Overview

Beginning in 2015, Bright Thinker's curriculum was developed in both paper and digital forms to serve the most challenging students in K – 12th grades. Our solutions work well for advanced students and those in credit recovery and supplemental applications, too. Today, numerous alternative accountability charter schools in Texas including ISDs use our curriculum for core classes, making us a proven leader in student success.

Bright Thinker's customizable program allows students to work at their own pace. Moreover, the classwork is catered to different learning styles, so the curriculum is always challenging, stimulating, and beneficial. Bright Thinker's precision, the mastery-based learning system is engineered to build on a student's strengths in a modern, engaging fashion. The dynamic program uses multi-media tools, a cutting-edge curriculum, and a personalized approach. Bright Thinker offers a true academic accelerator, with dynamic media-rich, eCurriculum or print material in the core and elective subjects. We automate the teacher's ability to accelerate the student's particular learning style. Through the customization features, Bright Thinker can be adapted to fit the needs of each learning style and address learning gaps in real time. The adaptable program can monitor a student's progress, identify learning needs, and track mastery of their skills. With both online and printed materials in core and elective subjects, BrightThinker's curriculum fills in learning gaps by using a student's strengths to address the student's weaknesses. Bright Thinker provides customized Professional Development options to ensure that users are confident with the platform. I.Q. learning Helps students be challenged and stay engaged using modern learning tools that allow advanced students to work at their own pace.
