Overview

FlipLok is an ADA-approved, anodized commercial lock that can resist forces up to 2,500 lbs. With no further effort needed, the mechanism is designed to flip down and lock automatically. Its purpose is to guarantee the security of diverse organizations, from child learning centers and private schools to safety markets and researchers. Flip Lok also provides 3M ULTRA 800 security film to fulfill safety requirements better. This film is designed to bind shattered glass fragments and avoid any potential injury or property destruction. They integrate Flip Lok's products with existing security systems and provide a unified and efficient security infrastructure.
