Overview

Complete Computing, Inc. was established in 1982 and is the oldest and largest LAN integrators in Arkansas. We have been, and continue to be, Arkansas owned and have built our reputation on providing the best value to our customers throughout our 35 year history. Located in Little Rock Arkansas, Complete Computing is both a Certified Microsoft Partner and a Certified Technical Education Center (CTEC) for Microsoft. These credentials require that we not only have Microsoft Certified System Engineers (MCSE) on staff, but add the requirement of having Microsoft Certified Trainers (MCT) on staff which in itself is a much more stringent certification process. We hold many other industry certification including being a WatchGuard Expert Partner, Barracuda Diamond Level Partner, and Hewlett Packard Enterprise Premier Partner for HP Networking and Hewlett Packard Personal/Printer Systems.. We realize that just because we hold the credentials and certifications to take care of our customers, the real proof is in our actions. For over 35 years we have sold, installed, serviced, and supported our customer's technical needs from the individual to some of the largest networks in our state.
