### Overview

*FacilitiesConnect is a consulting firm that specializes in the Cooperative facilities and construction industry. We provide agencies with peace of mind through cooperative contracts. Our focus is on assisting local suppliers in obtaining their own cooperative contract via publicly solicited Cooperative RFP's or other similar types of procurement. By referring them to us, you can ensure that they receive the same TIPS discount that we offer you. We can also help suppliers acquire contracts so that you have access to them under a cooperative contract.*

*In addition to cooperative contract assistance, we also help agencies with vendor pre-qualification, cooperative contract review, cooperative statutes review and assessment, and pricing compliance utilizing RS Means and Exactimate for third-party verification. This third-party verification ensures that suppliers' pricing aligns and is in compliance with the proposals they submit.*

*Other FacilitiesConnect's services include inspection and consulting in disaster response, investment-grade audits, energy savings projects, general contracting projects, roofing, HVAC, indoor air quality, paving, turf, sports surfaces, lighting, sports lighting, fencing, and locker room/restroom renovations, environmental services as well as sanitizing equipment.*

*Lastly, FacilitiesConnect provides research-backed workplace and individual assessments, Executive Coach Performance Consulting and Human Resources tools to understand how to hire and retain best fit employees.*
