Digital Displays

Streamline government agency communication with robust, commercial-grade displays built for unwavering performance, security, and round-the-clock operation. Swiftly and securely broadcast urgent alerts, policy changes, and routine announcements.

- Ultra HD 3840 x 2160 resolution for clear communication of important messages
- Secure and flexible installation options support both landscape and portrait orientations
- Uniform bezels and HDMI connectivity allow for up to 9-screen tiling, perfect for large control rooms and situational awareness centers
- FREE vCast™ content sharing software provides secure streaming capabilities from any government-issued device, maintaining data integrity
- ViewSonic Manager™ and vController™ software offer an intuitive interface for secure remote management, ensuring compliance with government IT protocols
- Crestron Connected®, as well as Extron and AMX certified, for seamless integration and automated control

IDEAL FOR:

- **Lobbies**
- **Command and control centers**
- **Meeting rooms**
- **Hallways and walkways**

AVAILABLE MODELS:

- CDE30 series
- CDEUW series

AVAILABLE ACCESSORIES:

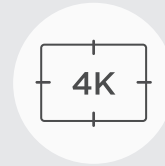

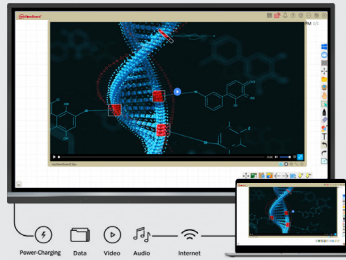

- TeamJoin™ TRS10 and TRS10-UB for secure Microsoft Teams Rooms integration
- VB-CAM-201 Zoom certified video conferencing camera
- VB-AUD-201 portable speakerphone
- EP1052T-L/A/H meeting room scheduler
- VB-WMK-003 wall mount
- VB-WPS-001 (USB-C) ViewBoard Cast™ button
- VB-WPS-003 (HDMI/USB-A) ViewBoard Cast™ button

ViewBoard® Interactive Displays

With ViewBoard interactive displays, ViewSonic® software, and optional Windows slot-in PCs for advanced functionality, we deliver a complete turnkey solution for agile collaboration spaces.

- Responsive touchscreen ideal for ideation and collaboration
- Integrated screencasting encourages content sharing
- Cloud-based files can be accessed, retrieved, and saved wherever you go
- Full line up of interactive displays for rooms of all sizes
- OS-less design on select models (IFPG1) significantly reduces cyber vulnerabilities and potential attack vectors
- IFPUW series features 21:9 ultrawide touchscreens

IDEAL FOR:

- **Meeting rooms**
- **Huddle spaces**

AVAILABLE MODELS:

- IFP50 series
- IFP52-1TAA series (TAA Compliant)
- IFP62 series
- IFPUW series
- IFPG1 series

AVAILABLE ACCESSORIES:

- VB-CAM-201 Zoom Certified video conferencing camera
- VB-AUD-201 portable speakerphone
- EP1052T-L/A/H meeting room scheduler
- VB-WMK-003 wall mount
- VB-WPS-001 (USB-C) ViewBoard Cast™ button
- VB-WPS-003 (HDMI/USB-A) ViewBoard Cast button
- TeamJoin™ TRS10 and TRS10-UB for Microsoft Teams Rooms

TAA-Compliant Digital Whiteboards

Solutions that are compliant with the Trade Agreements Act (TAA) are incredibly important for the high-performance computing industry where secure technologies and equipment are required. The ViewSonic ViewBoard IFP52-1TAA series of interactive flat panel displays are TAA-compliant and are ideal for collaboration in government and private sector environments, meeting rooms and huddle spaces.

