Overview

vCloud Tech was established in 2013 with the commitment to provide exceptional service to customers in all segments and verticals. Over the past few years, we have served almost 200 customers providing software license consulting services, and software solutions enabling our customers to virtualize applications, modernize applications, providing enterprise content management strategy, application security, data backup, and encryption. vCloud Tech provides robust IT solutions for Next-Gen software-defined computing, storage, and networks. Our core expertise is around cloud computing, management, software licensing, consulting, professional services, and native application development where we take out complexities and increase productivity.
