather events, to make sure that your building roof is free of any conditions that may cause unnecessary injury to the roof deck, leading to expensive repairs and possible damage to the building interior. When performing a roof maintenance inspection you should check for punctures in the membrane sheet; open seams at the membrane overlaps and at the roof penetrations (soil stacks, curbs, platforms, etc.) as well as the parapet walls and/or edge details (use a blunt instrument, such as a screw driver, to inspect seam integrity); caulking at the termination bars, surface mounted reglet and pitch pan sealants, any loose fasteners and nails, both on the roof field itself as well as on the wall and edge details; check drains and gutters to make sure that they are unclogged; and check to make sure that there is no water ponding on the roof. We have included a checklist to be used as a reference tool in performing such inspections.

You should also establish and maintain a policy of keeping unauthorized people off your roof and minimize the number of service personnel trips on your roof. You should place locks on all doors leading to your roof as well as post a sign that disallows entrance to unauthorized personnel. We have enclosed pressure sensitive labels with your Warranty that you must post on your roof exit doors. These labels refer to the slippery nature of the FiberTite Roof when it becomes wet from rain, snow, or ice conditions. Proper safety shoes must be worn if it is imperative that roof top work be performed under these weather conditions.

If you have a busy roof, i.e., one with much foot traffic, you should install walkways on the roof. Use of walkways will minimize the possibility of damage to the FiberTite Roof.

It is important to consider the roof covering whenever you add new products and/or processes to your building operation that will cause chemical contaminant venting onto your roof. Below is a list of chemicals that can cause harm to the FiberTite roof covering, especially if left ponding for several months (please note that the list of chemicals below is not an exhaustive list):

Acetic Acid	Aromatic Hydrocarbons	Asphalt Materials
Benzene	Chlorox	Cooking Oil above 140°F.
Ethyl Acetate	Furfural	Gasoline
Methyl Ethyl Ketone (MEK)	Nitric Acid	Paint Thinners
Phenol	Phosphoric Acid 75%	Phthalate Plasticizer Above 100°F.
Solvent Degreasers	Toluene	Xylene

You should consider the compatibility of the roof system should the building be used for a new purpose. Any installation of new roof top equipment, such as air conditioning equipment, requires the service of an authorized FiberTite contractor to install new flashings and other equipment so that no harm is caused to the integrity of the roof covering.

In addition to the bi-annual inspections referenced above, we recommend that you initiate a service contract with an authorized FiberTite contractor which allows for professional annual inspections and immediate corrective action for any potential roof damaging problems. Authorized FiberTite contractors have thorough knowledge of FiberTite roof top technology and full service professional abilities in solving roof damaging problems. Contact your FiberTite representative or the FiberTite Technical Service Department for any assistance in locating these authorized contractors or for any questions about your FiberTite Roof.

Term. The term of this Limited Warranty shall be for the period set forth above and in subsequent pages of this document, and shall not be extended under any circumstances without Gaco's written approval.

Waiver & Severability. Gaco's failure to enforce any of the terms or conditions stated herein shall not be construed as a waiver of such provision or of any other terms and conditions of this Limited Warranty. If any portion of this Limited Warranty is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force to the fullest extent permitted by law.

Disputes. Any dispute, controversy, or claim between Owner and Gaco concerning this Limited Warranty or relating to any material(s) supplied by or required by Gaco shall be submitted to mediation in Davidson County, Tennessee. TERMS, CONDITIONS, AND LIMITATIONS

Notice. In the event that a leak occurs in the Coating, Owner must give notice to Firestone Warranty Services in writing or by telephone within thirty (30) days of the occurrence of the leak. By so notifying Gaco, Owner authorizes Gaco or its designee to investigate the cause of the leak at its option. Gaco will have no obligation to repair any leak under this Limited Warranty if Owner fails to give proper notice to Firestone Warranty Services as set forth herein. Terms, Conditions and Limitations

