Overview

Anonymous Alerts® patented anti-bullying app helps combat bullying and other negative activity in schools by empowering students to come forward to help themselves and other students. Social and peer pressures are some of the hardest obstacles for students to overcome, and now they can report bullying and safety issues quickly using Anonymous Alerts®. Students or parents in the school community can anonymously submit suspicious activity, safety threats, bullying, drug abuse, depression, harassment, family issues and self-harm issues to school administrators or counselors. Students can establish 1-way or anonymous 2-way communications® with a school official about an incident. The Anonymous Alerts® mobile app is available for free to download from the Apple Store, Google Play store, and the Chrome store.

Smart Button® is an innovative safety panic button escalation app connecting K-12 Schools with triage team(s) and/or law enforcement in real-time during a crisis / emergency situation.

- Panic Button alerts for Mobile and Desktop Devices
- During urgent situations, faculty/staff can press the app's panic button
- Real-time email/text alerts sent to emergency response teams
- All staff on campus with the app can be notified about the emergency
- 2-way Secure Chat System for faculty and staff
- Send and Receive Emergency Broadcast Notifications
- Faculty & Staff can view Emergency Plans, Protocols, and Procedures
- Reverse lockdown, shelter-in-place, and more capabilities
- Reunification of staff

K12 alerts® patented mass communications service is built from the ground up for schools and higher education. K12 Alerts' patented grouping technology makes it easy to create unique groups by school, grade or other criteria for instant group creation. The K12 Alerts® emergency notifications system provides you with real-time sending of voice, email, and/or text messages. Reduce administration costs with automated attendance and low lunch balance calls