- These displays can be purchased from GSA schedule holders by authorized agencies
- Crestron, Extron and AMX compatibility for simple and secure integration of large deployments within your existing AV network infrastructure
- Up to 33-point touch allows multiple users to simultaneously write or draw on the display's surface
- Palm recognition technology minimizes errant touch inputs from palms, wrists, sleeves, etc., so that users can write and annotate freely
- These professional-grade displays are designed for reliable use 16 hours a day, 7 days a week

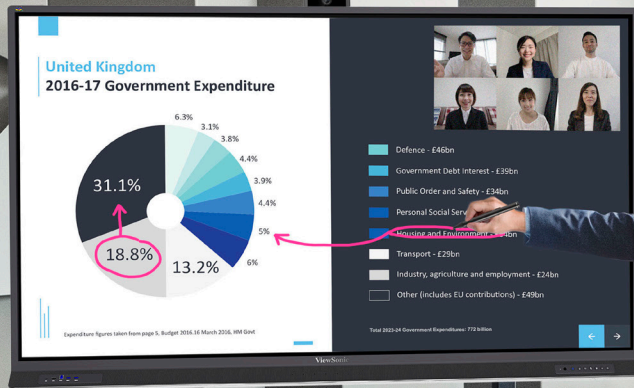

IDEAL FOR:

- **Conference rooms**
- **Training rooms**

AVAILABLE MODELS:

- ViewBoard IFP6552-1TAA 65" interactive display
- ViewBoard IFP7552-1TAA 75" interactive display
- ViewBoard IFP8652-1TAA 86" interactive display

TeamJoin™ Solutions for Microsoft Teams Rooms

ViewSonic® TeamJoin™ solutions for Microsoft Teams Rooms are engineered to provide seamless, intuitive collaboration while adhering to the exacting security and compliance standards essential for government settings. Whether you're hosting top-level meetings or collaborative sessions, our certified Microsoft Teams Rooms solutions elevate communication, foster teamwork, and promote inclusivity among geographically dispersed teams.

With a wide range of display technologies and screen sizes, ViewSonic TeamJoin provides a comprehensive, secure audio-visual collaboration experience, purpose-built for the needs of government agencies.

- Utilizes Intel® 12th Gen Core processors with TPM 2.0 for enhanced security and compliance with government regulations
- Tailored configurations include computing engines, touch consoles, and 4K video bar systems to meet the specific needs of different government departments
- One-stop solution that adapts to various room sizes from small huddle spaces to large meeting rooms, ensuring flexibility for future growth
- Quick deployment with minimal downtime, featuring intuitive controls that let users instantly start secure meetings
- Delivers crisp audio and video, essential for effective communication in high-stakes environments

IDEAL FOR:

- **Meeting rooms**
- **Secure communication centers**

AVAILABLE MODELS:

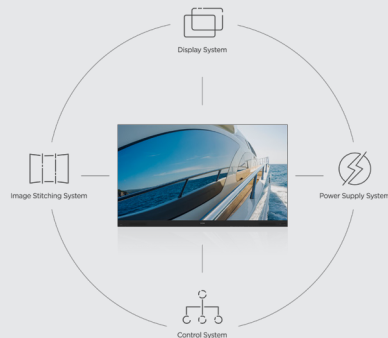

- TeamJoin TRS10 (includes computing engine and touch console)
- TeamJoin TRS10-UB (includes computing engine, touch console and 4K video bar system)
- MPC310-W31-TU computing engine
- MRC1010-TN touch console
- UMB202 4K video bar system

All-In-One Direct View LED Displays

ViewSonic® Direct View LED displays deliver flexible big-screen sizing and effortless installation in a single solution. Massive screens create an unparalleled platform to showcase mission-critical imaging in government control centers.

- All-in-one design includes LED tiles, AV hardware and software, power supplies, and cables
- Available in a variety of screen sizes – so you can simply pick a size that is right for your space
- Select models feature Glue-on-Board (GOB) surface treatment technology and IP54-rated LED modules that provide enhanced protection against collision, dust, and moisture — making them ideal for public spaces
- The ViewSonic® LDS135-153 Direct View LED Mobile Display is a perfect solution for multipurpose rooms and auditoriums thanks to an included flight case, mobile cart and convenient foldable 135" screen
- With 120% Rec. 709 color accuracy, up to 4,440Hz refresh rate, high brightness and a greater contrast ratio, these displays deliver jaw-dropping, lifelike color and stunning images

IDEAL FOR:

- **Command centers**
- **Large conference rooms/training rooms**
- **Public areas**

Digital Kiosks / ePosters

ViewSonic offers durable and versatile digital kiosks and ePosters specifically designed for government facilities. These all-in-one displays are built to withstand the rigors of bustling public spaces and provide a variety of configurations suitable for wayfinding directories, visitor check-in kiosks, and health and safety stations.

