Overview

Johnson Controls is best described as a manufacturer and service provider with an extensive network of sales and service branches that are 100% company owned. Through our award-winning digital technologies and services, we are transforming building data into healthier, more sustainable and better performing buildings. The branch network is made up of a network of 160 offices throughout North America (including Canada) and is comprised of expert local resources that are employed directly by Johnson Controls and have experience serving customers in every market vertical. Our branch locations and staff specialize in the provision of equipment, installation, and service for ESPC project solutions, HVAC, security, and fire.

Furthermore, these local branches are supported by Johnson Controls Sustainable Infrastructure's team of nationally based energy efficiency professionals dedicated to implementing ESPC contracts for thousands of customers spanning the K-12, higher education, federal, local and state government, public housing, and healthcare markets. Johnson Controls has the knowledge, expertise and experience with similar projects to develop a successful long-term sustainability partnership with each TIPS member seeking an ESPC solution. This is accomplished through our branch network that mobilizes best in class local contractors and engineering firms best suited for the proper execution of customer projects.

As an ESPC service provider, Johnson Controls offers: end-to-end ESPC solutions, EAAS solutions, PPA solutions, HVAC Equipment; Controls; Air Systems; Chilled Water Systems; Ductless & VRF Systems; Packaged & Split DX Systems; Building Systems, Services & Solutions (including Smart Connected Solutions, Energy Management, and Performance Infrastructure); Building Automation Systems; Building Wide Systems Integration; Optimization & Retrofit Services; Energy Storage; LED Lighting, Lighting Controls & Retrofit; Building Services & Parts; Operational Intelligence & Asset Protection; Integrated Security & Fire, Life-Safety & Hazard Protection