1. The SOPREMA® roofing materials covered by this warranty (this “**Warranty**”) are the roofing and flashing materials specifically identified by number or other description on the face of this Warranty (referred to as the “roofing”).
2. The authorized contractor who installed the roofing is not an agent of SOPREMA. Any future work impacting the roofing must be performed by a contractor selected and hired by Owner and authorized by SOPREMA. Contact SOPREMA if you would like to receive a list of authorized contractors in your area.
3. The design and installation of the roof assembly must be in accordance with applicable instructions, details, specifications, approvals, codes, laws, and regulations. All services by SOPREMA related to design, construction, review of project documents or conditions and site visits are limited in scope and do not expand the provisions of this Warranty. These services were not offered, and should not be considered, as a substitute for fulltime quality assurance, project management or professional design services.
4. Owner is responsible for ensuring that the roofing is maintained in accordance with SOPREMA’s Care and Maintenance Guide (see Form 901) and for promptly notifying SOPREMA of any change in occupancy, usage or any other condition adversely affecting the roofing.
5. During the entire term of the Warranty, upon request, SOPREMA and anyone it hires shall have full and free rooftop access. Access shall be provided during regular business hours, and, if requested in advance, any other times.
6. This Warranty covers SOPREMA roofing products included in a properly designed and installed roof assembly that develops a roofing leak due to workmanship or a product manufacturing defect. The Warranty will provide Owner with a remedy when Owner follows the Warranty Claim Procedure (see Form 900) and the claim is validated by SOPREMA.
7. The Warranty also covers roofing leaks caused by wind with a speed less than 74 m.p.h. The wind speed warranty excludes damage where the cause includes any of the following: (a) primary or secondary structural components, (b) wood nailers or blocking and edge system components, (c) deck and deck fastening; (d) walls, doors, windows, openings and other building envelope components; (e) substrates that are deteriorated, rusted, rotted, deformed, weakened, crushed, compressed, or otherwise failed; (f) rooftop structures and/or equipment connected to, or supported by, the roofing or waterproofing system; (g) windborne debris; or (h) neglect or physical abuse.
8. Following are some examples of conditions and types of damage not covered by this Warranty:
 - a. The effects of lightning, fire, flood, acid rain, thermal shock, explosion, hail, seismic event, hurricane, tornado, or microburst.
 - b. Improper use, order, sequencing, storage or handling of materials or systems.
 - c. The lack of positive slope or inadequate drainage.
 - d. Inaccessible leaks concealed below rooftop equipment, overburden, and all other products applied to the roofing or flashing materials.
 - e. Failure to apply the roofing to a suitable substrate, or subsequent substrate failure.
 - f. Failure of roofing substrates or attachments.
 - g. A deficient pre-existing condition or any sources of water entry other than the roofing.
 - h. Building or substrate settlement, deflection, movement, vibration, or displacement.
 - i. The accumulation of moisture from condensation in or below the roofing.
 - j. Exposure to extreme temperatures or humidity, for example, from equipment, exhaust, steam, hot water, freezers, or cold storage.
 - k. Plants, animals, insects, or other living organisms.
 - l. Incompatible materials or substances.
 - m. Deliberate or negligent acts such as excessive traffic, rooftop storage, vandalism, misuse, or abuse.
 - n. Falling, flying, dropped, discharged or blown materials, objects or debris.
 - o. Change in building occupancy or rooftop usage.
 - p. Unauthorized or improper repairs or modifications.
9. This Warranty becomes a binding contract once it has been signed by both parties and all fees and expenses associated with the roofing project have been paid in full.
10. Temporary, emergency repairs to stop a leak may be made at Owner expense and will not void this Warranty, however it is Owner’s responsibility to pay the cost of removing any excessive repairs. Promptly after making emergency repairs, Owner is responsible for following the Warranty Claim Procedure (see Form 900).
11. SOPREMA’s failure to exercise or enforce any of its rights under this Warranty is not a waiver and does not preclude SOPREMA from exercising the same or any other right in the future. Owner’s failure to comply with any of the provisions of this Warranty applicable to it relieves SOPREMA of its obligations under this Warranty.
12. This Warranty is governed by and shall be construed and enforced in accordance with the internal laws of Ohio, without giving effect to any choice of law rules that may require the application of the laws of another jurisdiction. Any lawsuit by Owner that is related to the roofing or this Warranty, including the alleged breach of this Warranty, must be filed in either the Medina County, Ohio Court of Common Pleas or the U.S. District Court for the Northern District of Ohio. Owner irrevocably consents to the jurisdiction and venue of these courts.
13. In order for Owner to bring a lawsuit against SOPREMA, Owner must, as a condition precedent thereto, (a) have complied with all of the terms and conditions of this Warranty applicable to it, and (b) the lawsuit must be commenced within one (1) year after the cause of action accrues. Time is of the essence. The failure to satisfy either of these conditions precedent shall result in Owner’s claims being forever barred.
14. The terms of this Warranty are severable so that any illegal, invalid or unenforceable provision, if feasible, shall be modified so that it becomes legal, valid and enforceable, or if not so feasible, stricken, in either case without affecting the validity or enforceability of the remaining provisions.
15. This Warranty document (and the documents referred to herein) sets forth the entire agreement between SOPREMA and Owner with respect to the roofing. SOPREMA disclaims, and Owner waives, any affirmation of fact or promise not expressly stated in this Warranty that may have been made by SOPREMA or any of its employees, agents, representatives, or distributors.
16. The damages excluded by the terms of this Warranty include, but are not limited to, loss or reduction of profits, interruption of business, injury to or illness or death of people, animals or other living organisms, damage or loss caused by or attributable to indoor air quality (including, but not limited to, the presence or growth of mold, mildew or other similar substance in, on or about the roof assembly), or damage to or destruction of property, including the building or any of its contents, even if SOPREMA has been advised of the possibility, or even the likelihood, of any of these types of damages.
17. This Warranty may be transferred to a subsequent building owner upon compliance with the following requirements: (a) a transfer request is made in writing to SOPREMA’s Warranty Department, (b) at the time the request is made, SOPREMA is paid its then current transfer fee, and (c) you complete any repairs to the roof assembly or other building components that SOPREMA believes are necessary to preserve the watertight integrity of the roofing for the remaining term of this Warranty .