- Enhanced security features, such as lockable media player cradles, ensure safe operation in high-traffic public areas
- Choose between sleek single or double-sided designs, with options for touchscreen or non-touchscreen displays, to fit various government environments
- Powerful all-in-one SoC with built-in multi-core media player and 16GB storage, ideal for broadcasting important information or public service announcements
- Digital displays can be combined with hand sanitizing stations, promoting public health in government buildings

IDEAL FOR:

- **Lobbies**
- **Hallways and walkways**

AVAILABLE MODELS:

- EP1052T-L/A/H
- VSD243
- EP2410-B1, EP2410T-B1, EP2710-B1
- EP5542 / EP5542T

AVAILABLE ACCESSORIES:

- STND-042 kiosk stand
- STND-059 Health Flex stand

Digital Podium

myPodium™ ID2456 Interactive Display

We offer seamless conference room solutions to make meetings more engaging. Add interactivity to your presentations by pairing ViewSonic® myPodium™ ID2456 Interactive Displays with a projector or Direct View LED display.

- Advanced PCAP touchscreen with palm rejection and precision handwriting accuracy
- USB-C single cable plug-and-play for easy installation and up to 90W of charging power
- Cross-platform touch support for Windows, Android, ChromeOS and macOS
- A built-in ergonomic kickstand can be precisely adjusted through 55 degrees of tilt
- HDMI out for easy content mirroring to large screens

Ultrawide Monitors

With more screen real estate, our 21:9 ultrawide monitors let you display more content, switch between applications more quickly, view documents side by side, and view multiple windows at once.

- 21:9 ultra-wide screens with wide-angle panoramic viewing
- USB Type-C single cable integration for video, audio, data and up to 100W power delivery
- HDMI, DisplayPort, and USB hubs offer plug-and-play connectivity for PCs, laptops and other devices
- Integrated docking stations
- Windows Hello-certified models include IR integrated camera for convenient facial recognition and a safe, password-free, single user sign-on

IDEAL FOR:

- **Command center workstations**
- **Individual office stations**
- **All levels of government employees**

AVAILABLE MODELS:

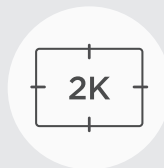

- VG3456a
- VG3456C
- VP3456a
- VP3881a
- VG3457CV

Productivity Monitors

Designed for busy government office environments, these monitors go beyond picture quality to boost work performance and productivity.

- Windows Hello-certified models include IR integrated camera for convenient facial recognition and a safe, password-free, single user sign-on
- With USB-C single-cable connectivity, RJ45 wired Ethernet connection and a USB hub for your accessories, there's no need for expensive docks
- Head-only SKUs feature two monitor heads without stands for quick deployment and lower TCO
- Paper-based packaging reduces landfill usage and lowers environmental footprint of government agencies
- Portable display options can double your screen space with just one USB-C cable that delivers video, audio, data and power

IDEAL FOR:

- **Individual office stations**
- **All levels of government employees**

AVAILABLE MODELS:

- VG2448a
- VG2455_56a_H2
- VG2756a-2K
- VG2457V
- VG2757V-2K
- TD1655
- VG1656-2K

Carbon Neutral Initiatives

As part of our commitment to achieving Net Zero emissions by 2050, ViewSonic prioritizes sustainability throughout our operations. This dedication is validated by SBTi Net-Zero approval and ISO 14064 certification, demonstrating our focus on reducing greenhouse gas emissions through our comprehensive carbon neutral initiatives. We excel in crafting energy-efficient products that ensure operational efficiency and environmental responsibility.

- ViewSonic offers EPEAT-certified products, meeting strict environmental standards across a product's entire lifespan. This ensures minimal environmental impact, from materials to disposal
- ViewSonic's energy-efficient products, with features like ENERGY STAR, use less power than traditional models, saving government agencies money and reducing environmental impact
- By selecting ViewSonic, government agencies demonstrate a commitment to both fiscal responsibility and environmental stewardship

A photograph of a modern, multi-story office building with a curved facade and large glass windows. The building is light-colored with dark window frames. Several tall palm trees are planted in front of the building. The sky is clear and blue. The ViewSonic logo is visible on the top left of the building.

ViewSonic

US-BASED, MINORITY-OWNED SMALL BUSINESS
