Overview

HAT creates human-centered products that enable seamless interactions between people and technology. Our thoughtfully designed solutions adapt to the individual and provide healthier, more productive experiences. In 1986, Innovative Office Products was launched as a provider of ergonomic, space-saving solutions to promote a healthy working lifestyle. This family-owned operation grew into a global company, creating design innovations for monitor arms, tablet mounts, POS systems, and sit-stand desks. Innovative Office Products acquired HAT Contract and Sis Ergo and became Human Active Technology.