INTEGRITY FIRST

Roof Maintenance

Each year, millions of dollars are wasted on unnecessary roof replacement due to lack of maintenance. 90% of early roof failure is caused by lack of proper maintenance. Small leaks can cause extensive damage to the interior of your building as well as the roof system itself and may not be detected for some time. Regular maintenance can prevent unforeseen costs and extend the life of your roof by up to 30%.

The best way to extend the life of your roof is to perform regular inspections and maintenance. All roofing manufacturer's require regular inspections and maintenance to maintain coverage. Regular inspections can also prevent costly problems from causes that are not covered by the manufacturer guarantees; like damage from vandalism, damage done by other contractors on the roof, or structural deterioration. PSI offers one, three and five year warranties on your roof to take care of any outstanding problems not covered by the manufacturer.

When PSI Roofing performs your annual roof maintenance we can lock in your cost and provide a watertight leak free guarantee which will cover any repairs that are needed during the term of your maintenance program.

What PSI Roofing Can Do For You

PSI Roofing will perform a roof inspection and generate a survey report with preventative maintenance and recommended scope of work which will greatly prolong the life of your roof.

The weather and harsh elements in South Florida will wear on your roof system. PSI can provide solutions like applying a reflective coating or re-graveling bare areas, which will protect your roof from additional deterioration, therefore extending the life of your roof.

INTEGRITY FIRST

Waterproofing

Roof Waterproofing and Coatings

PSI Roofing helps its clients to tune-up their building envelope system to overcome the harsh elements and weather in Florida. PSI Roofing will protect and prevent your structure from potential damage and preserve the condition and value with waterproofing and coating solutions. Because of the extreme heat experienced in this area, roof systems contract and expand causing cracks and material shrinkage on the roof surfaces. PSI Roofing will be able to help minimize these problems by offering a variety of waterproofing and coatings to maintain, waterproof and extend the life of your roof.

Our solutions include waterproofing and coating systems with acrylic, urethane and silicone applications to include options with high reflectivity grade and Energy Star rated products which qualify for rebate programs, resulting in money back in our clients pockets.

Parking Decks, Masonry and Exterior Walls

PSI Roofing also provides waterproofing solutions for parking decks, especially those with occupied space below, such as roof-top parking, plaza, pool decks and solariums. We offer different finish choices to include the selection of color and various textures including anti-slip surfacing. We provide our clients with stucco masonry restoration and waterproofing; along with expansion and control joint scopes and building envelope sealing solutions.
