## FOR NEARLY FOUR DECADES,

ViewSonic has been a trusted partner for federal, state and local government agencies. Understanding the real-world needs of these organizations, we offer innovative visual solutions that foster collaboration, boost productivity, and ensure secure compliance with government regulations.

### SOLUTIONS

**ViewBoard® Interactive Displays:** Ranging in size from 55" to 110", our ViewBoard® interactive displays offer expansive touchscreens for collaboration, making them ideal for dynamic meeting sessions.

**Non-Touch Digital Displays:** Available in screen sizes ranging from 43" to 105", our CDE series of digital displays are built for unwavering performance, security, and round-the-clock operation.

**All-in-One Direct View LED Displays:** Choose from pre-configured models ranging from 135" to 216", or opt for a configurable design over 300" to perfectly fit your space. These displays offer exceptional brightness, clarity, and reliability for mission-critical imaging.

**Monitors:** With advanced ergonomic features, flexible display configurations, and future-proof connectivity options, ViewSonic monitors help to boost productivity, while easy deployment and eco-friendly packaging help to lower the total cost of ownership.

**Software:** Our robust software ecosystem empowers users to optimize their displays. TeamOne™ software streamlines collaboration by providing a shared digital workspace for in-person and remote teams. Tools like vCast™ deliver easy content sharing, while Manager™ provides efficient device management. Together, these solutions create a versatile platform that supports diverse needs.

## 135" Mobile Video Wall

The LDS135-153 Direct View LED mobile display is a 135" screen on wheels perfect for moving from location to location within government facilities such as control centers, training rooms and more.

## Configurable Video Wall

The LDC series of Direct View LED displays breaks free from traditional 16:9 constraints, allowing you to design and customize the perfect video wall for your specific needs.

## TeamJoin™ Solutions Certified for Microsoft Teams Rooms

Designed to deliver instant and intuitive collaboration without a complicated setup process, our Microsoft Teams Rooms certified solutions help to enhance communication, foster collaboration, and promote inclusivity among your diverse teams, regardless of location.

## Ultrawide Monitors

With more screen real estate, our 21:9 ultrawide monitors let you display more content, switch between applications more quickly, view documents side by side, and view multiple windows at once.

## Digital Podiums

We offer seamless conference room solutions to make meetings more engaging. Add interactivity to your presentations by pairing a ViewSonic® myPodium™ touch display with a ViewBoard® interactive display.
