Overview

Executive Summary

Millennium Communications Group Inc. provides advanced communication infrastructures utilizing fiber optics and integrated technology solutions across the public and private sectors. We will develop a technology solution that addresses key business challenges, leverages emerging technologies, and enhances operational efficiencies. We eliminate the need for multiple vendors and contractors by handling every aspect of building your network. From preliminary budgeting and design, to building and final acceptance, we provide a full end-to-end solution that will meet and exceed your needs. From planning to perfection, we are your single point of contact for endless possibilities.

For Schools:

Millenniums school solutions use fiber based solutions to create an ideal learning environment for students and staff. With our expertise and forwarding thinking we can create a solutions package that will allow your organization to grow into the future.

For Businesses:

Millennium's business solutions combine fiber optic infrastructures with innovative networking equipment. We design technology solution to address your key business challenges and reduce your overall costs, while enhancing operational efficiencies.

State and Local Government:

Millenniums first began in the state and local government space making us very well versed in what solutions will enhance and protect your community. We specialize in the design, deployment, and maintenance of communication networks for state and local government. We offer broad IT and Security solutions that combine fiber optic infrastructures with innovative networking equipment. We understand how to keep operations, expansion and flexibility at the heart of our designs.

Vision:

Our vision is nothing less than providing the most advanced telecommunication networks – working to close the connectivity gap across the nation – steering our communities into the future creating a new era of development, growth, and productivity.

1. Be leaders and experts in the telecommunication field.
2. Have passion for our work.
3. Learn. Educate. Innovate.
