TX

Overview

Our company roots date back to the 1880s. TXU Energy is the largest Retail Electric Provider (REP) in ERCOT, with almost 1.7 million residential, commercial, municipal and industrial customers. TXU Energy powers the lives of more Texans than any other electricity provider, making us the #1 choice for electricity in Texas. TXU Energy's brand recognition and value proposition have kept it a market leader since the power markets were deregulated in Texas in 2001. Exceptional service models have been designed for all customer classes served by TXU Energy, including a unique level created especially for larger clients. Due in part to its affiliation with Luminant Energy, TXU Energy offers service and product capabilities demanded by the largest and most sophisticated consumers in ERCOT.
