

# COOPERATIVE PURCHASING

IT'S SO MUCH MOWER

## OVER 35 YEARS OF SERVICE TO THE PUBLIC SECTOR

Since 1969, Grasshopper has manufactured zero-turn mowers that are highly productive, supremely comfortable and easy to maintain. These fuel-efficient, environmentally friendly products provide easy operation, versatility and timesaving performance for municipalities, institutions, schools, universities, and state and national parks.

Grasshopper offers durable zero-turn mowers with gasoline or Clean Diesel engines with mid-mounted or out-front mowing decks. A full line of time-saving attachments and implements – vacuum collectors, turf aerators, dozer blades, edgers, rotary brooms, snowthrowers, sprayers and turbine blowers – are designed to reduce labor and costs.

Grasshopper mowers are fully compliant with federal engine emissions regulations, including CARB and EPA standards. Based in Kansas, Grasshopper is committed to lean manufacturing practices that reduce impact to the environment. The company has been recognized with the Pollution Prevention award by the Kansas Department of Health and Environment for manufacturing processes that limit raw material consumption and reduce waste.

THE INTERLOCAL PURCHASING SYSTEM

# COOPERATIVE PURCHASING

## IT'S SO MUCH MOWER

THE GRASSHOPPER COMPANY AND THE TIPS COOPERATIVE HAVE PARTNERED TO BRING CONTRACT SAVINGS AND EFFICIENCIES TO PUBLIC AGENCIES NATIONWIDE.

The Interlocal Purchasing System (TIPS), one of the Premier National Purchasing Cooperatives in the United States, has been serving public agencies since 2002. TIPS helps provide a quick and efficient delivery of the Grasshopper Company products and services, while maintaining procurement compliance.
