MORE THAN 40 YEARS OF AUDIOVISUAL TECHNOLOGY SOLUTIONS

THERE IS AN EASIER WAY TO PURCHASE

About Jay S. Stanley & Associates

We are the most experienced audiovisual systems integrator in Arkansas. Founded in 1985, we have provided audiovisual solutions for organizations all over our state including nearly every government agency and university. You will find our systems in the meeting, collaboration, and presentation spaces of Arkansas' most well-known organizations.

In more than 30-years of connecting presenters with audiences, we have developed extensive experience helping clients, in both the public and private sectors, deal with mandated procurement policies. While these procurement systems can be stressful and complex, they are important for transparency and for a competitive marketplace.

About TIPS

The Interlocal Purchasing System (TIPS), founded in 2002, allows you to use contracts that have already been bid and awarded by state agencies instead of starting the bidding/proposal process from scratch. This type of purchasing, called *cooperative purchasing* or *piggybacking*, provides the advantages of volume purchasing, reduces administrative costs, secures quick and efficient delivery of goods and services, and connects you with pre-qualified and high-quality vendors.

The TIPS program is free for you to join. It is funded by fees paid by participating vendors. These fees are then used to support educational organizations across the country.

Can Your Organization Use TIPS?

Procurement requirements vary a great deal. Your organization may be subject to rules and laws at the federal, state, local, or organizational levels. If you are not sure about rules and laws governing your organization, please contact one of the individuals listed below. Most entities with legislated purchasing/bidding requirements can participate; these include the types of organizations listed to the right.

- K-12 School Districts
- Charter Schools
- Private Schools/Daycares
- Private or Public Colleges & Universities
- Counties, Cities, and Municipalities
- Religious Organizations
- Charitable Organizations
- State & Federal Agencies
- Emergency Services Districts
