Overview

Today, Verkada is the leading physical security platform to protect people, assets and privacy. Designed with simplicity in mind, Verkada's six product lines - video security cameras, access control, environmental sensors, alarms, visitor management, and mailroom management - provide unparalleled visibility of building security through an integrated, secure cloud-based software platform. Organizations worldwide trust Verkada as their physical security layer for easier management, intelligent control, and scalable deployments. At Verkada, we believe software is the key to modernizing security infrastructure. By building our solution from the ground up, we're able to use the latest and most secure technology standards to protect people, assets, and privacy.
