Overview

Proctor360 Inc. is an online proctoring services and SaaS company. Proctor360 operates as a proctoring “swiss army knife” for clients, offering the largest range of proctoring services to meet exam delivery needs. Our offerings provide educational institutions, organizations, and certifying entities with means to securely deliver remote proctored assessments.

Proctor360’s services operate as a stand-alone system and can integrate with an organization’s Learning Management System (LMS) if requested, leveraging Single-Sign-On (SSO) to provide ease of use for both faculty and students. Our service options range from high-stake live proctoring (using our 360° Camera technology) to our Software-as-a-Solution (SaaS), Institutional Proctoring, where institutions use Proctor360’s platform and provided training to proctor test candidates using in-house staff and testing resources.

All Proctor360 proctoring services are available as a stand-alone service for any TIPS members. If the TIPS member is an educational institution, our system can be integrated with their LMS, providing instructors with a simple setup and scheduling process.

Our four (4) proctoring options are listed below:

- 1. 360 Total View Live Proctoring*
- 2. Webcam Live Proctoring*
- 3. AI Proctoring with Human Intervention*
- 4. Full AI Proctoring*

For more information on the proctoring options and SaaS solution, please contact our sales team.
