Overview

XtraMath is pleased to offer TIPS members a 10% discount on an XtraMath Premium license when purchased through TIPS!

XtraMath is an online math fact fluency paid subscription program that helps students develop quick recall and automaticity of their basic math facts.

XtraMath automatically generates individual practice sessions based on regular assessments of each student's progress, saving teachers time while helping students meet grade-level standards.

During the term of the paid Premium license, licensed teachers can assign an individualized experience for each student or the whole class, beyond the grade-level default programs of the free version. License administrators can monitor teacher usage and student progress, including receiving regular weekly reports.
