Overview

En-Net is a full service IT solutions provider of computer hardware, software, networking equipment, cabling, infrastructure, supplies and maintenance services to public sector entities. En-Net's partnerships with industry leading manufacturers enable us to create turnkey solutions, have access to in depth resources and provide the technical capabilities required to deliver solutions that meet the exact specifications and IT budget for each customer. En-Net is focused on providing Public Sector (US Federal, State and Local Governments and Education) Institutions with state-of-the-art solutions designed to enhance the security and efficiency of their information systems. En-Net offers complete hardware, software and cabling solutions, as well as full integration, installation and warranty services. En-Net has serviced and supported a vast array of accounts. Since En-Net primarily supports public sector accounts, we have a strong understanding of how the business cycle works for State and Local Government as well as K-12 and Higher Education customers. Established in 1996, En-Net Services has built long term relationships by pursuing one common goal: Provide high quality products and services at exceptional value with unparalleled customer service. En-Net is a certified Maryland Small Business reserve with vehicles and/or subcontracting partnerships to meet all contracting requirements. En-Net prides itself on ensuring that customers receive efficient and courteous assistance throughout the entire sales cycle from a dedicated account manager who can help assess existing infrastructures and recommend the best solution.
